## 1. Overview

Bonanza is the marketplace, which is well known for its unique collection of crafts, fashion, vintage, and so on. Now, the Magento® 2 store owners can get integrated their Magento® 2 stores with the Bonanza marketplace with the help of CedCommerce and provide more benefits to the seller of your store and thus increase the sale of your business.

Admin gets the authority to create Bonanza Categories and the dependent attributes on the Magento® 2 store. It also enables the store owners to establish a mapping of the desired product category on the Magento® 2 stores for automatic submission of the selected product to the same category on bonanza.com.

**Bonanza Integration for the Magento® 2 Stores** enables the admin to manage the Bonanza orders in their Magento® 2 stores without making any significant changes to the operational functionalities.

This extension interacts with the Bonanza Marketplace to integrate the synchronized product listing between Magento® 2 store and the bonanza.com retailers.

It synchronizes the orders, products, pricing, and inventory through establishing the communication between Bonanza APIs and the Magento® 2 store.

### *Key Features of Bonanza Integration Extension by CedCommerce:*

- **Profile Based Product Upload:** Admin can create a profile and map the category and attributes to Magento® 2 store category and attributes. Then, after assigning the product to the profile can easily upload the product to Bonanza.
- **Product Category Mapping:** Follows many-to-one category mapping philosophy. Enables the admin to map many categories of the Magento® 2 stores to the single category of Bonanza.
- **Synchronized Inventory and Profile Based Pricing:** Auto synchronization of the inventory at regular intervals and product listings along with all the details is established between Magento® 2 store and Bonanza.com. Profile-based price increase or decrease.
- **Low Stock Notifications:** Whenever the stock diminishes lower than the threshold, a notification is sent informing the status of the same.
- **New Order Notifications:** Whenever a new order is fetched from Bonanza.com, the admin receives a notification.
- **Rejected products notification:** If any product containing some invalid details is rejected, then its information is fetched from the auto synchronization request along with the error due to which it is rejected.
- **Simple and Configurable Product Upload:** Admin can upload the Simple and Configurable types of Magento® 2 store product on Bonanza.com. The configurable product in Magento® 2 stores is treated as variation product on Bonanza.com.
- **Easy Debug:** Easy debug process for hassle-free products upload on the Bonanza website.
- **Creation of Magento Orders:** Newly placed orders on Bonanza.com are automatically created in the Magento store as well with all the required details as on Bonanza.com.
- **Automated Shipment:** The shipment process can be automated with Shipstation, Shipworks, Stamps.com, Linnworks, Xtento, ShipRush.
- **Crons:** Cron job automates the process for Inventory, Price, and Order management.
- **Archive and Unarchive Products:** Merchants can close and reopen the products on Bonanza using Archive and Unarchive feature. Archive disables the products on Bonanza whereas unarchive enables the archived product.

## 2. Bonanza Integration for Magento 2 Extension Installation

### *To install the extension*

1. Log in the **ftp**, and then go to Magento 2 root folder (generally present under the *public\_html* folder).
2. Create a new folder named *code* under the *app* folder; under *code* folder, create a folder named *Ced*.
  - a. Upload or Drag and Drop *app/code/Ced/Bonanza* directory.
  - b. After successfully uploading the directory, the extension will be installed/upgraded.
  - c. Now run the following upgrade command in *cmd*  
`php bin/magento setup:upgrade`

### 3. Retrieve API Credentials from the Bonanza Seller Account

Once the extension is successfully installed in the Magento store, the **Bonanza** menu appears on the top navigation bar of the Admin Panel. The store owner has to fill out the retrieved the **Bonanza DEVELOPER ID** and **BONAPITIT CERTIFICATE ID** details in the respective fields displayed on the **Bonanza Configuration** page of the admin panel.

#### *To retrieve the API credentials from the Bonanza Seller Account*

1. Go to the <http://www.bonanza.com/>(<http://www.bonanza.com/>) link.

The page appears as shown in the following figure:

2. In the right-upper corner, click the **Log in** link.  
The login page appears as shown in the following figure:

# bonanza

Log in

Create a Bonanza Account

☐ Show Password

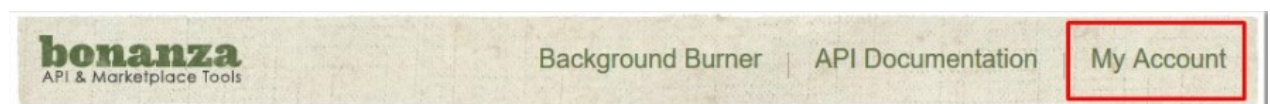

☐ Remember me on this computer

Log in

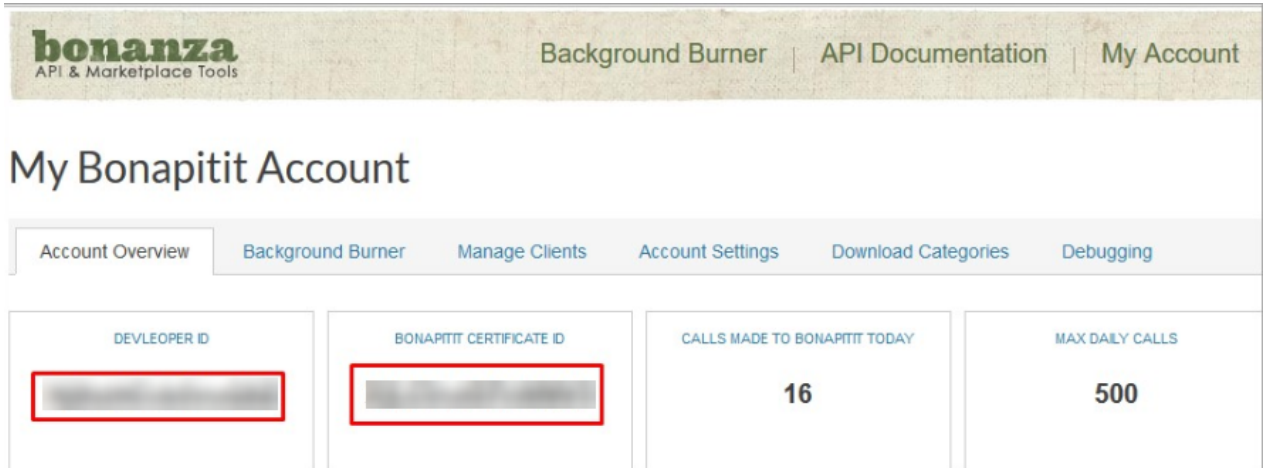

- Enter the login credentials to log into the Bonanza seller account.  
The seller account page appears.
- Scroll down to the API link.

- Click the **API** link.  
The Bonanza API page appears.

- Click the **My Account** link.  
The page appears as shown in the following figure:

**bonanza**  
API & Marketplace Tools

Background Burner | API Documentation | My Account

## My Bonapitit Account

Account Overview | Background Burner | Manage Clients | Account Settings | Download Categories | Debugging

DEVLEOPER ID <div style="border: 2px solid red; background-color: gray; width: 100px; height: 15px;"></div>	BONAPITIT CERTIFICATE ID <div style="border: 2px solid red; background-color: gray; width: 100px; height: 15px;"></div>	CALLS MADE TO BONAPITIT TODAY <b>16</b>	MAX DAILY CALLS <b>500</b>
--	--	--	-------------------------------

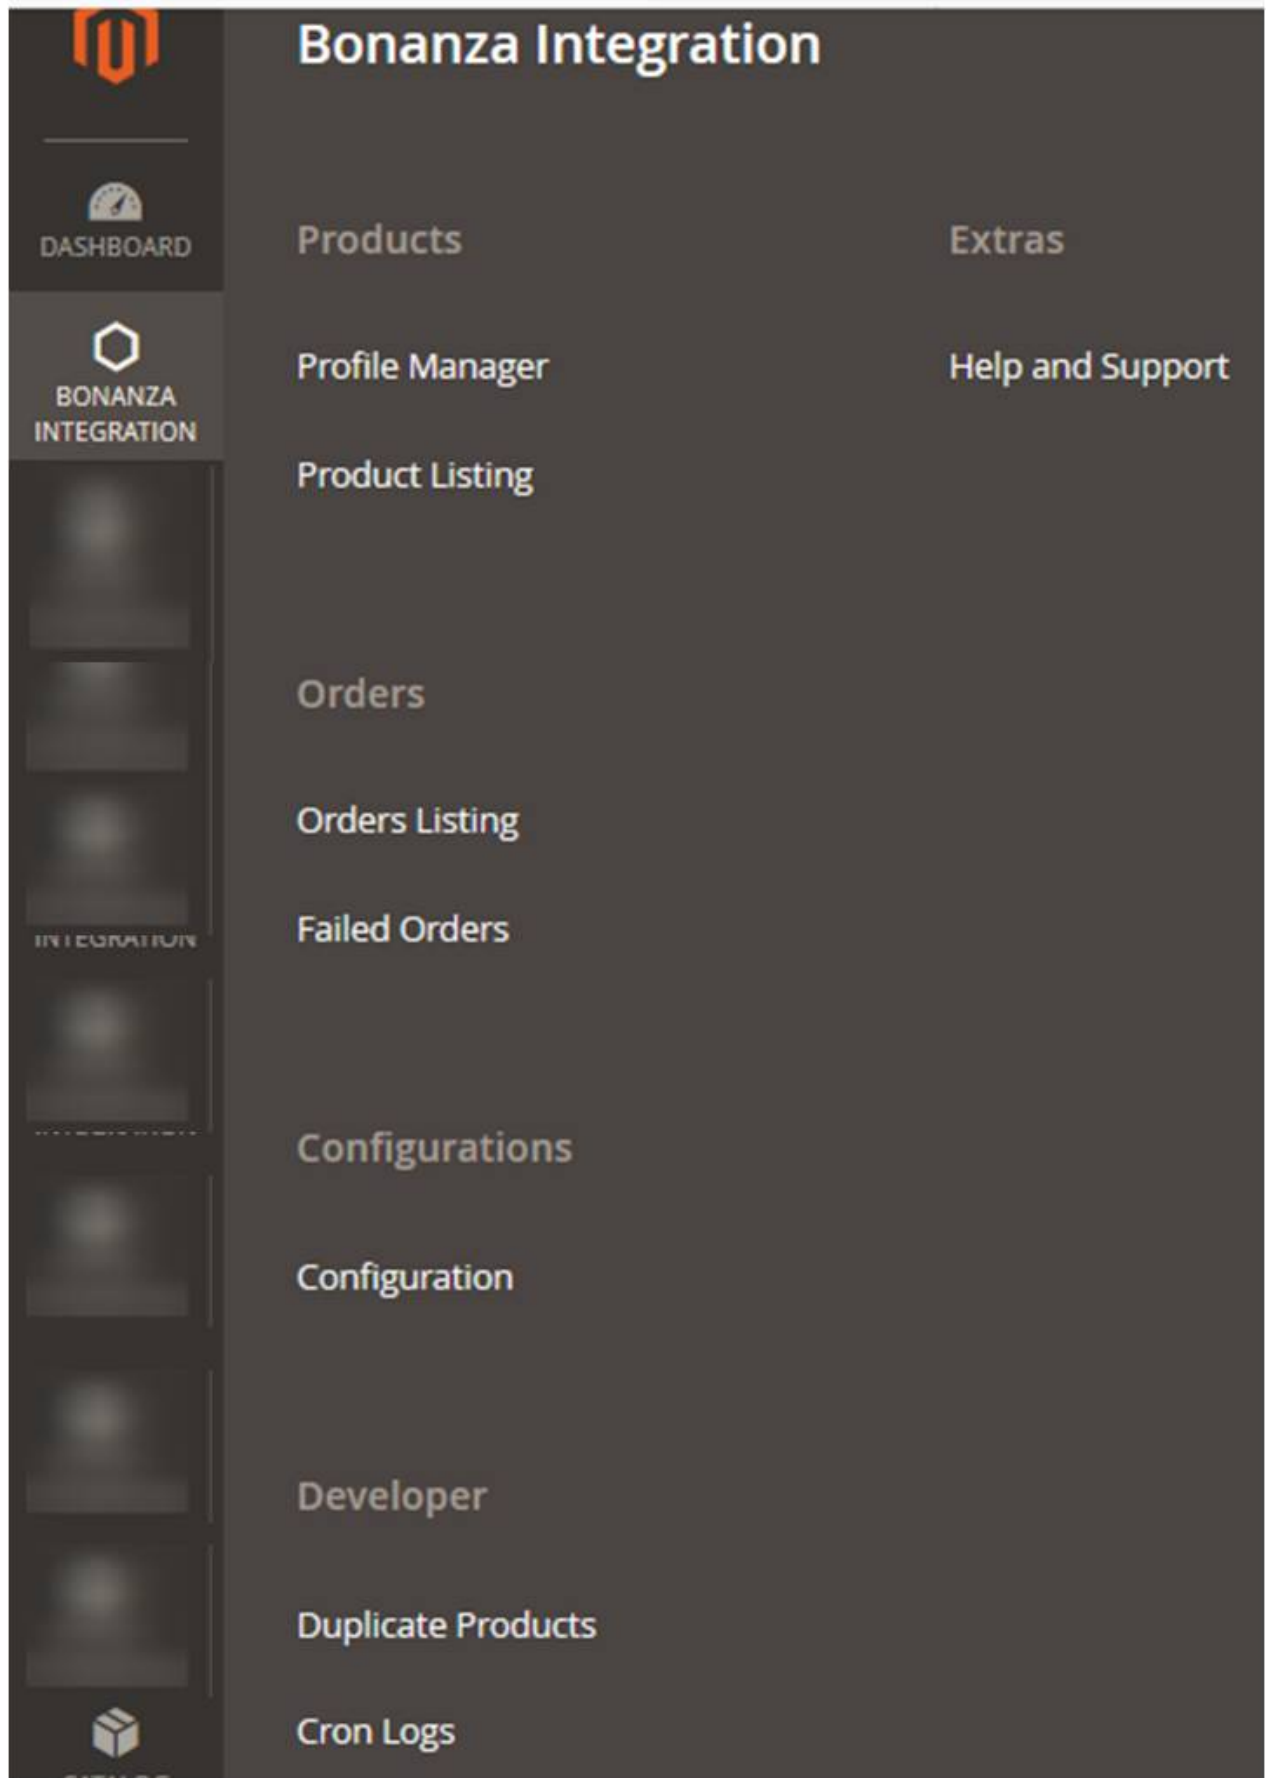

7. Copy the **DEVELOPER ID** and the **BONAPITIT CERTIFICATE ID** values.
8. Save the corresponding values in some text editor or the in Word file to use it later on while setting up the configuration in the Magento 2 store admin panel.

## 4. Bonanza Configuration Settings

After obtaining the **API Key** values from the Bonanza Seller account, the Magento® 2 store owner has to paste it in the respective field displayed on the **Bonanza Configuration** page of the admin panel.

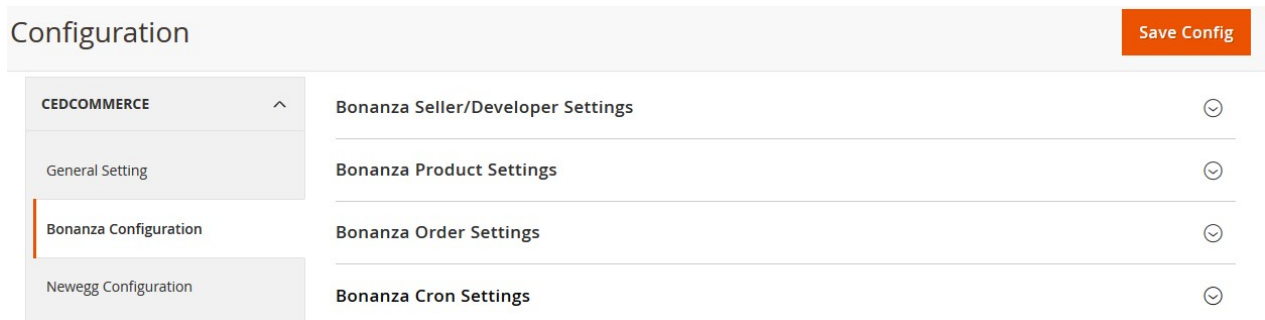

### *To set up the configuration settings in the Magento Store Admin panel*

1. Go to the **Magento 2 Store Admin** panel.
2. On the left navigation bar, click the **BONANZA INTEGRATION** menu.  
The menu appears as shown in the following figure:

3. Click **Configuration**.

The Configuration page appears as shown in the following figure:

4. In the right panel, click the **Bonanza Seller/Developer Settings** tab.

The **Bonanza Seller/Developer Settings** tab is expanded and the relevant fields appear as shown in the following figure:

5. Under **Bonanza Seller/Developer Settings**, do the following steps:

- a. In the **Enabled** list, select the **Yes** option.

The relevant fields are expanded, and the section appears as shown in the following figure:

## Bonanza Seller/Developer Settings

<b>Enabled</b> [global]	Yes	▲
<b>API MODE</b> [global]	Live API	▼
<b>Cert ID</b> [global]		
<b>Dev ID</b> [global]		
<b>Token</b> [global]		
<b>Count of Specific Attributes</b> [global]		
<b>Select Store</b> [global]	Default Store View	▼
<b>Token Expires</b> [global]		
[global]		
<b>Generate Token</b>		

- In the **API MODE** list, select the **Live API** option.
  - In the **Cert Id** box, enter the corresponding value copied from the Bonanza Seller account.
  - In the **Dev Id** box, enter the corresponding value copied from the Bonanza Seller account.
  - In the **Count of Specific Attributes** box, enter the count number.
  - In the **Select Store** list, select the required store.
  - Click the **Generate Token** button to create the token and complete the synchronization process.  
The token is generated and appears in the **Token** box. Also, the Token expiry date appears next to the **Token Expires** field.
- Click the **Save Config** button to save the entered values.
  - Scroll down to the **Bonanza Product Settings** tab, and then click the tab.  
The **Bonanza Product Settings** tab is expanded and the expanded section appears as shown in the following figure:

## Bonanza Product Settings

⌵ Bonanza Price Settings

⌵ Bonanza Inventory Settings

Under **Bonanza Product Settings** , do the following steps:

1. Click the **Bonanza Price Settings** tab.

The **Bonanza Price Settings** tab is expanded and the section appears as shown in the following figure:

### Bonanza Price Settings

**Product Price**  
[global]

Select to send a different product price to **Bonanza**

2. Under **Bonanza Price Settings**, do the following step:

- a. In the **Product Price** list, select one of the following options:

\. **Increase by Fixed Price**: If selected, then the **Modify by Fix Price** field appears.

\. **Increase by Fixed Percentage**: If selected, then the **Modify by Percentage Price** field appears.

Enter the numeric value to increase the price of the Bonanza, product price by the entered value % of Magento 2 store price.

### Bonanza Price Settings

**Product Price**  
[global]

Select to send a different product price to **Bonanza**

**Modify by Percentage Price**  
[global]

Numeric value Required for **Add/subtract % on Magento price** 5 for Example: Magento price +/- 5% of Magento price.

*For Example,*

Magento 2 price + 5% of Magento 2 price.

Magento 2 Price = 100

Select **Increase By Fixed Percentage** option

**Modify by Percentage Price** = 5

$100 + 5\% \text{ of } 100 = 100 + 5 = 105$

Thus, Bonanza Product Price = 105

\. **Decrease by Fixed Price**: If selected, then the **Modify by Fix Price** field appears.

\. **Decrease by Fixed Percentage**: If selected, then the **Modify by Percentage Price** field appears.

Enter the numeric value to decrease the price of the Bonanza product price by the entered value % of Magento 2 store price

*For Example,*

Magento 2 price – 5% of Magento 2 price.

Magento 2 Price = 100

Select **Decrease By Fixed Percentage** option

**Modify by Fix Price** = 5

$100 - 5\% \text{ of } 100 = 100 - 5 = 95$

Thus, Bonanza Product Price = 95

3. Click the **Bonanza Inventory Settings** tab.

The **Bonanza Inventory Settings** tab is expanded and the section appears as shown in the following figure:

### Bonanza Inventory Settings

Set Inventory on Basis of Threshold  
[global]

Disable

Choose yes to send inventory on bonanza by condition

4. Under **Bonanza Inventory Settings** tab, do the following steps:

- a. In the **Set Inventory on Basis of Threshold** list, select the **Enable** option if required to set the inventory based on threshold.

**Note:** Only when the admin selects **Enable**, the other fields appear. Threshold Inventory is the minimum count of an item that the store owner wants to keep in stock.

The section appears as shown in the following figure:

### Bonanza Inventory Settings

Set Inventory on Basis of Threshold  
[global]

Enable

Choose yes to send inventory on bonanza by condition

Inventory Threshold Value  
[global]

Set inventory quantity on which lesser and greater condition can control.

Send Inventory for Lesser Than Threshold Case  
[global]

Send Quantity to Bonanza for those products, whose inventory is LESSER than the inventory threshold.

Send Inventory for Greater Than Threshold Case  
[global]

Send Quantity to Bonanza for those products, whose inventory is GREATER than the inventory threshold.

- b. In the **Inventory Threshold Value** box, enter the required value.
- c. In the **Send Inventory for Lesser Than Threshold Case** box, enter the required value.
- d. In the **Send Inventory for Greater Than Threshold Case** box, enter the required value.
5. Click the **Save Config** button to save the entered values.
6. Scroll down to the **Bonanza Order Settings** tab, and then click the tab.

The tab is expanded and the section appears as shown in the following figure:

### Bonanza Order Settings

<b>Bonanza Order Id Prefix</b> [global]	<input type="text" value="Bon"/>
Prefix for Bonanza Increment ID	
<b>Order Notification Email</b> [global]	<input type="text"/>
<b>Enable Default Customer</b> [global]	<input type="text" value="No"/> ▲

7. Under **Bonanza Order Settings**, do the following steps:
  - a. In the **Bonanza Order Id Prefix** box, enter the required order Id prefix.
  - b. In the **Order Notification Email** box, enter the required email Id.
  - c. In the **Enable Default Customer** list, select the **Yes** option to enable the default customer.  
The field appears as shown in the following figure:

<b>Default Customer</b> [global]	<input type="text" value="Veronica Costello"/> ▲
-------------------------------------	--

- d. In the **Default Customer** list, select the required customer name.
8. Click the **Save Config** button to save the entered values.
9. Scroll down to the **Bonanza Cron Settings** tab, and then click the tab.  
The tab is expanded and the section appears as shown in the following figure:

### Bonanza Cron Settings

<b>Order Cron</b> [global]	<input type="text" value="Enable"/> ▼
Order Fetch Cron	
<b>Inventory Price Cron</b> [global]	<input type="text" value="Enable"/> ▲
Inventory Sync Cron	

10. Under **Bonanza Cron Settings**, do the following steps:
  - a. In the **Order Cron** list, select **Enable** to enable the fetch order cron.
  - b. In the **Inventory|Price Cron** list, select **Enable** to enable the Inventory and Price Sync cron.
11. Click the **Save Config** button to save the entered values.

## 5. Manage Bonanza Profiles

Admin can create a new profile and assign the required products to the profile. While creating and editing the profile, admin can map the Magento 2 store attributes to the Bonanza attributes. These attributes are applicable to all the products that are assigned to the profile.

### *Admin can do the following tasks:*

- Add new profile(<https://docs.cedcommerce.com/bonanza-integration-user-guide/?section=add-a-new-profile-25>)
- Edit the existing profile(<https://docs.cedcommerce.com/bonanza-integration-user-guide/?section=edit-the-existing-profile-35>)
- Bulk Action on the Selected Profiles(<https://docs.cedcommerce.com/bonanza-integration-user-guide/?section=submit-bulk-action-on-the-selected-profiles-5>)

### 5.1. Add a New Profile

#### *To add a new profile*

1. Go to the **Magento 2 Store Admin** panel.
2. On the left navigation bar, click the **BONANZA INTEGRATION** menu, and then click **Profile Manager**. The **Manage Profile** page appears as shown in the following figure:

ID	Profile Code	Profile Name	Status	Action
1	rz	rz	Enabled	<a href="#">Edit</a>

3. Click the **Add New Profile** button. The **Add New Profile** page appears as shown in the following figure:

## Add New Profile

← Back

Save

## PROFILE INFORMATION

## General Information

## Attribute Mappings

## Store Categories

## Bonanza category

## Bonanza Shipping

## Return Policy

## General Information

Profile Code \* Profile Name \* Profile Status Enabled ▼

4. In the right panel, under **General Information**, do the following steps:

a. In the **Profile Code** box, enter a profile code.

**Note:** It is only for the internal use. Use the unique profile code with no spaces. Start with small letters.

b. In the **Profile Name** box, enter the name of the profile.

**Note:** Use the unique name to identify the profile.

c. In the **Profile Status** list, select **Enabled** to enable the profile.

**Note:** The **Disabled** option disables the profile.

5. In the left navigation panel, click the **Attribute Mappings** menu.

In the right panel, the page appears as shown in the following figure:

## PROFILE INFORMATION

## General Information

## Attribute Mappings

## Store Categories

## Bonanza category

## Bonanza Shipping

## Return Policy

## Attribute Mappings

Please map all Bonanza attributes with Magento attributes.

Bonanza Attribute	Magento Catalog Attribute	Action
<input type="text" value="Name"/>	<input type="text" value="Product Name"/>	
<input type="text" value="Price"/>	<input type="text" value="Price"/>	
<input type="text" value="Description"/>	<input type="text" value="Description"/>	
<input type="text" value="SKU"/>	<input type="text" value="SKU"/>	
<input type="button" value="Add Attribute"/>		

6. Under **Attribute Mappings**, do the following steps:

a. In the **Magento Catalog Attribute** column, select the required Magento attribute from the corresponding list to map it with the corresponding Lazada attribute.

b. Repeat the mapping of all the required or optional Magento attributes listed with the corresponding Lazada attributes.

c. Click the **Add Attribute** button to add more attributes if required.

7. In the left navigation panel, click the **Store Categories** menu.  
In the right panel, the page appears as shown in the following figure:

The screenshot shows the 'Store Categories' page. On the left is a navigation panel under the heading 'PROFILE INFORMATION'. It contains links for 'General Information', 'Attribute Mappings', 'Store Categories' (which is highlighted with an orange bar), 'Bonanza category', 'Bonanza Shipping', and 'Return Policy'. The main content area on the right is titled 'Store Categories' and features a label 'Choose Store Categories \*' followed by a dropdown menu currently showing 'Select...'.

8. Under **Store Categories**, do the following steps:  
a. In the **Choose Store Categories** list, click to select the required category.  
The list appears as shown in the following figure:

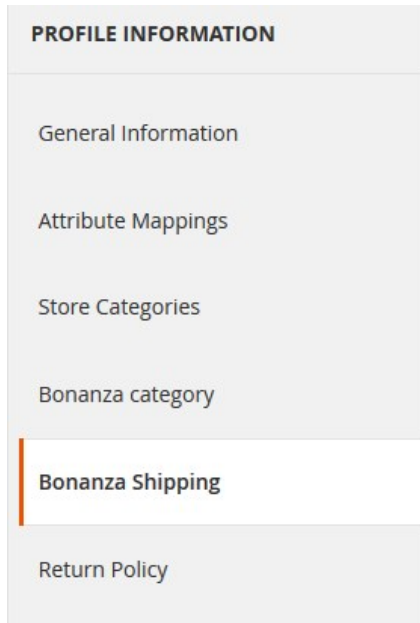

This screenshot shows the 'Choose Store Categories' dropdown menu open. The dropdown has a title bar with 'Training' and a close button. Inside, there is a search bar and a list of categories, each with a checkbox and a collapse/expand icon. The categories are: 'Default Category', 'Gear', 'Collections', 'Training' (which is selected and highlighted in blue), 'Men', 'Women', 'Promotions', 'Sale', 'What's New', 'Aliexpress', and 'Shoes'. A 'Done' button is located at the bottom right of the dropdown.

- b. Select the required category, and then click the Done button or outside the list.  
The selected category appears in the box.
9. In the left navigation panel, click the **Bonanza Category** menu.  
In the right panel, the page appears as shown in the following figure:

The screenshot shows a user interface for selecting a Bonanza category. On the left is a vertical navigation menu with the following items: 'PROFILE INFORMATION', 'General Information', 'Attribute Mappings', 'Store Categories', 'Bonanza category' (highlighted with an orange bar), 'Bonanza Shipping', and 'Return Policy'. On the right, under the heading 'Bonanza category', there are three dropdown menus. The first dropdown shows 'Everything Else'. The second dropdown shows 'Career Development & Education'. The third dropdown shows 'Healthcare, Nursing' and is highlighted with a blue border.

10. Under **Bonanza Category**, do the following steps:
  - a. In the **Category** list, select the required parent category.  
If the selected category has the child categories then the relevant sub-category list appears below to it.
  - b. Select the required subcategories as shown in the figure.
11. In the left navigation panel, click the **Bonanza Shipping** menu.  
In the right panel, the page appears as shown in the following figure:

## Bonanza Shipping

Shipping Type

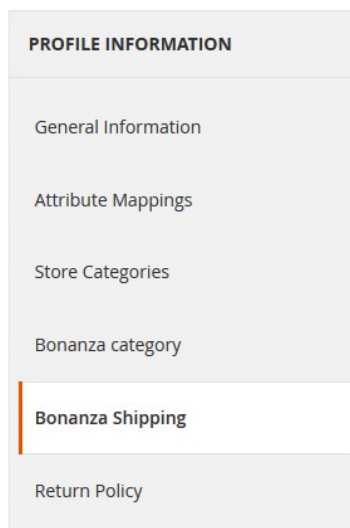

Choose Shipping Type

12. Under **Bonanza Shipping**, do the following steps:

a. In the Shipping Type list, select the required shipping type.

Based on the selected option, the relevant field appears.

For example, if the **Free** shipping type is selected, then the relevant fields appear as shown in the following figure:

## Bonanza Shipping

Shipping Type

Free

Shipping Method

Standard shipping (1 to 5 business days)

b. In the **Shipping Method** list, select the required method.

13. In the left navigation panel, click the **Return Policy** menu.

In the right panel, the page appears as shown in the following figure:

7. Correct the issues and then again click the **Validate** icon to validate the product.

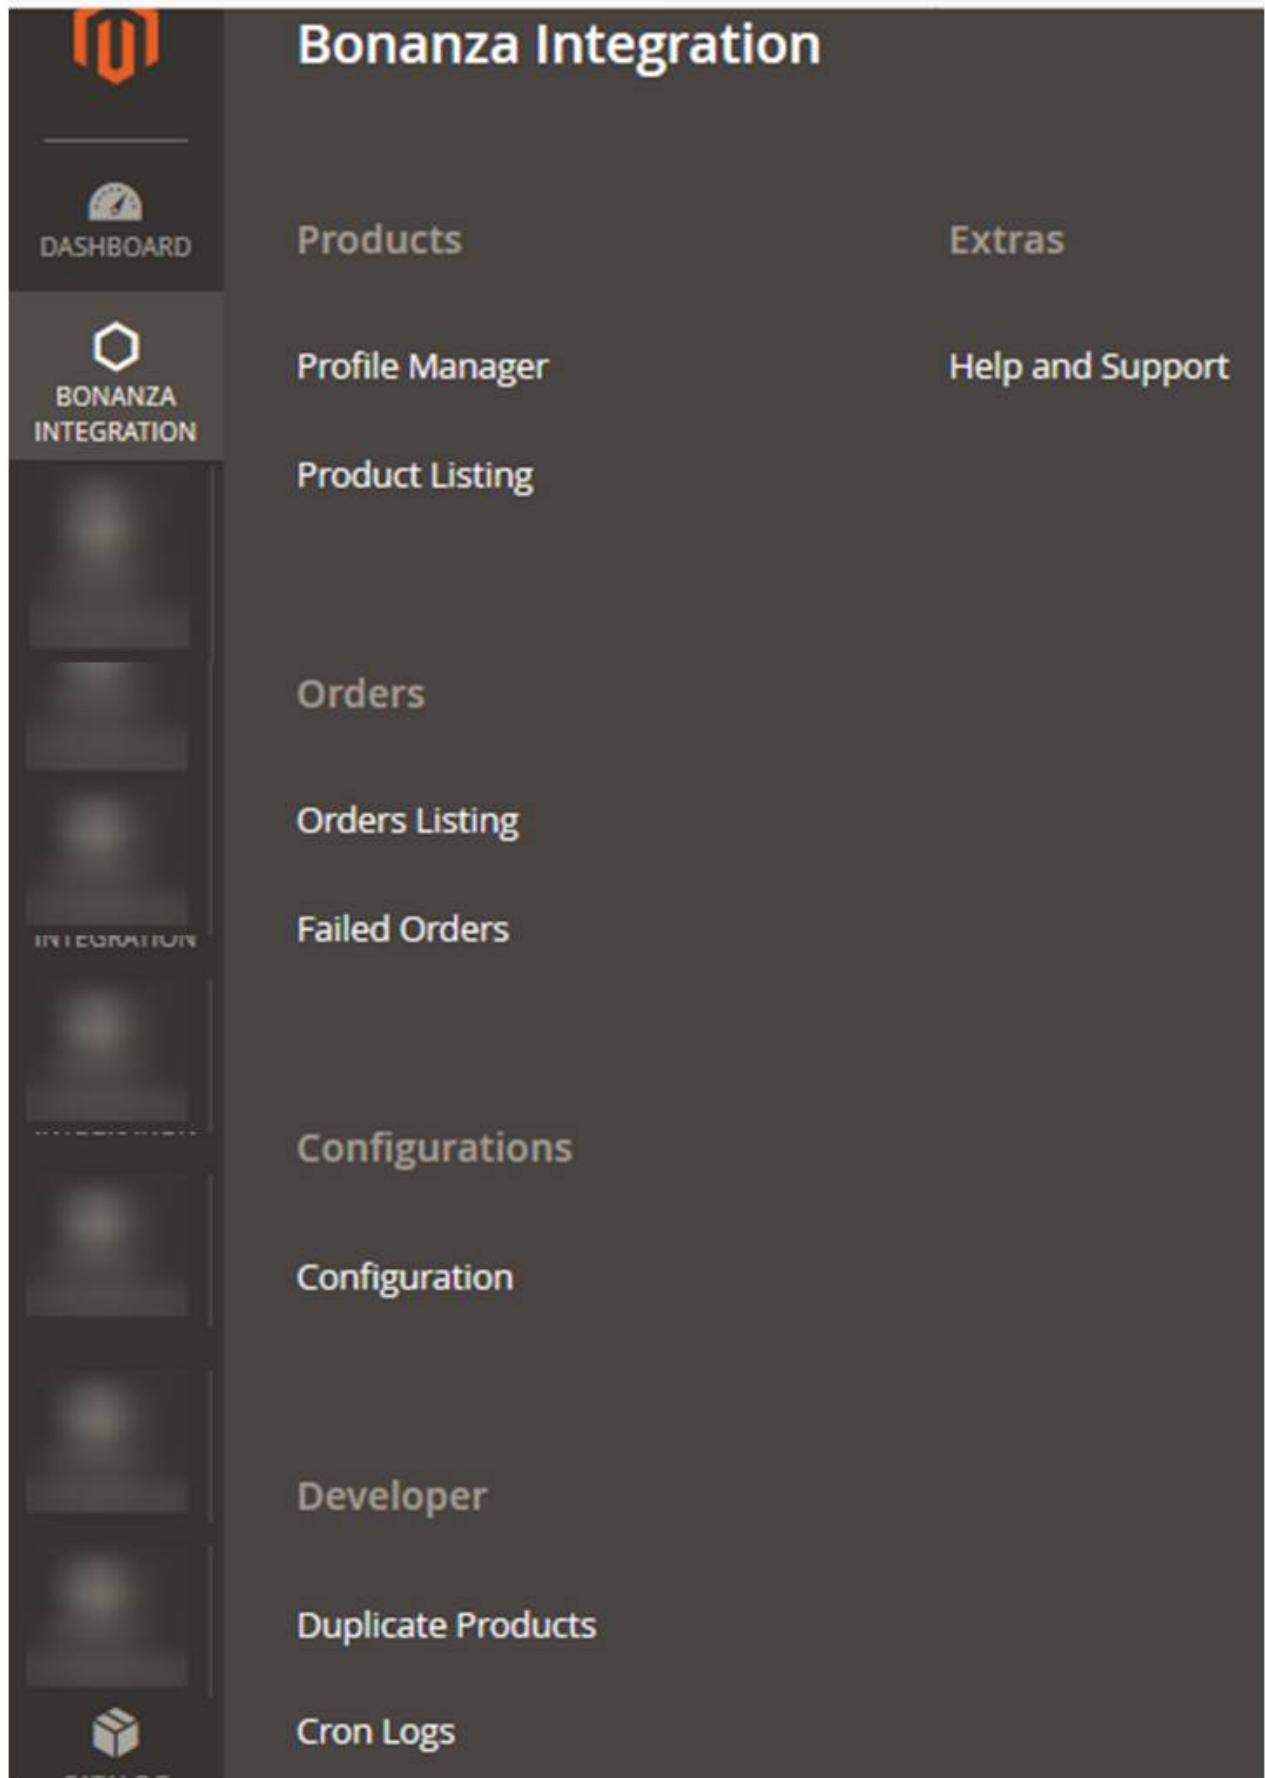

## 6.4. Submit Bulk Action on the Selected Products

*Admin can perform the following tasks through the Bulk Action feature:*

- **Validate Product:** To validate the selected products before uploading to the Bonanza website. It displays the corresponding validation error if any. If there is no error, it confirms that the product is ready to upload.
- **Upload Products:** To validate and upload the selected products to the Bonanza website. It displays the corresponding validation error if any. If there is no error, then the selected products are validated and uploaded, and a success message appears.
- **Update Products:** To update the products edits on the Bonanza website.
- **Delete Products:** Removes the selected products from the Bonanza website.

*To submit the selected bulk action on the selected products*

1. Go to the **Magento 2 Store Admin** panel.
2. On the left navigation bar, click the **BONANZA INTEGRATION** menu.  
The menu appears as shown in the following figure:

### 3. Click **Product Listing**.

The **Bonanza Product Listing** page appears as shown in the following figure:

The selected products are deleted and a success message appears on the page.

## 7. Manage Bonanza Orders

*Admin can do the following tasks while managing the Bonanza orders:*

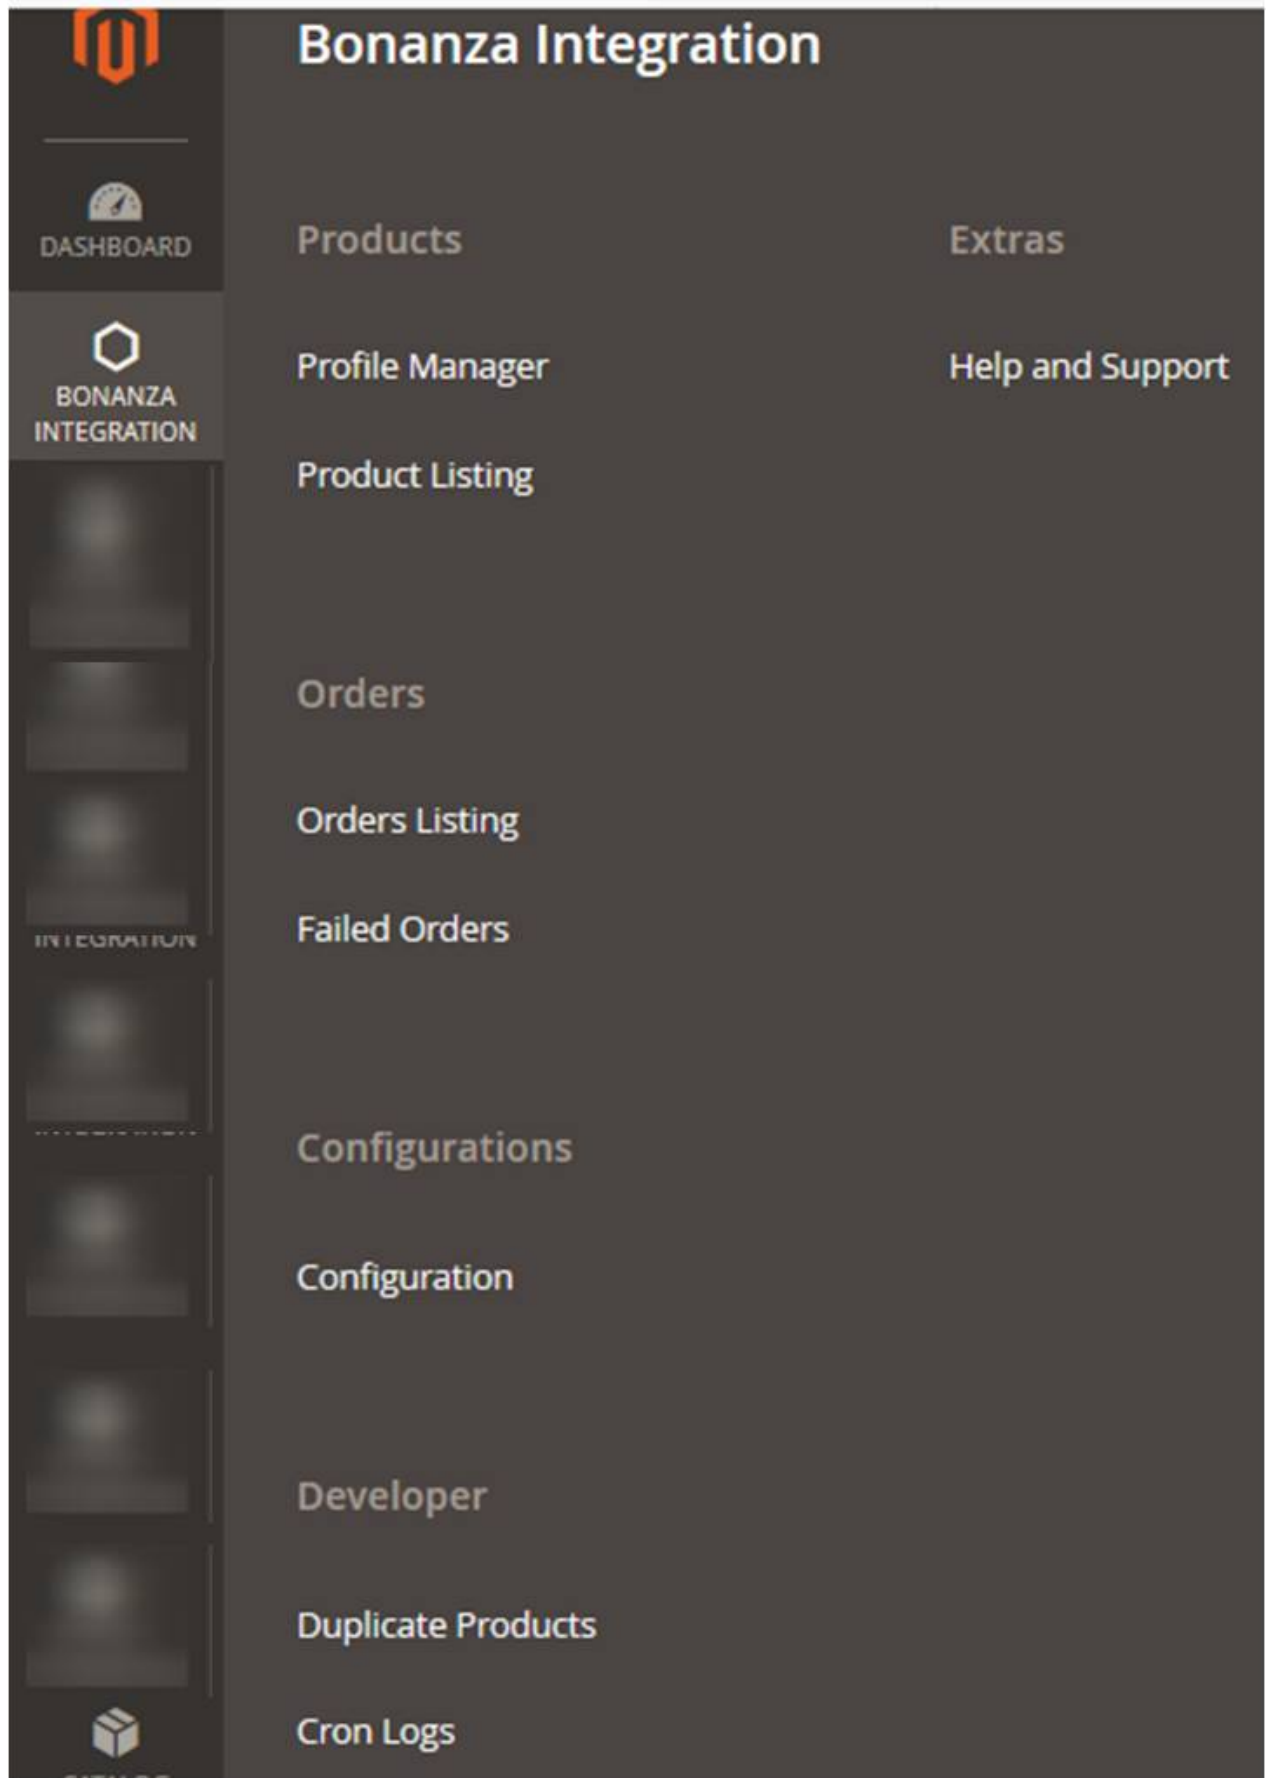

- Fetch, View, Ship, and delete the Bonanza Orders(<https://docs.cedcommerce.com/bonanza-integration-user-guide/?section=ship-and-delete-the-bonanza-orders>)
- View and delete the Failed Orders(<https://docs.cedcommerce.com/bonanza-integration-user-guide/?section=view-and-delete-the-bonanza-failed-orders>)

### 7.1. Ship and Delete the Bonanza Orders

The Magento 2 store owners can fetch the new orders and view all the order details fetched from Bonanza. They can also ship the required orders and can delete the orders those are no more required.

*To fetch and view new orders*

1. Go to the **Magento 2 Store Admin** panel.
2. On the left navigation bar, click the **BONANZA INTEGRATION** menu.  
The menu appears as shown in the following figure:

### 3. Click **Orders Listing**.

The **Bonanza Order List** page appears as shown in the following figure:

<input type="checkbox"/>	Bon-000000013	1811	2013-04-25	Imported	

### 4. Click the **Fetch Bonanza Orders** button.

If the order is imported successfully then, a new record is found in the Orders Grid table as shown in the figure.

#### **Notes:**

- Orders are automatically imported through CRON in every 10 minutes.
- Whenever the latest orders are imported from Bonanza, a Notification appears in the notification area of the Admin panel for those orders and they are Auto-Acknowledged as soon as they are imported in the Magento 2 store admin panel.
- If no Order is imported, then check the Failed orders listed on the **Bonanza Failed Order** page.
- Order are auto-rejected on **Bonanza** in the following conditions:
  - When **Bonanza** Product SKU does not exist in Magento 2 store.
  - When Product is Out of Stock in Magento 2 store.
  - When a product is disabled in Magento 2 store.

### **To ship the Bonanza Order**

- Go to the **Magento 2 Admin** panel.
- On the left navigation bar, click the **BONANZA INTEGRATION** menu, and then click **Orders Listing**.

The **Bonanza Order List** page appears as shown in the following figure:

3. To delete the single order, do the following steps:

- a. Scroll down to the order row no more required.
- b. In the **Action** column of the respective row, click the **Delete**

icon.

A confirmation dialog box appears.

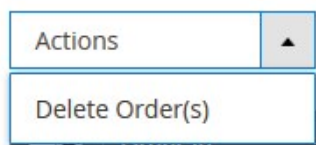

- c. Click the **OK** button.

The order is deleted from the Bonanza Marketplace.

4. To delete the selected Bonanza orders in bulk, do the following steps:

- a. Select the check boxes associated with the orders those are no more required.
- b. Click the **Arrow** button next to the **Actions** list.

A menu appears as shown in the following figure:

- c. Click **Delete Order(s)**.

A confirmation dialog box appears.

- d. Click the **OK** button.

The selected orders are deleted from the Bonanza Marketplace.

## 7.2. View and Delete the Bonanza Failed Orders

The users can view the list of failed Bonanza orders on the **Bonanza Failed Orders** page.

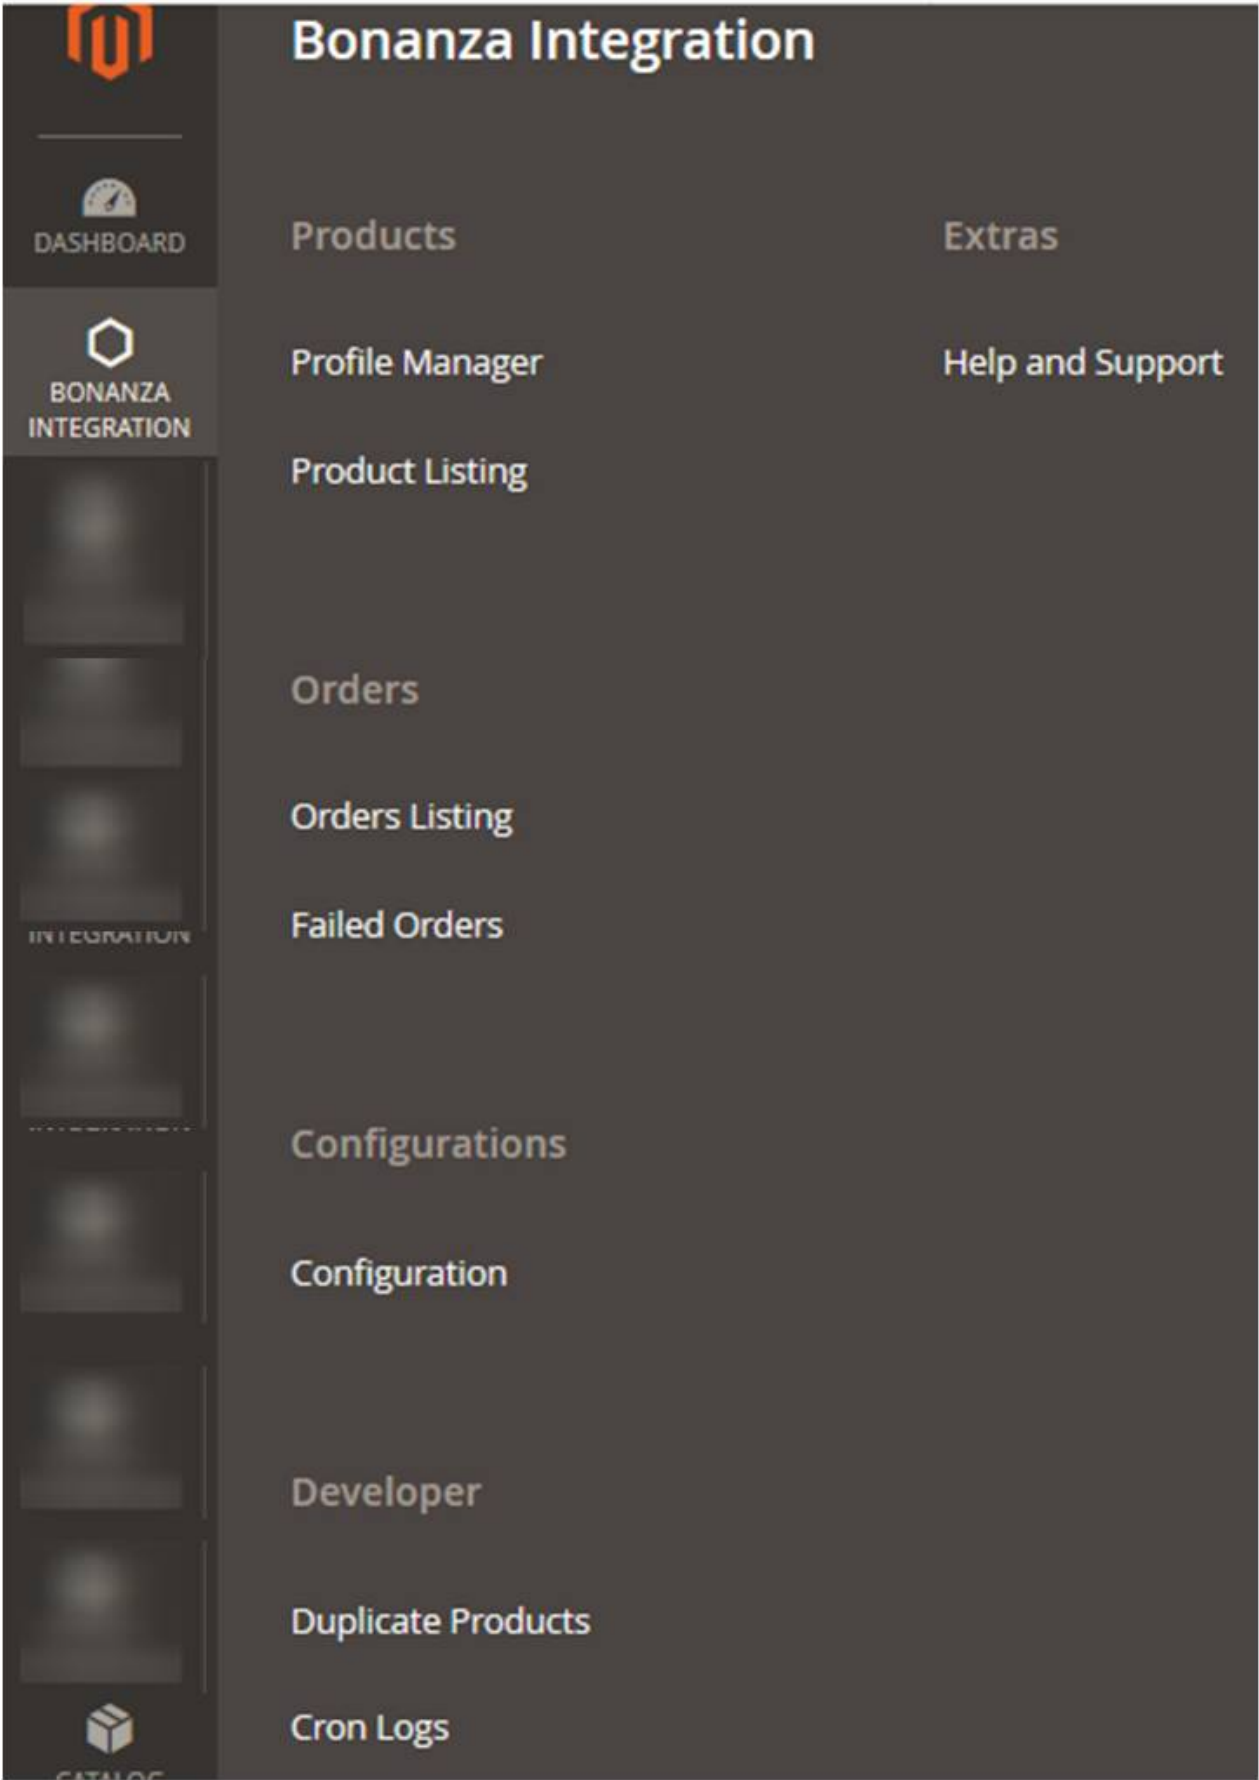

**In the following conditions, Orders are not imported from Bonanza :**

- If any product in the Bonanza Order is Out of Stock in the Magento 2 store.
- If any product in the Bonanza Order is disabled in the Magento 2 store.
- If any Product does not exist in Magento 2 or is deleted from the Magneto 2 store after uploading on Bonanza .
- If the selected Payment Method in Bonanza System Configuration Setting is not available in the Magento 2 store.

**To view Bonanza failed orders**

1. Go to the **Magento 2 Store Admin** panel.
2. On the left navigation bar, click the **BONANZA INTEGRATION** menu.

The menu appears as shown in the following figure:

3. Click **Failed Orders**.

The **Bonanza Failed Order** page appears as shown in the following figure:
