1. Overview

Vendor Promotion Rules Addon is a sort of evolution in Marketplace for Magento® 2. The Admin has a rights to enable or disable this feature and allow vendors to set the promotion rules for their products.

The Key features of the add-on on the Admin panel are as follows:

- Admin can enable or disable Vendor Promotion Rules Addon.
- Rules created by the admin, applies to all the vendor's products.

The add-on functions only with the **CedCommerce Multi-Vendor Marketplace** extension. The add-on includes all the features of the extension. The admin has to install the **CedCommerce Multi-Vendor Marketplace** extension before installing the add-on.

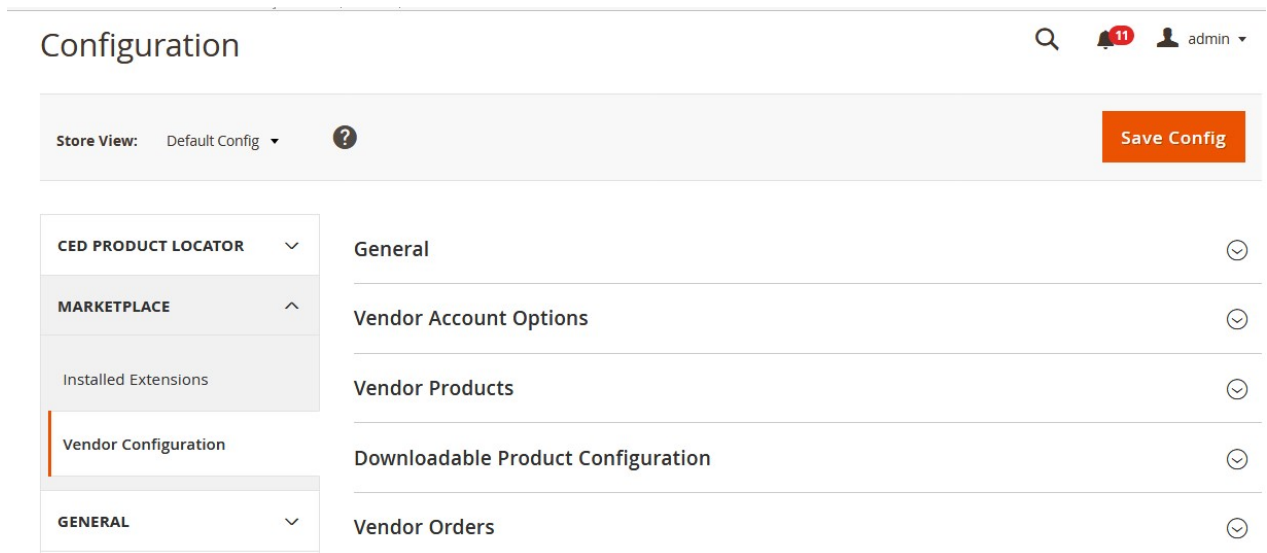

This admin guide covers only the add-on feature. For more information on the **Admin** panel of the **CedCommerce Multi-Vendor Marketplace** extension, refer to the CedCommerce Multi-Vendor Marketplace Admin Guide link. For more information on the **Vendor** panel of the **CedCommerce Multi-Vendor Marketplace** extension, refer to the CedCommerce Multi-Vendor Marketplace User Guide link.

2. Enable Vendor Promotion Rules Addon

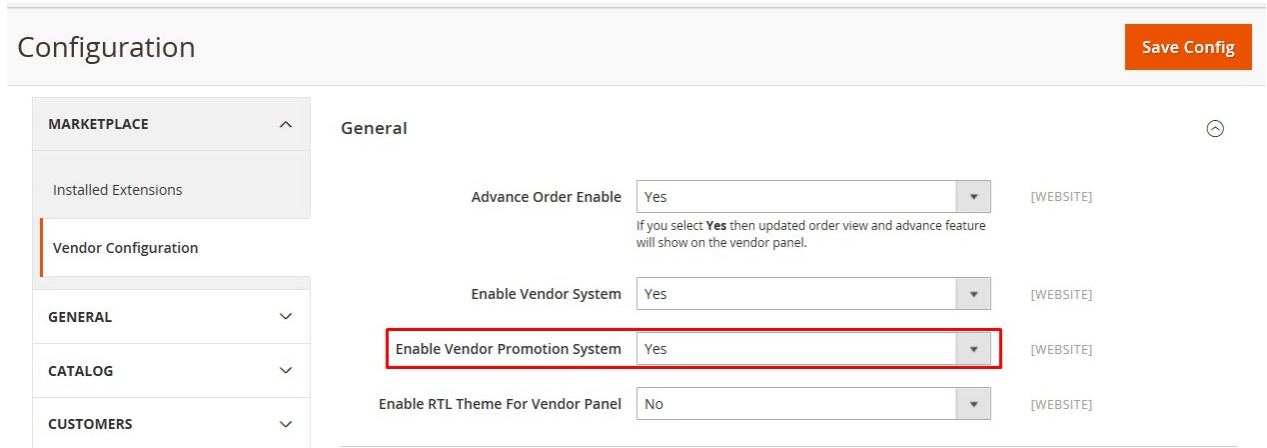

The admin can enable or disable the features for vendors to allow them to set the promotion rules for their products. The admin has to enable **Vendor Promotions Rules Addon** configuration setting.

To enable vendor promotion rules:

1. Go to the Admin panel.
2. On the left navigation bar, click the **MARKETPLACE** menu, and then click **Vendor Configuration**. The **Configuration** page appears as shown in the following figure:

3. In the right panel, click the **General** tab. The associated fields appear as shown in the following figure:

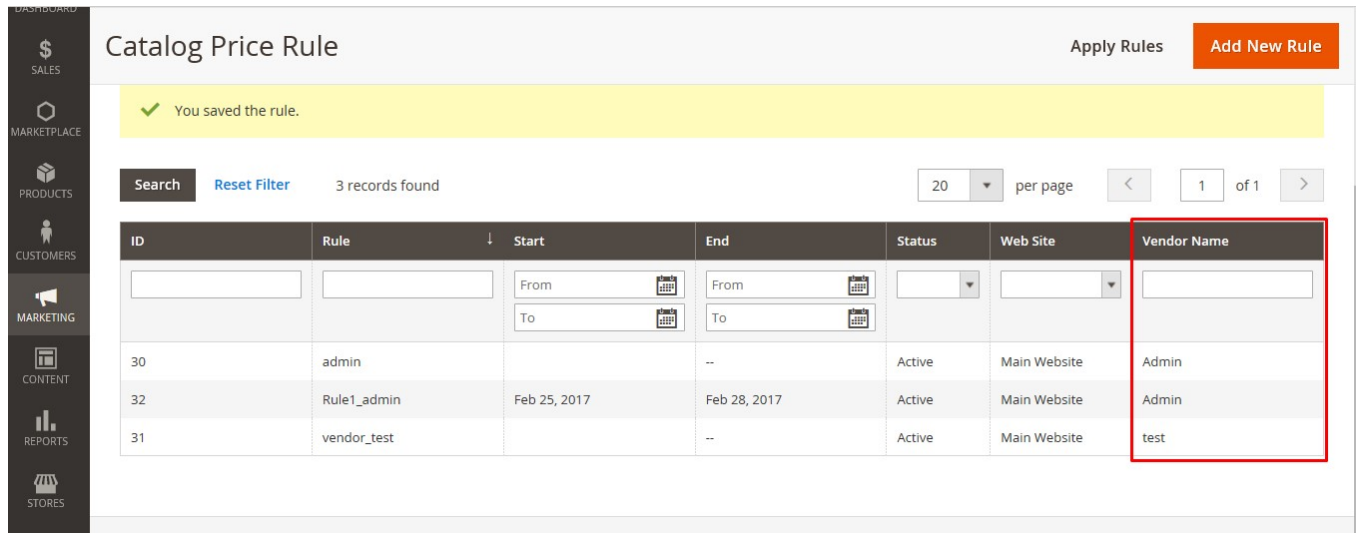

- Under **General**, in the **Enable Vendor Promotion System** list, select **Yes**.
Note : If the user selects the **No** option, then the vendors are not allowed to set the promotion rules for their products.
- Click the **Save Config** button.

3. Modifications in the Catalog Price Rule View

Once the admin enables the **Vendor Promotion Rules** add-on, the **Vendor Name** column is added in the **Catalog Price Rule** table view.

Now, with the help of this column, the admin can view the name of the vendors, who had set the catalog price rules for their products.

The **Catalog Price Rules** page appears as shown in the following figure:

4. Modifications in the Cart Price Rule View

Similarly, the admin enables the **Vendor Promotion Rules** add-on, the **Vendor Name** column is added in

the **Cart Price Rules** table view.

Now, with the help of this column, the admin can view the name of the vendors, who had set the cart price rules for their products.

The **Cart Price Rules** page appears as shown in the following figure:

The screenshot shows the 'Cart Price Rules' admin interface. At the top right is an 'Add New Rule' button. Below the header, there is a search bar with 'Search' and 'Reset Filter' buttons, and a status '13 records found'. A pagination control shows '20 per page' and '1 of 1' records. The main table has the following columns: ID, Rule, Coupon Code, Start, End, Status, Web Site, Priority, and Vendor Name. The 'Vendor Name' column is highlighted with a red border. The table contains two rows of data:

ID	Rule	Coupon Code	Start	End	Status	Web Site	Priority	Vendor Name
			From To	From To				
4	test			--	Active	Main Website	0	test
5	Rule1_Cart_Admin			--	Active	Main Website	0	Admin
