1. Overview

ManoMano Integration developed by CedCommerce provides you the complete integration solution that offers an opportunity of selling your Magento store products on the ManoMano marketplace.

This solution enables you to synchronize the inventory, price, and other product details between the Magento store and the ManoMano marketplace. It helps you to smoothly create the ManoMano attributes on the Magento store. Hence, it enables you to establish a mapping of the desired product attributes on the Magento store for the submission of the selected product to the same attributes on the ManoMano marketplace.

This extension provides you the facility to send the Magento store Product Breadcrumbs to the ManoMano marketplace to assign it to the desired category of the ManoMano.

It enables the Magento store owner to manage the ManoMano orders in the Magento stores without making any significant changes in the operational functionalities.

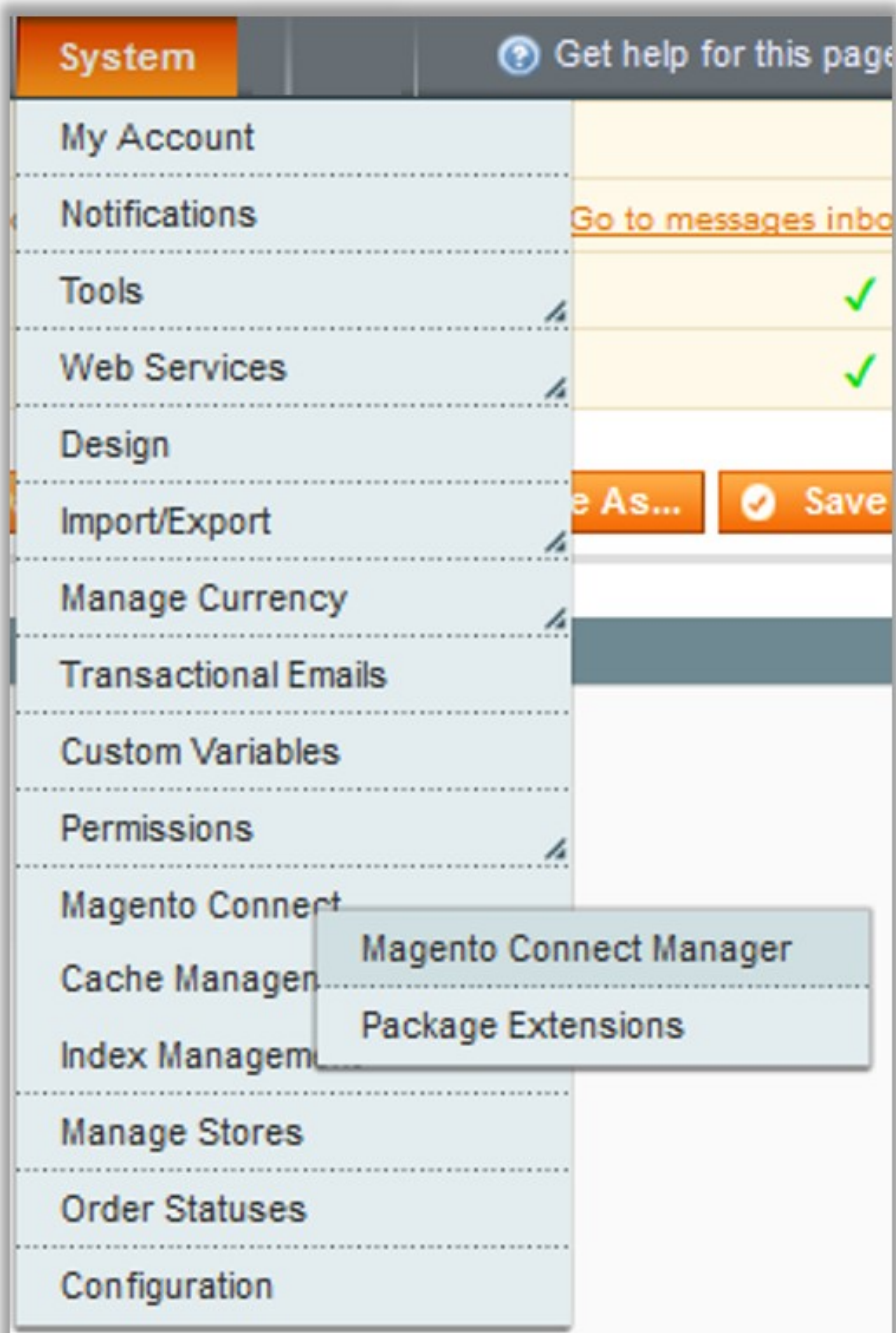

Key Features are as follows:

- **Profile Based Products Upload:** The Magento store owner can create a profile, map the ManoMano attributes to the Magento store attributes. Then, after assigning the product to the profile can easily upload the product to ManoMano.
- **Email Notifications:** Whenever a new order is fetched from the ManoMano marketplace, or whenever Stock diminishes lower than the threshold.
- **Auto Acknowledgement of Order:** Store Owner receives an acknowledgment of Orders automatically as soon as orders are placed on the ManoMano marketplace.
- **Bulk Upload System:** Store Owner has the flexibility to upload any number of products on the ManoMano marketplace using the bulk product upload feature.
- **Automated Synchronization:** Auto synchronization of the product listing, order, inventory, refund, and pricing at regular intervals is established between Magento store and the ManoMano marketplace.
- **Automated Shipment Process:** Store owner can automate the shipment process with Shipstation, Shipwork, Stamps.com, Linnworks, Xtento, Shiprush.
- **Refund:** Enables store owner to avail hassle-free and easy refund facility.
- **Product Data Validation:** The extension enables validating the product information in accordance with ManoMano standard and values.
- **Simple and Configurable / Variant product upload:** Store owner can upload the simple and configurable type of Magento store product on the ManoMano marketplace.

2. ManoMano Integration Extension Installation

To install the extension

1. Go to the **Magento Admin** panel.
2. On the top navigation bar, point to the **System** menu.
The menu appears as shown in the following figure:

3. Point to the **Magento Connect** menu, and then click **Magento Connect Manager**.
The page appears as shown in the following figure:

The screenshot shows the Magento Connect Manager interface. At the top, there's a header with the logo and navigation links for 'Extensions' and 'Settings'. Below this, the 'Settings' section is active, showing options to put the store in maintenance mode and create a backup. The 'Install New Extensions' section follows, with instructions to search for modules via Magento Connect or paste an extension key. Below that is the 'Direct package file upload' section with a file upload button. The 'Manage Existing Extensions' section is at the bottom, showing a table of installed extensions and buttons for 'Check for Upgrades' and 'Commit Changes'.

Settings

☒ Put store on the maintenance mode while installing/upgrading/backup creation

☐ Create Backup Database

Install New Extensions

1 Search for modules via [Magento Connect](#).

2 Paste extension key to install: **Install**

Direct package file upload

1 Download or build package file.

2 Upload package file: No file selected. **Upload**

Manage Existing Extensions **Check for Upgrades**

Channel: **Magento Community Edition** **Commit Changes**

Clear all sessions after successful install or upgrade: ☐

Package Name	Installed	Actions	Summary
Cm_RedisSession	1.9.2.4 (stable)	<input type="button" value="v"/>	Redis session
Interface_Adminhtml_Default	1.9.2.4 (stable)	<input type="button" value="v"/>	Default interface for Adminhtml
Interface_Frontend_Base_Default	1.9.2.4 (stable)	<input type="button" value="v"/>	This is a Magento themes base
Interface_Frontend_Default	1.9.2.4 (stable)	<input type="button" value="v"/>	Default interface for Frontend

4. Scroll down to the **Ced_ManoMano** Package.
5. In the **Actions** column, select the **Install** option from the list.
6. Click the **Commit Changes** button.

Auto-scroll console contents screen appears and the extension is installed after the process.

3. ManoMano Configuration Settings

Once the extension is successfully installed in the Magento store, the **ManoMano** menu appears on the top navigation bar of the Admin Panel. The merchant has to first create a seller account in the ManoMano seller panel.

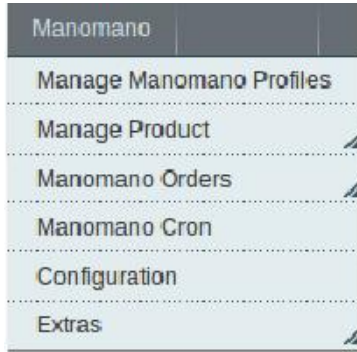

To create a seller account, the store owner (admin) has to send an introductory email to the seller.services@manomano.co.uk email id with respect to the seller company. After assessment of the seller request and the possibility of a partnership, ManoMano proceeds further for the next step.

Once the seller account is created and is approved by ManoMano, they provide the username and password of the seller account to the admin. The Magento store owner can use the **ManoMano Username** and **Password**

while setting up the ManoMano Configuration settings in the Magento Admin panel.

To set up the configuration settings in the Magento Admin panel

1. Go to the **Magento Admin** panel.
2. On the top navigation bar, point to the **Manomano** menu.
The menu appears as shown in the following figure:

3. Click **Configuration**.
The **Manomano Configuration** page appears as shown in the following figure:

4. Click the **Manomano API Settings** tab.
The tab is expanded and the corresponding fields appear as shown in the following figure:

Manomano Api Settings		
Enabled	Yes	[WEBSITE]
User ID	Cedcommerce	[GLOBAL]
Password	katish_ododo	[GLOBAL]
Choose Default Payment Method for Manomano Orders	--Please Select--	[GLOBAL]
Store Admin Email Id		[GLOBAL]
<small>▲ Get Email When New Manomano Order Imported.Example: owner@example.com</small>		
Manomano Debug Mode	No	[GLOBAL]
<small>▲ Enable Manomano Debug Mode for Logging.</small>		
Manomano Customer Email		[GLOBAL]
<small>▲ Enter the Email for which customer will be created for Manomano Orders.</small>		
Manomano Order ID Prefix		[GLOBAL]
<small>▲ Manomano OrderId Prefix (Ex WM-)</small>		
Manomano Product Identifier Override	No	[GLOBAL]
<small>▲ Manomano Product Identifier Override (Enable it Incase you want to change a UPC/GTIN of any product previously uploaded on Manomano)</small>		

5. Under **Manomano API Settings**, do the following steps:

- In the **Enabled** list, select **Yes** to enable the Manomano Integration extension.
- In the **User ID** box, enter the Username provided by ManoMano.
- In the **Password** box, enter the Password provided by ManoMano.
- In the **Choose Default Payment Method for Manomano Orders** list, select **Manomano Orders**.
- In the **Store Admin Email Id** box, enter the required email Id.
- In the **Manomano Debug Mode** list, select **Yes** to start ManoMano Integration in the debug mode.
It captures the log for the debug process.
- In the **Manomano Customer Email** box, enter the required email Id used for the orders requested by the ManoMano customers.
- In the **Manomano Order ID Prefix** box, enter the required prefix value.
For instance, enter **MN-** for **MN-10001**.
- In the **Manomano Product Identifier Override** list,

6. Click the **Save Config** button to save the API settings.

7. Click the **Manomano Product Global Settings** tab.

The tab is expanded and the relevant fields appear under the **Manomano Product Global Settings** section as shown in the following figure:

8. Under **Manomano Product Global Settings**, do the following steps:

- In the **Select Store** list, select the single store.
- In the **Manomano Swatches** list, select **Yes** to enable Swatch Images for Manomano.
- Click the **Add Rules** button next to the **Shipping Settings** field to set the shipping region and shipping method charges.

The Grid appears as shown in the following figure:

- In the **Enabled** list, select **Yes** to enable the rule.
- In the **Region** list, select the required region.
- In the **Method** list, select the required method.
- In the **Magento Attribute Code** list, select the required code.
- Click the **Add Rules** to add more rules if required.
- To delete the rule, click the corresponding **Delete** button.

9. Click the **Save Config** button to save the entered values.

10. Click the **Manomano Product Advanced Price Settings** tab.

The tab is expanded and the relevant fields appear as shown in the following figure:

Manomano Product Advanced Price Settings		
Manomano Product Price	<div>Default Magento Price</div> <div>▲ Select to send different product price to manomano.com</div>	[GLOBAL]
Fulfillment Lag Time	<div></div> <div>▲ Enter Fulfillment Lag Time for products on Manomano</div>	[GLOBAL]

11. Under **Manomano Product Advanced Price Settings**, do the following steps:
 - a. In the **Manomano Product Price** list, select one of the following options:
 - **Increase by Fixed Price:** If selected, then the **Enter Amount** field appears.
 - **Increase by Fixed Percentage:** If selected, then the **Enter Percentage** field appears.
 Enter the numeric value to increase the price of the Manomano, product price by the entered value % of Magento price
For Example,
 Magento price + 5% of Magento price.
 Magento Price = 100
 Select **Increase By Fixed Percentage** option
Enter Percentage = 5
 $100 + 5\% \text{ of } 100 = 100 + 5 = 105$
 Thus, Manomano Product Price = 105
 - **Decrease by Fixed Price:** If selected, then the **Enter Amount** field appears.
 - **Decrease by Fixed Percentage:** If selected, then the **Enter Percentage** field appears.
 Enter the numeric value to decrease the price of the Manomano product price by the entered value % of Magento price.
For Example,
 Magento price – 5% of Magento price.
 Magento Price = 100
 Select **Decrease By Fixed Percentage** option
Enter Percentage = 5
 $100 - 5\% \text{ of } 100 = 100 - 5 = 95$
 Thus, Manomano Product Price = 95
 - b. In the **Fulfillment Lag Time** box, enter the required value.
 Enter the numeric value for the fulfillment lag time in the number of days or in minutes as required.
12. Click the **Save Config** button to save the entered values.
13. Click the **Manomano inventory rules** tab.

The tab is expanded and the relevant fields appear as shown in the following figure:

Manomano inventory rules		
Send Inventory on the Basis of Threshold	<div>No</div> <div></div>	[GLOBAL]

14. Under **Manomano inventory rules**, do the following steps:
 - a. In the **Send Inventory on the Basis of Threshold** list, select **Yes** to send the inventory based on the threshold.
Note: Only when the admin selects **Yes**, the other fields appear. Threshold Inventory is the minimum count of an item that the store owner wants to keep in stock.
 The section appears as shown in the following figure:

Manomano inventory rules		
Send Inventory on the Basis of Threshold	Yes	[GLOBAL]
Inventory Threshold Value		[GLOBAL]
▲ Set inventory quantity on which lesser and greater condition can control.		
Send Inventory for Lesser Than Threshold Case		[GLOBAL]
▲ Send Quantity to Manomano for those products, whose inventory is LESSER than the inventory threshold.		
Send Inventory for Greater Than Threshold Case		[GLOBAL]
▲ Send Quantity to Manomano for those products, whose inventory is GREATER than the inventory threshold.		

- b. In the **Inventory Threshold Value** box, enter the required value.
 - c. In the **Send Inventory for Lesser Than Threshold Case** box, enter the required value.
 - d. In the **Send Inventory for Greater Than Threshold Case** box, enter the required value.
 15. Click the **Save Config** button to save the entered values.
 16. Click the **Cron Settings** tab.
- The tab is expanded and the relevant field appears under the **Cron Settings** section as shown in the following figure:

Cron Settings		
Cron Settings Override	No	[WEBSITE]
Enable Order Cron	Yes	[WEBSITE]
▲ Order Cron Enable/Disable		
Enable Inventory Cron	Yes	[WEBSITE]
▲ Inventory Cron Enable/Disable		
Enable Price Cron	Yes	[WEBSITE]
▲ Price Cron Enable/Disable		

17. Under **Cron Settings**, do the following steps:
 - a. In the **Cron Settings Override** list, select **Yes** to enable the cron settings.
- Note:** Only when the admin selects **Yes**, the Order Cron, Product Inventory Update Cron, and Product Price Update Cron fields appear as shown in the following figure:

Cron Settings		
Cron Settings Override	<input type="text" value="Yes"/>	[WEBSITE]
Enable Order Cron	<input type="text" value="Yes"/> <small>▲ Order Cron Enable/Disable</small>	[WEBSITE]
Order Cron	<input type="text" value="*/10 * * * *"/> <small>▲ Please Enter number in minutes for execute cron</small>	[GLOBAL]
Enable Inventory Cron	<input type="text" value="Yes"/> <small>▲ Inventory Cron Enable/Disable</small>	[WEBSITE]
Product Inventory Update Cron	<input type="text" value="*/12 * * * *"/> <small>▲ Please Enter number in minutes for execute cron</small>	[GLOBAL]
Enable Price Cron	<input type="text" value="Yes"/> <small>▲ Price Cron Enable/Disable</small>	[WEBSITE]
Product Price Update Cron	<input type="text" value="0 0 * * *"/> <small>▲ Please Enter number in minutes for execute cron</small>	[GLOBAL]

- b. In the **Enable Order Cron** list, select **Yes** to enable the order cron.
 - c. In the **Order Cron** box, enter the required value in minutes to execute the Order cron.
 - d. In the **Enable Inventory Cron** list, select **Yes** to enable the order cron.
 - e. In the **Product Inventory Update Cron** box, enter the required value in minutes to execute the Inventory cron.
 - f. In the **Enable Price Cron** list, select **Yes** to enable the order cron.
 - g. In the **Product Price Update Cron** box, enter the required value in minutes to execute the Price cron.
18. Click the **Save Config** button.

4. Manage Manomano Profiles

Admin can create a new profile and assign the required products to the profile. While creating and editing the profile, admin can map the Magento attributes to the ManoMano attributes. These attributes are applicable to all the products that are assigned to the profile.

Admin can do the following tasks:

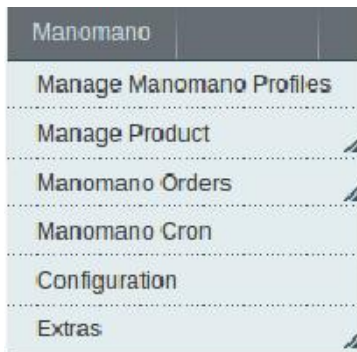

- Add new profile(<https://docs.cedcommerce.com/magento/manomano-magento-integration-guide-0-0-1?section=add-a-new-profile-14>)
- Edit the existing profile(<https://docs.cedcommerce.com/magento/manomano-magento-integration-guide-0-0-1?section=delete-the-profiles-10>)
- Delete the profiles(<https://docs.cedcommerce.com/magento/manomano-magento-integration-guide-0-0-1?section=delete-the-profiles-10>)
- Change the Status of the Selected Profiles(<https://docs.cedcommerce.com/magento/manomano-magento-integration-guide-0-0-1?section=change-the-status-of-the-selected-profiles-5>)
- Manage the Product Assigned to the Profile(<https://docs.cedcommerce.com/magento/manomano-magento-integration-guide-0-0-1?section=change-the-status-of-the-selected-profiles-5>)

magento-integration-guide-0-0-1?section=manage-products-23)

4.1. Add A New Profile

To add a new profile

1. Go to the **Magento Admin** panel.
2. On the top navigation bar, point to the **Manomano** menu.
The menu appears as shown in the following figure:

3. Click the **Manage Manomano Profiles** menu.
The **Manage Profile Listing** page appears as shown in the following figure:

Manomano Profile Listing					Add New Profile
Page 1 of 1 pages View 20 per page Total 3 records found					Reset Filter Search
Select All Unselect All Select Visible Unselect Visible 0 items selected					Actions Submit
ID	Profile Name	Status	Total Item	Action	
Any					
<input type="checkbox"/>	3 Test Profile 1	Active	0		
<input type="checkbox"/>	4 Test Profile 2	Active	3		
<input type="checkbox"/>	5 Test Config 1	Active	2		

4. Click the **Add New Profile** button.
The page appears as shown in the following figure:

Profile Information Profile Info Manomano Category Mapping Profile Products	Add Manomano Profile Back Reset Save Save and Continue Edit Save and Upload Product
	Profile Information Profile Code * <input type="text"/> <small>▲ For internal use. Please use only letters (a-z), numbers (0-9) or underscore(_) in this field, first character should be a letter</small> Profile Name * <input type="text"/> <small>▲ Give some name to profile to identify them</small> Status * <input type="text" value="Inactive"/> <small>▲ Make active to enable the profile</small>

5. In the right panel, under **Profile Information**, do the following steps:
 - a. In the **Profile Code** box, enter a profile code.
Note: It is only for the internal use. Use the unique profile code with no spaces. Start with small letters.
 - b. In the **Profile Name** box, enter the name of the profile.

Note: Use the unique name to identify the profile.

c. In the **Status** list, select **Active** to enable the profile.

Note: The Inactive option disables the profile.

6. Click the **Save and Continue** button.

7. In the left navigation panel, click the **Manomano Category Mapping** menu.

The page appears as shown in the following figure:

The screenshot displays the 'Add Manomano Profile' interface. On the left is a navigation menu with 'Profile Information', 'Profile Info', 'Manomano Attributes Mapping', and 'Profile Products'. The main area is titled 'Add Manomano Profile' and includes buttons for 'Back', 'Reset', 'Save', 'Save and Continue Edit', and 'Save and Upload Product'.

The first section is 'Manomano / Magento Attribute Mapping (Required/Optional mapping)'. It contains a table for mapping Manomano attributes to Magento catalog attributes. The table has four columns: 'Manomano Attribute', 'Magento Catalog Attribute', 'Default Value', and 'Action'. The 'Manomano Attribute' column lists various attributes like 'sku', 'sku_manufacturer', 'manufacturer', 'ean', 'title', 'description', 'product_price_vat_inc', 'shipping_price_vat_inc', 'quantity', 'brand', 'merchant_category', 'product_url', 'image_1', 'retail_price_vat_inc', 'product_vat_rate', 'shipping_vat_rate', 'manufacturer_pdf', 'ManufacturerWarrantyTime', 'carrier', 'shipping_time', 'use_grid', 'carrier_grid_1', 'shipping_time_carrier_grid_1', 'DisplayWeight', 'carrier_grid_2', 'shipping_time_carrier_grid_2', 'carrier_grid_3', 'shipping_time_carrier_grid_3', 'carrier_grid_4', 'shipping_time_carrier_grid_4', 'carrier_grid_5', and 'shipping_time_carrier_grid_5'. The 'Magento Catalog Attribute' column lists corresponding Magento attributes like 'sku', 'manomano_sku_manufacturer', 'manomano_manufacturer', 'manomano_ean', 'name', 'description', 'price', 'manomano_ship_price_vat_inc', 'manomano_quantity', 'manomano_prod_brand', 'manomano_merchant_cat', 'url_path', 'image', 'manomano_retail_price', 'manomano_product_vat_rate', 'manomano_shipping_vat_rate', 'manomano_manufacturer_pdf', 'manomano_warranty_time', 'manomano_carrier', 'manomano_shipping_time', 'manomano_use_grid', 'manomano_carrier_grid_1', 'manomano_ship_carrier_grid_1', 'manomano_weight', 'manomano_carrier_grid_2', 'manomano_ship_carrier_grid_2', 'manomano_carrier_grid_3', 'manomano_ship_carrier_grid_3', 'manomano_carrier_grid_4', 'manomano_ship_carrier_grid_4', 'manomano_carrier_grid_5', and 'manomano_ship_carrier_grid_5'. The 'Default Value' column is empty, and the 'Action' column has a plus icon for each row. An 'Add Attribute' button is at the bottom right of this section.

The second section is 'Manomano / Magento Attribute Mapping (Variant Attribute Mapping)'. It contains a table for mapping Manomano attributes to Magento catalog attributes. The table has three columns: 'Manomano Attribute', 'Magento Catalog Attribute', and 'Action'. The 'Manomano Attribute' column lists 'size' and 'color'. The 'Magento Catalog Attribute' column lists 'manomano_size' and 'manomano_color'. The 'Action' column has a plus icon for each row. An 'Add Attribute' button is at the bottom right of this section.

8. In the right panel, go to the **Manomano / Magento Attribute Mapping (Required/Optional mapping)** section and do the following steps:

a. In the **Magento Catalog Attribute** column, select the required Magento attribute from the corresponding list to map it with the corresponding **Manomano** attribute.

Note: In case the required attribute does not exist in the corresponding list, then select **-Set Default value-** from the corresponding list. A text box appears in the **Default Value** column next to corresponding **Magento Catalog Attribute** column such as shown in the following figure:

DisplayWeight	--Set Default Value--	20
---------------	-----------------------	----

- b. Repeat the mapping of all the required or optional Magento attributes listed with the corresponding Manomano attributes.
 - c. Click the **Add Attribute** button to add more attributes.
 9. Scroll down to the **Manomano / Magento Attribute Mapping (Variant Attribute Mapping)** section and do the following steps:
 - a. Click the **Add Attribute** button.
 - b. In the **Magento Catalog Attribute** column, select the required Magento attribute.
 - c. In the **Manomano Attribute** column, select the required Manomano attribute to map it with the corresponding Magento attribute.
 - d. Click the **Add Attribute** button to add more attributes.
 10. Click the **Save and Continue** button.
 11. In the left navigation panel, click the **Profile Products** menu.
- The page appears as shown in the following figure:

<input type="checkbox"/>	4		school kit	Simple Product	Default	school kit	₹100.00	100	Enabled
<input type="checkbox"/>	7	test sub category	angry bird	Simple Product	Default	angry bird	₹100.00	100	Enabled

13. Do one of the following steps:
 - Select the check boxes associated with the required products those the admin wants to assign to the new profile.

Note: Admin can assign one product to one profile only. It means, admin can assign multiple products to the same profile but can associate a product only with one profile at one time. To assign a product to another profile, the admin has to remove that product from the currently

assigned profile.

- Click the **Select All** link to select all the products available in the store.

Note: To clear the selection, click the **Unselect All** link.

- Click the **Select Visible** link to select the products displayed on the current page.

Note: To clear the selection, click the **Unselect Visible** link.

14. Click the **Save** button.

The created profile is saved and listed on the Manomano Profile Listing page.

Or

Click the **Save and Continue Edit** button to save the created profile and continue editing, if required.

Or

Click the **Save and Upload Product** button to save the profile and make ready to upload the product on ManoMano.

The assigned products are listed on the **Product Manager** page as shown in the following figure:

<input type="checkbox"/>	3 Test Profile 1	Active	0	
<input type="checkbox"/>	4 Test Profile 2	Active	3	
<input type="checkbox"/>	5 Test Config 1	Active	2	

On this page, all the available profiles are listed.

4. Select the check boxes associated with the profiles those are no more required.
5. In the **Actions** list, select the **Delete** option, and then click the **Submit** button.

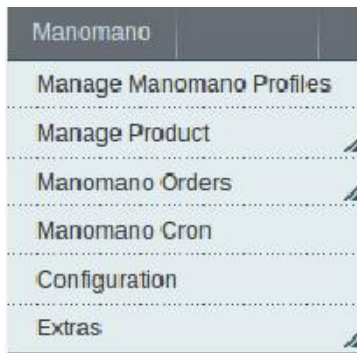

A confirmation dialog box appears as shown in the following figure:

6. Click the **OK** button.
The selected profiles are deleted.

4.4. Change the Status of the Selected Profiles

To change the status of the selected profiles

1. Go to the **Magento Admin** panel.
2. On the top navigation bar, point to the **Manomano** menu.
The menu appears as shown in the following figure:

3. Click the **Manage ManoMano Profiles** menu.

The **Manage Profile Listing** page appears as shown in the following figure:

On this page, all the available profiles are listed.

4. Select the check boxes associated with the required profiles.

5. In the **Actions** list, select the **Change Status** option.

The **Status** field appears next to the **Actions** list.

6. In the **Status** list, select the required option, and then click the **Submit** button.

The status is changed and a success message appears.

5. Manage Products

The integration extension enables the admin to manage all the products available in the Magento 1 store and uploaded on the ManoMano Marketplace.

The admin can perform the following tasks on the Product Manager page:

- View and edit the product information(<https://docs.cedcommerce.com/magento/manomano-magento-integration-guide-0-0-1?section=view-and-edit-the-product-information-5>)
- Upload a single product(<https://docs.cedcommerce.com/magento/manomano-magento-integration->

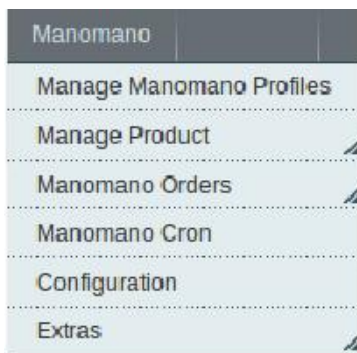

guide-0-0-1?section=upload-a-single-product-3)

- View the validation error details if any error exists in any product details(<https://docs.cedcommerce.com/magento/manomano-magento-integration-guide-0-0-1?section=view-the-validation-error-details-3>)
- Submit certain actions on the selected products(<https://docs.cedcommerce.com/magento/manomano-magento-integration-guide-0-0-1?section=submit-actions-on-the-selected-products-2>)

There are two ways to open or go to the Product Manager page:

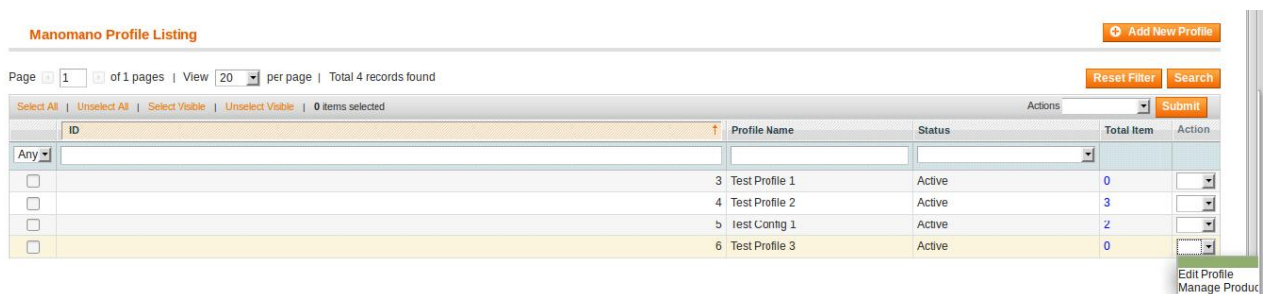

Option 1: Through the **Manage Manomano Profiles** menu:

1. Go to the **Magento Admin** panel.
 2. On the top navigation bar, point to the **Manomano** menu.
- The menu appears as shown in the following figure:

3. Click the **Manage Manomano Profiles** menu.

The **Manage Profile Listing** page appears as shown in the following figure:

4. In the **Action** column, click the arrow button, and then click **Manage Product**.
- The **Product Manager** page appears as shown in the following figure:

Product Manager

- In the Validation column, click the **INVALID** button to view the validation error. The relevant error message appears as shown in the figure.

5.4. Submit Actions on the Selected Products

Admin can submit the following actions for the selected products:

- **Validate Selected Products:** To validate the product before uploading it on the Manomano marketplace. It displays the corresponding validation error if any. If there is no error, it confirms that the product is ready to upload.
- **Validate & Upload Products:** To validate the product before uploading it on the Manomano marketplace. It displays the corresponding validation error for all the products if any. If there is no error, then it validates the selected products and then uploads them to the Manomano marketplace.

To validate the selected products

- Go to the **Product Manager** page. The **Product Manager** page appears as shown in the following figure:

Product Manager Back

Page 1 of 1 pages | View 20 per page | Total 7 records found Reset Filter Search

Select All | Unselect All | Select Visible | Unselect Visible | 0 items selected Actions Submit

Submit Shipment

4. In the right panel, under **Shipment Info**, do the following steps:
 - a. In the **Tracking Number** box, enter the tracking number of the package.
 - b. In the **Tracking Url** box, enter the valid Tracking URL if any.
 - c. In the **Ship Date** box, enter the date of shipment.
5. Under **Shipment Items**, do the following steps:
 - a. In the **Quantity to Ship** box, enter a value.
The number of the quantity that the user can ship. The value cannot be greater than the **Qty Available for Ship** value.
 - b. In the **Quantity to Refund** box, enter a value.
The number of the quantity that the user wants to refund. The value cannot be greater than the **Qty Available for Ship** value.
6. Click the **Submit Shipment** button.
The success message appears if the order is shipped successfully.

6.2. Failed Manomano Orders Import Log

The users can view the list of failed Manomano orders on the **Failed Manomano Orders Import Log** page.

Orders cannot be imported from Manomano due to the following conditions:

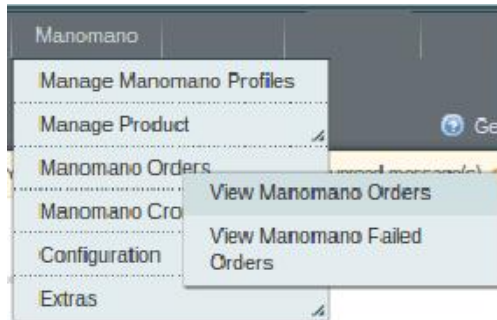

- If any product in the Manomano Order is Out of Stock in Magento.
- If any product in the Manomano Order is disabled in Magento.
- If any Product does not exist in Magento or is deleted from Magento after uploading on Manomano.
- If the selected Payment Method in Manomano System Configuration Setting is not available in Magento.

To manage failed Manomano Orders

1. Go to the **Magento Admin** panel.
2. On the top navigation bar, move the cursor over the **Manomano** menu, and then point to the **Manage**

Orders menu.

The menu appears as shown in the following figure:

3. Click **View Manomano Failed Orders**.

The **Failed Manomano Orders Import Log** page appears as shown in the following figure:

This page displays the failed orders with the order id and the reason for the failure.

4. To clear failed import order logs, click the **Clear Failed Import Order Logs** button.
All the logs are deleted.
5. To delete selected failed import order log, do the following steps:
 - a. Select the check boxes of the required logs.
 - b. In the **Actions** list, click **Delete Order**, and then click the **Submit** button.
A confirmation dialog box appears.
 - c. Click the **OK** button.
All the selected failed orders are deleted.

7. Manomano Cron Details

To view the Manomano Cron Details

1. Go to the **Magento Admin** panel.
2. On the top navigation bar, point to the **Manomano** menu.
The menu appears as shown in the following figure:

- Click the **ManoMano Cron** menu.

The **ManoMano Cron Details** page appears as shown in the following figure:

ManoMano Cron Details

Page 1 of 1 pages | View 20 per page | Total 0 records found Reset Filter Search

ID	Job Code	Status	Messages	Created At	Scheduled At	Executed At	Finished At
No records found.							

If the cron details are available, then they are listed on this page.

- To reset the filter on the available cron details, click **Reset Filter**.

8. ManoMano Log Details

To view the ManoMano Log Details

- Go to the **Magento Admin** panel.
- On the top navigation bar, move the cursor over the **ManoMano** menu, and then point to the **Extras** menu.

The menu appears as shown in the following figure:

- Click **ManoMano Logs**.

The **ManoMano Log Details** page appears as shown in the following figure:

Manomano Log Details Truncate

Page of 1 pages | View per page | Total 0 records found Reset Filter Search

Select All | Unselect All | Select Visible | Unselect Visible | 0 items selected Actions Submit

Id #	Log Type	Log Sub Type	Log Date	Log Comment
Any				

No records found.

If the log details are available, then they are listed on this page.

4. To reset the filter on the available cron details, click **Reset Filter**.
5. To delete all the log details, click the **Truncate** button.
6. To delete the selected log details, do the following steps:
