1. Overview

Trade Me is amongst one of the top internet auction websites operating in New Zealand.

It is New Zealand's most popular website and largest digital platform, with 75% of all domestic web traffic.

With 3.9 million registered users, it has a huge coverage. As 85% of the population of New Zealand holds a Trade Me account, the platform reaches a very broad demographic spread.

To make merchants experience the best selling results, CedCommerce brings the Trade Me Magento Integration that not only allows the sellers to sell on Trade Me but also empowers the Magento store owner to synchronize the product inventory, price and other crucial details between Magento and Trade Me.

-Key Features-

- **Profile Based Category and Attribute Mapping:** This extension authorizes the admin to map the Categories and Attributes based on the profile, at a single place on the admin panel.
- **Product Operation:** It allows admin to perform product related tasks such as Product Uploading, ReListing, and Syncing, using bulk management system.
- **Manage TradeMe Orders :** It allows admin to import orders from the TradeMe Marketplace to convert it into regular Magento Orders.
- **Easy Debug:** Easy debug process for hassle free products upload on the TradeMe marketplace.
- **Crons:** Cron job automates the process for Order management.

2. Configuration Settings

The first step that a seller needs to take is to complete the configuration while doing the TradeMe Magento Integration.

Once the TradeMe Magento Integration is successfully installed by the user. The configuration can be commenced.

For Configuration,

- Go to your Magento admin panel.
- On the top navigation bar, you may see **Trade Me**. Place the cursor on it and you will the options as shown in the figure below:

The screenshot shows the Magento Admin Panel interface. At the top, there is a navigation bar with various modules like Sales, Catalog, Customers, TradeMe, Promotions, eBay Product Importer, Bonanza, Newsletter, Amazonimporter, CMS, Newegg, Overstock, Walmart.ca, and Tophatter. The TradeMe menu is expanded, showing options: Manage Profiles, Manage Products, Trademe Orders, Developer, Configuration, and Help and Support. Below the navigation bar, there are several message notifications. The main dashboard area displays 'Lifetime Sales' as ₹1,516.54 and 'Average Orders' as ₹27.08. To the right, there is a section for 'Orders' and 'Amounts' with a 'Select Range' dropdown set to 'Last 24 Hours' and a message 'No Data Found'.

- Click on **Configuration**.
- You will be navigated to the configuration page which has sections as shown below:

The screenshot shows the 'TradeMe Configuration' page. At the top right, there is a 'Save Config' button. Below the header, there is a list of configuration sections: Account Setting, Product Settings, Order Settings, and Cron Settings. Each section has a dropdown arrow on the right side.

Account Settings-

- Click on **Account Settings** and the section will be expanded as shown below:

The screenshot shows the 'TradeMe Configuration' page with the 'Account Setting' section expanded. At the top right, there is a 'Save Config' button. The 'Account Setting' section is expanded to show various fields and buttons:

- Mode:** A dropdown menu is set to 'Sandbox'. Below it, there is a link '▲ Sandbox or Production Mode'.
- OAuth Consumer Key:** An empty text input field.
- OAuth Consumer Secret:** An empty text input field.
- OAuth Callback URL:** An empty text input field.
- OAuth Token Secret:** An empty text input field.
- OAuth Access Token:** An empty text input field.
- Verifier Code:** An empty text input field.
- Fetch Token:** An orange button labeled 'Fetch Token'. Below it, there is a link '▲ Fetch Temp Token and oauth varifier'.
- Validate Token:** An orange button labeled 'Validate Token'. Below it, there is a link '▲ Fetch Final Token and Token Secret'.
- Fetch Categories:** An orange button labeled 'Fetch Categories'.

- In **Mode**, select **Live** or **Sandbox** as per your needs.
- In the **OAuth Consumer Key**, enter the key which you can get from the TradeMe seller panel.

- In the **OAuth Consumer Secret**, enter the Secret Key that you get from your Trade Me seller panel.
- In the **OAuth Callback URL**, enter the URL that you can get from your TradeMe Seller Panel.

TradeMe Configuration

Save Config

Account Setting		
Mode	<input type="text" value="Sandbox"/>	[GLOBAL]
	<small>▲ Sandbox or Production Mode</small>	
OAuth Consumer Key	<input type="text"/>	[GLOBAL]
OAuth Consumer Secret	<input type="text"/>	[GLOBAL]
OAuth Callback URL	<input type="text"/>	[GLOBAL]
OAuth Token Secret	<input type="text"/>	[GLOBAL]
OAuth Access Token	<input type="text"/>	[GLOBAL]
Verifier Code	<input type="text"/>	[GLOBAL]
Fetch Token	<input type="button" value="Fetch Token"/>	
	<small>▲ Fetch Temp Token and oauth verifier</small>	
Validate Token	<input type="button" value="Validate Token"/>	
	<small>▲ Fetch Final Token and Token Secret</small>	
Fetch Categories	<input type="button" value="Fetch Categories"/>	

- Now, for **OAuth Token Secret**, **OAuth Access Token**, and **Verifier Code**, you need to click on **Fetch Token** button in the same section and a new tab gets opened with the details of **OAuth Token** and **OAuth Verifier**, as has been shown in the image below:

```
Array
(
    [oauth_token] => 
    [oauth_verifier] => 
)
```

(Note: If you have already logged in your TradeMe seller panel, you will get the details in a new tab as shown in the image above. If you have not logged in, you will be asked in the new tab to log in into your TradeMe seller panel and the moment you log in, the information will be provided as shown in the image above).

- You will see that by clicking on **Fetch Token**, the **OAuth Token Secret** and **OAuth Access Token** will be filled in the corresponding boxes automatically as shown in the image below:

TradeMe Configuration

Save Config

Account Setting		
Mode	<input type="text" value="Sandbox"/>	[GLOBAL]
	<small>▲ Sandbox or Production Mode</small>	
OAuth Consumer Key	<input type="text"/>	[GLOBAL]
OAuth Consumer Secret	<input type="text"/>	[GLOBAL]
OAuth Callback URL	<input type="text"/>	[GLOBAL]
OAuth Token Secret	<input type="text"/>	[GLOBAL]
OAuth Access Token	<input type="text"/>	[GLOBAL]
Verifier Code	<input type="text"/>	[GLOBAL]
Fetch Token	Success <input type="button" value="Fetch Token"/>	
	<small>▲ Fetch Temp Token and oauth verifier</small>	
Validate Token	<input type="button" value="Validate Token"/>	
	<small>▲ Fetch Final Token and Token Secret</small>	
Fetch Categories	<input type="button" value="Fetch Categories"/>	

- All that you need to do now is to copy the **Verifier Code** from the new tab that got opened upon clicking **Fetch Token**, paste it in the corresponding box, and click on **Validate Token**.
- The token will be successfully validated and you will see the message on top of the page as shown in the image below, in the red box:

The screenshot shows the TradeMe Configuration page. At the top, a green message box with a checkmark icon states "TradeMe Token Successfully Validated". Below this, the "TradeMe Configuration" header is visible with a "Save Config" button. The main content area is titled "Account Setting" and contains several fields for OAuth configuration. The "Mode" field is set to "Sandbox". The "Verifier Code" field is filled with a masked value. The "Fetch Token" button is highlighted in orange. Below it, a sub-section for "Validate Token" contains a "Validate Token" button, also highlighted in orange. The "Fetch Categories" button is also highlighted in orange.

- Now fetch the TradeMe categories by clicking on **Fetch Categories** button and a message stating **Category Fetched Successfully** will be displayed as shown in the image below.

The screenshot shows the TradeMe Configuration page after clicking the "Fetch Categories" button. The "TradeMe Configuration" header and "Save Config" button are still present. The "Account Setting" section is the same as in the previous screenshot, but the "Fetch Categories" button is now highlighted in orange and has a green message box above it that says "Category Fetched Successfully". The "Fetch Categories" button is also highlighted in orange.

Product Settings-

- Click on the Product Settings section and it will be expanded as shown below:

Product Settings

TradeMe Product Price: [GLOBAL]
▲ Select to send different product price to TradeMe

Select Payment Methods: [GLOBAL]

Select Shipping Options: [GLOBAL]

Shipping Price(for Custom Type Only): [GLOBAL]
▲ Fill for Custom Shipping Type Only

Shipping Method(for Custom Type Only): [GLOBAL]
▲ Fill for Custom Shipping Type Only

Select Store: [GLOBAL]
▲ Select Store to get product data.

Chunk Size (Product Upload): [GLOBAL]

- In the TradeMe Product Price, you have options to select a price to be sent to TradeMe for your Magento Products. The options can be seen in the image below:

TradeMe Configuration Fetch Token Save Config

Validate Token Fetch Final Token and Token Secret

Fetch Categories Category Fetched Successfully

Product Settings

TradeMe Product Price: [GLOBAL]
▲ Select to send different product price to TradeMe

Select Payment Methods: [GLOBAL]

Select Shipping Options: [GLOBAL]

Shipping Price(for Custom Type Only): [GLOBAL]
▲ Fill for Custom Shipping Type Only

Shipping Method(for Custom Type Only): [GLOBAL]
▲ Fill for Custom Shipping Type Only

- **Increase By Fixed Price:** By selecting this, you can increase the price of your Magento Product on TradeMe by entering a particular amount. For example, if your product is for US\$100 on Magento, and if you increase the price by fixed amount and enter 50 in the corresponding box, then your product will be available on TradeMe for US\$150.

The screenshot shows the 'Product Settings' interface. The 'TradeMe Product Price' dropdown is set to 'Increase By Fixed Price'. Below it, there is a text input field for 'Enter Amount'. The 'Select Payment Methods' dropdown is open, showing options: None, BankDeposit, CreditCard, Cash, SafeTrader, Other, and Afterpay. All settings are marked as '[GLOBAL]'.

- **Increase By Fixed Percentage:** By selecting this, you can increase the price of your Magento Product on TradeMe by entering a particular amount in the corresponding box which will be considered as a percentage. For example, if your product is for US\$100 on Magento, and if you increase the price by fixed percentage and enter 20 in the corresponding box, then your product will be available on TradeMe for US\$120 (20% of US\$100=US\$20. And the price on TradeMe will be US\$100+US\$20=US\$120).
- **Decrease By Fixed Price:** By selecting this, you can decrease the price of your Magento Product on TradeMe by entering a particular amount. For example, if your product is for US\$100 on Magento, and if you decrease the price by fixed amount and enter 50 in the corresponding box, then your product will be available on TradeMe for US\$50.
- **Decrease By Fixed Percentage:** By selecting this, you can decrease the price of your Magento Product on TradeMe by entering a particular amount in the corresponding box which will be considered as a percentage. For example, if your product is for US\$100 on Magento, and if you decrease the price by fixed percentage and enter 20 in the corresponding box, then your product will be available on TradeMe for US\$80 (20% of US\$100=US\$20. And the price on TradeMe will be US\$100-US\$20=US\$80).
- **Set Individually For Each Product:** By selecting this option, the Map Attribute section appears as shown in the image below:

The screenshot shows the 'Product Settings' interface. The 'TradeMe Product Price' dropdown is set to 'set individually for each product'. Below it, there is a text input field for 'Enter Amount'. The 'Map Attribute' dropdown is set to 'Price'. All settings are marked as '[GLOBAL]'.

- From the drop down, select the **Attribute Code** and the custom fixed price will be fetched from the code and this is the price that will be sent to TradeMe for your Magento products.
- Now select payment method in the **Select Payment Method** for order as shown in the image below:

Select Payment Methods	<input type="checkbox"/> None <input type="checkbox"/> BankDeposit <input type="checkbox"/> CreditCard <input type="checkbox"/> Cash <input type="checkbox"/> SafeTrader <input type="checkbox"/> Other <input type="checkbox"/> Afterpay	[GLOBAL]
------------------------	---	----------

- In **Select Shipping Options**, select the shipping option from the options as shown in the image below:

Select Shipping Options	<input type="checkbox"/> None <input type="checkbox"/> Undecided <input type="checkbox"/> Pickup <input type="checkbox"/> Free <input type="checkbox"/> Custom <input type="checkbox"/> Trademe	[GLOBAL]
-------------------------	--	----------

- In **Shipping Price(For Custom Type Only)**, enter the shipping price if you have chosen **Custom** in the **Select Shipping Options**.
- In **Shipping Method(For Custom Type Only)**, enter the shipping method if you have chosen **Custom** in the **Select Shipping Options**.
- In **Select Store**, select the store from which you want to export your products to the TradeMe Marketplace.
- In the **Chunk Size (Product Upload)**, enter the quantity of product(s) you want to be uploaded on TradeMe from your Magento store in one batch.

Order Settings-

- Click on Order Settings and the section gets expanded as shown below:

Order Settings		
Select Store	<input type="text" value="Default Store View"/> [GLOBAL] <small>▲ Select Store to get Trademe Orders.</small>	[GLOBAL]
Select Order Filter	<input type="text" value="Sale Completed"/> [GLOBAL] <small>▲ Select Store to get Trademe Orders.</small>	[GLOBAL]
Shipping Method	<input type="text" value="Trademe Shipping"/> [GLOBAL] <small>▲ Select Shipping Method to get Trademe Orders.</small>	[GLOBAL]
Payment Method	<input type="text" value="Trade Me"/> [GLOBAL] <small>▲ Select Payment Method to get Trademe Orders.</small>	[GLOBAL]
Order Customer Group	<input type="text" value="NOT LOGGED IN"/> [GLOBAL]	[GLOBAL]
Create Order if product is OutOfStock	<input type="text" value="No"/> [WEBSITE]	[WEBSITE]
e-mail Id for order notification	<input type="text"/>	[GLOBAL]

- In the **Select Store**, select the store on which you want the TradeMe orders to be imported.

- In the **Select Order Filter**, select the time duration after which you want the orders to be imported from TradeMe.
- In the **Shipping Method**, select the TradeMe Shipping Method.
- In **Payment Method**, select Payment Method to get Trademe Orders on Magento.
- In **Order Customer Group**, select the group on which the customers along with their information and their order details will be listed.
- In **Create Order if product is Out Of Stock**, if you select **Yes**, then products which are out of stock will also be acknowledged on TradeMe if they have been ordered. If **No** is selected, no action will be taken for the products which are out of stock, if they have been ordered.
- Enter the e-mail id on which you will be getting notifications regarding the orders in the **e-mail Id for Order Notification**.

Cron Settings-

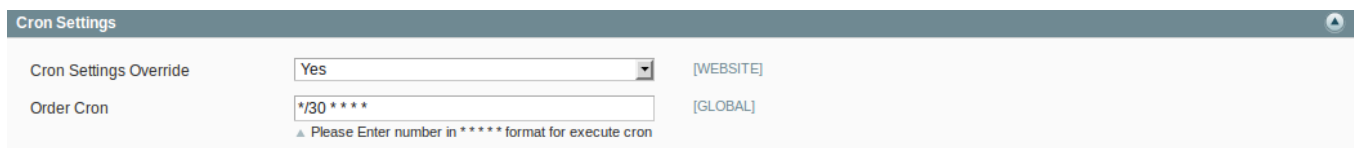

- Click on the Cron Settings section and it gets expanded as shown below:

Cron Settings

Cron Settings Override [WEBSITE]

- Now, if you want to customize or change the cron settings, then select **Yes**, in the Cron Settings Override. The section gets expanded as shown below:

Cron Settings

Cron Settings Override [WEBSITE]

Order Cron [GLOBAL]
 ▲ Please Enter number in * * * * * format for execute cron

- In the **Order Cron**, enter the number in minutes and after every time interval of those minutes, the orders will be synced to Magento from TradeMe.

3. Profile Management

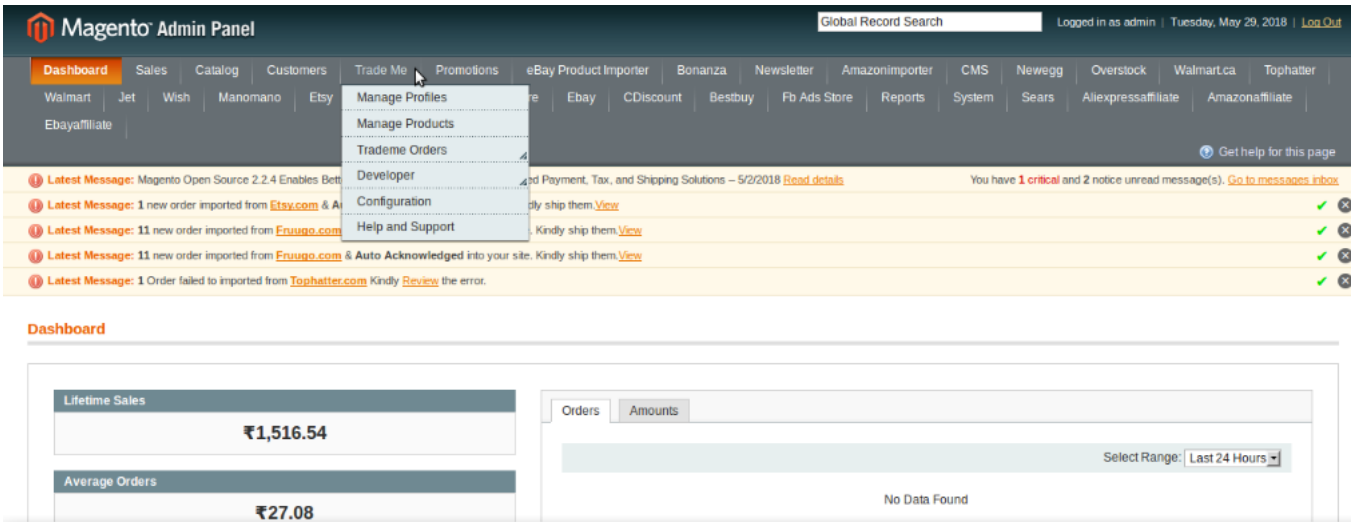

While doing the TradeMe Magento Integration, the next step after configuration is the management of profile(s). While doing the management of profiles, you may:

- Add new profile
- Edit the profile
- Delete new profile

3.1. Add New Profile

To Add a New Profile,

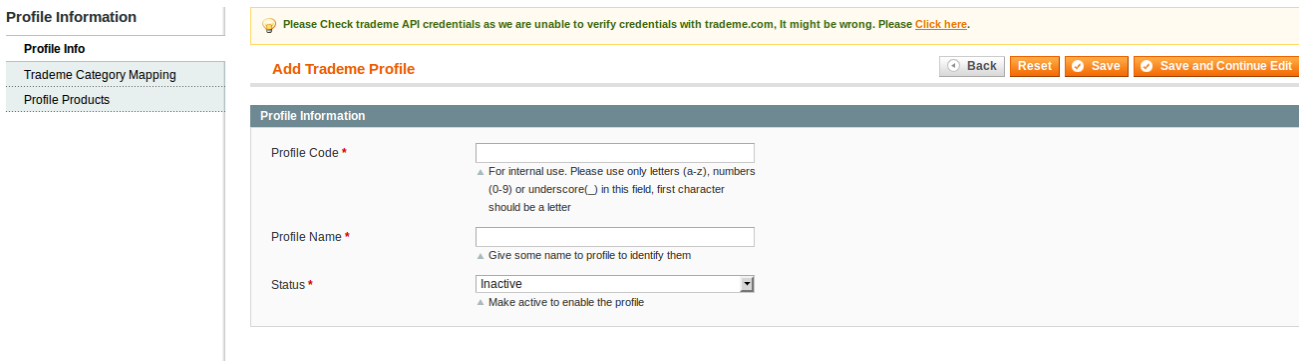

- Go to your Magento Admin Panel.
- On the top navigation bar, place cursor on Trade Me, and amongst the options displayed, click on Manage Profiles.

- On clicking it, you will be navigated to the page which will have a section for profile(s) as shown below:

- Click on Add a New Profile, and you will be taken to a page with sections as shown in the image below:

- In the **Profile Code**, enter the code for your profile that you're creating, as per your needs. Please use only letters (a-z), numbers (0-9) or underscore(_) in this field, first character should be a letter
- In the **Profile Name**, enter the name by which you want your profile to be created.
- Select **Active** in the **Status** part, to activate your profile.

Once done with this section, click on TradeMe Category Mapping from the left panel of the page. The section will appear as shown in the image below:

- Profile Information
- Profile Info
- TradeMe Category Mapping
- Profile Products

Please Check trademe API credentials as we are unable to verify credentials with trademe.com, It might be wrong. Please [Click here](#).

Add Trademe Profile

TradeMe Category Mapping

Select Preferred trademe Category to be Mapped

Category Dependent Attribute Mapping (Trademe-Magento Attribute Mapping)

Trademe Attribute	Magento Catalog Attribute	Default Value	Action
+			<input type="button" value="Add Attribute"/>

Required/Optional Attribute Mapping (Trademe-Magento Attribute Mapping)

Trademe Attribute	Magento Catalog Attribute	Default Value	Action
Title	Name		
StartPrice	Price		
Description	Description		
Subtitle	Short Description		
SKU	SKU		
Duration	Please select a option		
			<input type="button" value="Add Attribute"/>

- Now, in the first section of TradeMe Category Mapping, select the preferred TradeMe Category to be Mapped. Once you select it, the second section of Category Dependent Attribute Mapping (Trademe-Magento Attribute Mapping) section expands as shown below:

Add Trademe Profile

TradeMe Category Mapping

Select Preferred trademe Category to be Mapped

Category Dependent Attribute Mapping (Trademe-Magento Attribute Mapping)

Trademe Attribute	Magento Catalog Attribute	Default Value	Action
Model	Please select a option		
Year	Please select a option		
Kilometres	Please select a option		
Approximate value	Please select a option		
On road costs included	Please select a option		
Body style	Please select a option		
			<input type="button" value="Add Attribute"/>

- Map the **TradeMe Attributes** with **Magento Catalog Attributes**.
- In the third section of **Required/Optional Attribute Mapping (Trademe-Magento Attribute Mapping)**, map the attributes if needed.

Trademe Attribute	Magento Catalog Attribute	Default Value	Action
Title	Name		
StartPrice	Price		
Description	Description		
Subtitle	Short Description		
SKU	SKU		
Duration	Please select a option		

[Add Attribute](#)

Now after completing the mapping step, click **Profile Products** from the left panel of the page. The page appears as shown below:

Profile Information

- Profile Info
- Trademe Category Mapping
- Profile Products**

Please Check trademe API credentials as we are unable to verify credentials with trademe.com, It might be wrong. Please [Click here](#).

Add Trademe Profile [Back](#) [Reset](#) [Save](#) [Save and Continue Edit](#)

Page 1 of 48 pages | View 20 per page | Total 955 records found [Reset Filter](#) [Search](#)

Select All	Unselect All	Select Visible	Unselect Visible	0 items selected										
					Id	Profile	Category	Product Name	Type	Attrib. Set Name	SKU	Price	Qty	Status
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>									From: <input type="text"/> To: <input type="text"/> In: INR		
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		1	home, security, shoes	Hand bag	Simple Product	Default	hand bag		₹1,000.00	90	Enabled
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		2	test sub category	t-shirt	Simple Product	Default	Config1T-SHIRT SKU750734		₹1,000.00	100	Enabled
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		3	Default Category, test sub category	Lunch box	Simple Product	Default	parent_sku 1		₹100.00	100	Enabled

- Now your products are listed here and from these products, select those that you want to assign to the profile you are creating.
- For assigning/adding product(s) to your profile, select the product(s) and click on **Save** button on the top right side of the page.
- Your profile will be created and you'll be navigated to the profile listing page where you can see the success message for profile creation (as shown in the figure) as well as your profile which has now been created:

✔ The profile has been successfully saved.

Trademe Profile [Add New Profile](#)

Page 1 of 1 pages | View 20 per page | Total 1 records found [Reset Filter](#) [Search](#)

Select All	Unselect All	Select Visible	Unselect Visible	0 items selected					
					ID	Profile Name	Profile Code	Profile Status	Action
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		1	Bag	Bag	Active	View/Edit

3.2. Editing the Profile

To Edit the Profile,

- Go to your Magento Admin Panel.
- On the top navigation bar, place cursor on Trade Me.

The screenshot shows the Magento Admin Panel interface. At the top, there is a navigation bar with various menu items including 'Trade Me'. A dropdown menu is open under 'Trade Me', showing options like 'Manage Profiles', 'Manage Products', 'Trademe Orders', 'Developer', 'Configuration', and 'Help and Support'. Below the navigation bar, there are several notification messages. The main content area displays the 'Dashboard' with a 'Lifetime Sales' widget showing ₹1,516.54 and an 'Average Orders' widget showing ₹27.08. To the right, there is a section for 'Orders' and 'Amounts' with a 'Select Range' dropdown set to 'Last 24 Hours' and a 'No Data Found' message.

- Click on Manage profiles. You will be navigated to page as shown below:

The screenshot shows the 'Trademe Profile' management page. At the top right, there is an 'Add New Profile' button. Below the header, there is a pagination and filtering section with 'Page 1 of 1 pages', 'View 20 per page', and 'Total 1 records found'. There are also 'Reset Filter' and 'Search' buttons. Below this is a table with columns for 'ID', 'Profile Name', 'Profile Code', 'Profile Status', and 'Action'. The table contains one row with the following data: ID 1, Profile Name 'Bag', Profile Code 'Bag', Profile Status 'Active', and Action 'View/Edit'.

- Now click on the **View/Edit** sign in the last column adjacent to the profile, under **Actions**. You will be navigated to the page as shown below:

The screenshot shows the 'Profile Information' editing page. On the left, there is a sidebar with 'Profile Info', 'Trademe Category Mapping', and 'Profile Products'. The main content area has a warning message: 'Please Check trademe API credentials as we are unable to verify credentials with trademe.com, it might be wrong. Please Click here.' Below the warning, there is an 'Add Trademe Profile' section with 'Back', 'Reset', 'Save', and 'Save and Continue Edit' buttons. The 'Profile Information' form includes fields for 'Profile Code' (with a value of 'bag'), 'Profile Name' (with a value of 'Bag'), and 'Status' (with a value of 'Active'). Each field has a small tooltip providing additional instructions.

- Here, you may change the profile name or status of the profile.
- Similarly, from the left panel, you may make changes to the mapping and assignment of products to the profile you're editing.
- Once the editing is done, click on the **Save** button and the changes will be saved.
- If you want to continue the editing, you may click the **Save and Continue Edit** button.

You may also change the status of the profile from the page where all your profiles are listed. To do that,

- Go to your Magento Admin Panel.
- On the top navigation bar, place cursor on Trade Me.

The screenshot shows the Magento Admin Panel interface. The top navigation bar includes 'Trade Me' with a dropdown menu containing 'Manage Profiles', 'Manage Products', 'Trademe Orders', 'Developer', 'Configuration', and 'Help and Support'. Below the navigation bar, there are several notification messages. The main dashboard area displays 'Lifetime Sales' as ₹1,516.54 and 'Average Orders' as ₹27.08. To the right, there is a section for 'Orders' and 'Amounts' with a 'Select Range' dropdown set to 'Last 24 Hours' and a 'No Data Found' message.

- Click on Manage profiles. You will be navigated to page as shown below:

The screenshot shows the 'Trademe Profile' management page. At the top right, there is an 'Add New Profile' button. Below the header, there are pagination controls: 'Page 1 of 1 pages | View 20 per page | Total 1 records found'. There are also 'Reset Filter' and 'Search' buttons. Below these, there is a table with columns: 'ID', 'Profile Name', 'Profile Code', 'Profile Status', and 'Action'. The table contains one row with the following data: ID: 1, Profile Name: Bag, Profile Code: Bag, Profile Status: Active, and Action: View/Edit.

ID	Profile Name	Profile Code	Profile Status	Action
1	Bag	Bag	Active	View/Edit

- Now select all profiles by clicking **Select All** in the left side of page above the listing, or select the product for which you want the status to be changed.
- Now click on the drop down menu of Actions bar on the top right of the page. The option will appear as shown below:

- Now you may change the status of your profile to **Active** or **Inactive** and click on the **Submit** button.
- The status will be changed.

3.3. Delete a Profile

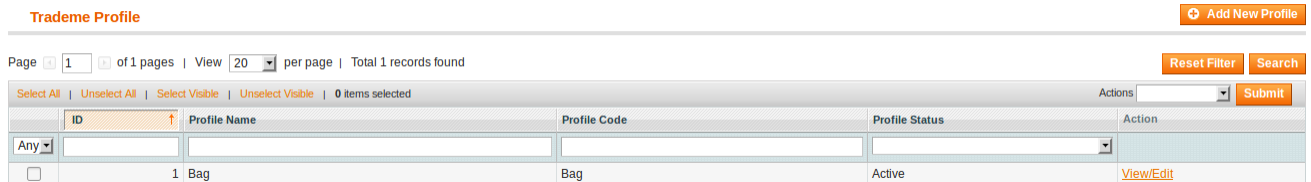

To Delete a Profile,

- Go to Magento admin panel.
- Place cursor on top navigation bar at **Trade Me**.

The screenshot shows the Magento Admin Panel interface. The top navigation bar includes 'Trade Me' and 'Promotions'. A dropdown menu is open under 'Trade Me', with 'Manage Profiles' selected. Below the navigation bar, there are several notification messages. The main dashboard area shows 'Lifetime Sales' at ₹1,516.54 and 'Average Orders' at ₹27.08. A table for 'Orders' is visible, but it contains 'No Data Found'.

- Click on Manage Profile.

The screenshot shows the 'TradeMe Profile' management page. At the top right, there is an 'Add New Profile' button. Below the header, there are pagination controls: 'Page 1 of 1 pages | View 20 per page | Total 1 records found'. There are also 'Reset Filter' and 'Search' buttons. A table lists the profiles with columns for 'ID', 'Profile Name', 'Profile Code', 'Profile Status', and 'Action'. One profile is listed: '1 Bag' with 'Bag' as the profile code and 'Active' as the status. The 'Action' column contains a 'View/Edit' link.

ID	Profile Name	Profile Code	Profile Status	Action
1	Bag	Bag	Active	View/Edit

- Now select the profile(s) that you want to delete or you may select all the profile by clicking **Select All** on the top left of page above the profiles.
- Now click the actions menu on the top right of page.

4. Product Management

On the **Product Manager** page, the admin can perform the following tasks:

- Submit certain actions on the selected products such as
 - Uploading the Product(s)
 - Syncing the Product(s)
 - ReListing the Product(s)
- View and edit the product information

4.1. Submit Actions for Products

To submit the actions on the product page,

- Go to Magento admin panel.
- Place the cursor on Trade Me on the top navigation bar.

The screenshot shows the Magento Admin Panel interface. At the top, there is a navigation bar with various menu items including 'Trade Me'. A dropdown menu is open under 'Trade Me', with 'Manage Products' highlighted. Below the navigation bar, there are several message notifications. The main content area displays a 'Dashboard' with two key metrics: 'Lifetime Sales' at ₹1,516.54 and 'Average Orders' at ₹27.08. To the right, there is a section for 'Orders' and 'Amounts' with a 'Select Range' dropdown set to 'Last 24 Hours' and a 'No Data Found' message.

- Click on Manage Products. You will be navigated to the page as shown in the image below:

The screenshot shows the 'Product Manager' page in the Magento Admin Panel. At the top, there are navigation options for 'Page' (1 of 1 pages) and 'View' (20 per page). Below this, there are buttons for 'Reset Filter' and 'Search'. The main content is a table with the following columns: ID, SKU, Name, Profile Id, Price, Qty, Visibility, Status, Type, Trademe Status, and Actions. The table contains one row of data:

ID	SKU	Name	Profile Id	Price	Qty	Visibility	Status	Type	Trademe Status	Actions
1	test-001	Trademe product	1	\$27.99	8	Catalog, Search	Enabled	Simple Product	UPLOADED	

- Now select the product(s) for which you want to take actions. You may select product in bulk by clicking **Selecting All** on the top left side of page above the listings, or you may select a single product.
- Now click on **Actions** menu on the top right side of the page. The actions that you will see can be seen in the image below:

5. TradeMe Orders

To manage the TradeMe orders i.e., importing them to the Magento panel and viewing them, you may go to the TradeMe Orders from your Magento admin panel.

To do that,

- Go to your Magento admin panel.
- Place cursor on Trade Me on the top navigation bar of the admin panel.
- Now place cursor on TradeMe Orders and it will be expanded further as shown below:

This is a demonstration store. No real products. No real prices. No real charges. This demo store will be reset automatically in 6 AM (IST). The extension's settings will also be returned to the default ones.

Go To Admin Panel | Back To Store

- Now you may see all the order details.

6. Developer Settings

Under the Developer section, an admin may view or manage the settings listed below:

- TradeMe Categories
- Activity Logs
- Cron Logs

6.1. TradeMe Categories

To see the Trade Me Categories on your Magento Admin Panel,

- Go to Magento Admin Panel.
- Place cursor on **TradeMe** on the top navigation bar, and then on **Developer**. You can see TradeMe

categories which you need to click at.

The screenshot shows the Magento Admin Panel interface. The top navigation bar includes 'Trade Me' and 'Promotions'. A dropdown menu is open under 'Trade Me', showing options like 'Manage Profiles', 'Manage Products', 'Trademe Orders', 'Developer', 'Configuration', 'Help and Support', 'Trademe Categories', 'Activity Logs', and 'Cron Logs'. The 'Activity Logs' option is highlighted. Below the navigation bar, there are several notification messages. The main content area shows a 'Dashboard' with 'Lifetime Sales' at ₹1,516.54 and 'Average Orders' at ₹27.08. To the right, there is a section for 'Orders' and 'Amounts' with a 'Select Range' dropdown set to 'Last 24 Hours' and a 'No Data Found' message.

- On clicking it, you will be navigated to the categories' page as shown below:

Trademe Category Listing Truncate

7. Support and Help

Help and Support section is an exclusivity that helps the admins with information that can help them with any issue that they may face while doing the integration or while selling on TradeMe.

It includes:

- **Documentation**
- **Support from CedCommerce**

To get the Documentation or the TradeMe Integration Extension User Guide,

- Go to Magento admin panel.
- Place cursor on the TradeMe menu on the top navigation bar.

The screenshot shows the Magento Admin Panel interface. At the top, there is a navigation bar with various menu items including 'Trade Me', 'Promotions', 'eBay Product Importer', 'Bonanza', 'Newsletter', 'Amazonimporter', 'CMS', 'Newegg', 'Overstock', 'Walmart.ca', and 'Tophatter'. The 'Trade Me' menu is expanded, showing options like 'Manage Profiles', 'Manage Products', 'Trademe Orders', 'Developer', 'Configuration', and 'Help and Support'. Below the navigation bar, there are several notification messages (Latest Message) regarding order imports and acknowledgments. The main dashboard area displays 'Lifetime Sales' as ₹1,516.54 and 'Average Orders' as ₹27.08. There is also a section for 'Orders' and 'Amounts' with a 'Select Range' dropdown set to 'Last 24 Hours' and a 'No Data Found' message.

- Now click on Help and Support.

- On clicking it, you will be navigated to page as shown below:
