# 1. Overview

Noths Integration for Magento is an extension, developed by CedCommerce helps to integrate the Magento store with Noths by establishing a synchronization of orders, and refunds with the help of Noths API.

The CRONs implemented in this extension help to automate the process thereby keeping it up to date.

This extension interacts with Noths Marketplace to integrate the synchronized orders between the Magento and the Noths retailers.

#### The features of the Noths Integration for Magento 2 extension are as follows:

- Automated Order Import & Acknowledgement
- Shipment and Cancellation of Orders
- Automated Shipment with Shipworks/Shipstation
- Multiple Shipment of an Order
- Knowledge Base

### 2. Installation of the extension

- Go to the Magento Admin panel.
- On the top navigation bar, point to the **System** menu. The menu appears as shown in the following figure:

• Point to the **Magento Connect** menu, and then click **Magento Connect Manager**. The page appears as shown in the following figure:
