## 1. Overview

With an inventive and advanced outlook, CedCommerce has developed the Facebook Store Integration for Magento users that establishes a connection between the seller's Magento store and Facebook page.

With this easy-to-manage solution, sellers not only get the liberty to manage the products on their Facebook page, but they can also reach out to their end customers using the formidable social media platform – Facebook!

This solution enables the users to experience that:

- Changes made in the products details are reflected on Facebook Page.
- It's an easy process of advertising products on Facebook Page via iFrame.
- At checkout, users get navigated to your marketplace store.

### Key Features at a Glance:

- Bulk Product Listing
- Advertising Products on Facebook in a Single Click
- Ease in Information Listing
- Reach Targeted and Potential Users
- Navigation to the store at Checkout

## 2. Configuration

Once you have installed the Facebook Store Integration for Magento in your Admin Panel, you need to complete the Configuration process as shown in this section of the guide.

### To Complete the Configuration:

- Go to the Magento Admin Panel.
- On the top navigation bar, you can see the **FB Store**.
- Take the cursor to it and the menu will appear to you as shown in the image below:

- Now click on Configuration. Upon doing so, you will be navigated to the page as shown below:

- In CedCommerce FB Store Setting tab:
  - Select Yes to enable the extension.
  - Note: By selecting NO, you disable the extension.
- Upon selecting Yes, the tab will get expanded as shown in the figure:

## Fb Configuration

Save Config

CedCommerce Fb Store Setting		
Enabled	Yes	[WEBSITE]
Upload Banner	Browse... No file selected.	[GLOBAL]
	▲ Upload Banner	

- Now, in **Upload Banner**, browse the Banner Image that you want to use as your Facebook page's banner image, from your system.
- Once you've selected the image, click on the **Save Config** button on the top right side of the page.
- You configuration settings will be saved and you are now done with the Configuration Process.

### 3. Manage Product Listing

After the Configuration is done, seller needs to go to the Manage Product Listing page to manage the listing of products on its Facebook page. From here, a seller may:

- Add Listing(<https://docs.cedcommerce.com/cedcommerce/magento-facebook-store-front-user-guide-by-cedcommerce/?section=add-product-listing>)
- Show Listing(<https://docs.cedcommerce.com/cedcommerce/magento-facebook-store-front-user-guide-by-cedcommerce/?section=show-the-listing>)
- Remove Listing(<https://docs.cedcommerce.com/cedcommerce/magento-facebook-store-front-user-guide-by-cedcommerce/?section=remove-the-listing>)

#### 3.1. Add Product Listing

To list the products on Facebook store's page, a seller firstly needs to Add the Product Listing to the Facebook page.

##### For Adding the Product List:

- Go to your Magento Admin Panel.
- On the top navigation bar, move the cursor to the **Fb Store**. It looks as shown in the figure below:

- Now click on **Manage Product Listing**. On doing so, you'll get navigated to the page as shown below:
