1. Overview

Lazada is the topmost online shopping and selling e-commerce platform in South East Asia, It has 27,000 active sellers and more than 48 million sites visit them in a month and it is growing uniformly.

Lazada Group has become the Top-most online shopping and selling destination in South-east Asia. It was launched in 2012. As the explorer of the e-commerce in south-east Asia, Lazada has more than 1,45,000 local and international sellers, as well as 3,000 brands serving and 560 million consumers, are connected through this marketplace.

Lazada has very low demands from the sellers. They provide a very fast and easy fulfillment of orders. They have very low shipping rates across the board.

Lazada Integration for OpenCart is an API integration that helps OpenCart store owners to sell their products on Lazada and also to synchronize inventory, price, and other product details for product creation and management between OpenCart store and Lazada marketplace.

Lazada OpenCart Integration extension interacts with Lazada marketplace to integrate the synchronized product listing between OpenCart and Lazada retailers.

Key Features:

Easy Product Listing: Export all products of the store to Lazada.com.

Order Management: Manipulate the Lazada orders from YOUR store.

Information Update: Any change in your store's product(s) gets reflected on Lazada.

Error Notification: Get notified of the errors while uploading the products and their details.

Inventory Update: Inventory changes are tracked and updated.

Bulk Upload: Upload as many products as you want, with the Bulk Product Upload mechanism.

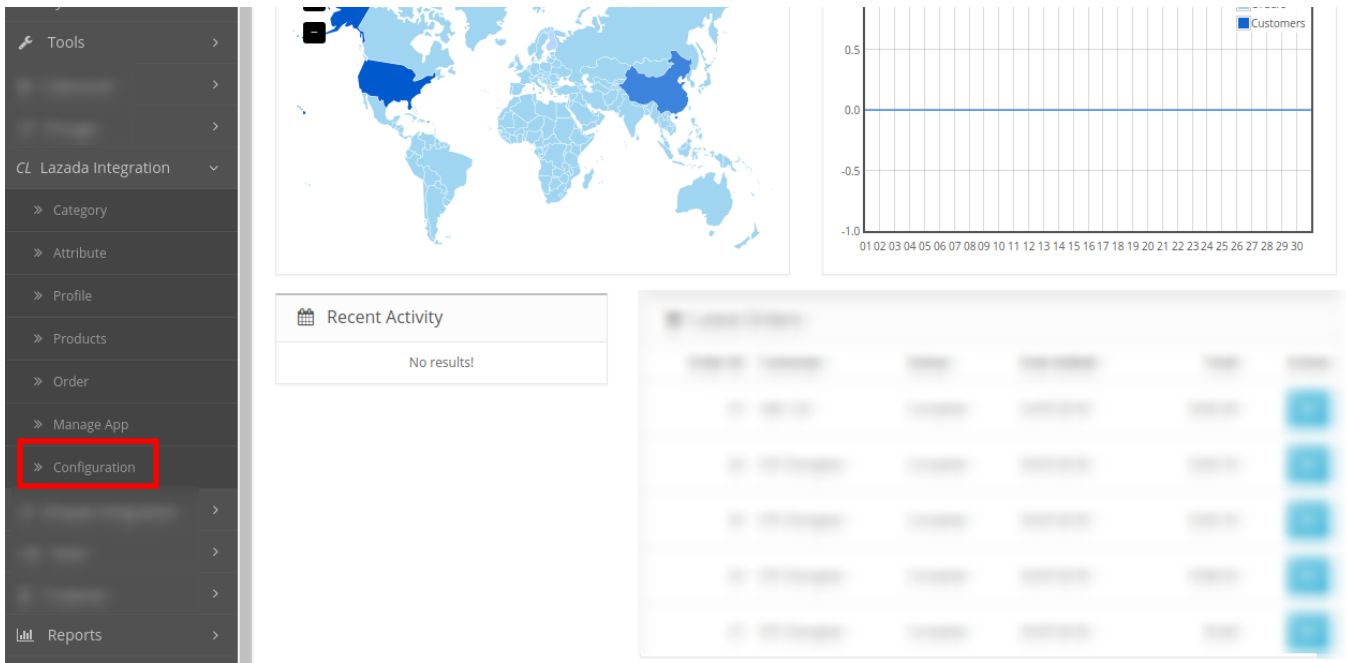

Order Automation: Fulfill the order shipment the easiest way in few clicks.

2. Configuration Settings

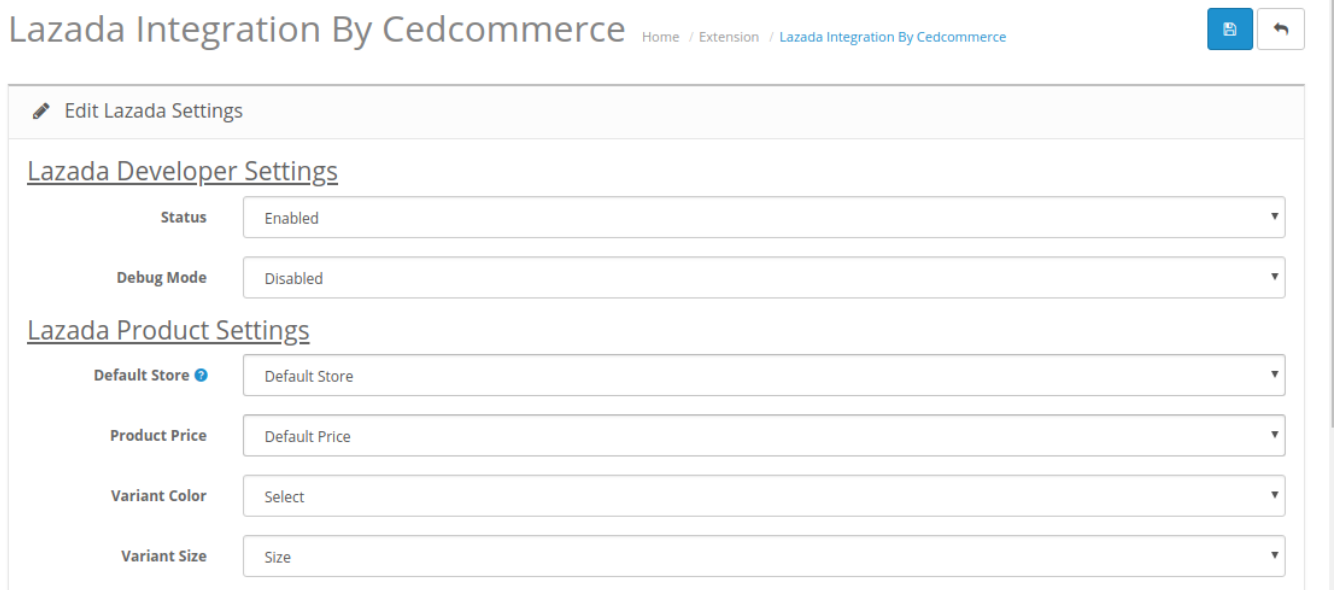

Once the module has been installed, the first necessary step needs to be taken by the admin is to complete the Configuration.

To do the **Configuration**,

- Go to your OpenCart admin panel.
- Place the cursor on **CL** which is on the left navigation bar, as shown in the figure below.
- From the menu that appears as shown in the image below, click on **Configuration**.

- On clicking Configuration, you will be navigated to the Configuration page as shown below:

- In **Status**, select **Enabled** to enable the module.
- In **Debug Mode**
 - Select **Enable**, to activate the debug mode.
 - Select **Disable**, to deactivate the debug mode.

In Lazada Product Settings.

- In **Default Store**, select the store in which you want your entire system to be processed.
- In **Product Price**, you may select the price that you want for your products on Lazada marketplace. The options for sending different prices are shown in the image below:

Price variant Type	Price variant Type
Price Variant Amount	Price Variant Amount
Price Type	Price Type

- **Default Price:** Choose this if you don't want any change in price between OpenCart store and Lazada.
- **Increase Fixed Amount:** You may select this option if you want your product price to be increased on Lazada as compared to your OpenCart store. If you select this option, a box appears as shown below:
 - By choosing this option, you may enter in the **Price Variant Amount** box the amount by which you want your product price to be Increased on Lazada as compared to your OpenCart store. Suppose if you enter 50 in this field and your product is for 100 on your OpenCart store, then the amount that your product will be available for on Lazada would be 150 (as the amount entered is 50 for **Increase** by fixed price, so the price entered would be added to the price for which product is available on OpenCart).
- **Decrease Fixed Amount-** You may use this option if you want the price of your OpenCart product to be decreased on Lazada.
 - By choosing this option, you may enter in the **Price Variant Amount** box the amount by which you want your product price to be decreased on Lazada as compared to your OpenCart store. Suppose if you enter 50 in this field and your product is for 100 on your OpenCart store, then the amount that your product will be available for on Lazada would be 50 (as the amount entered is 50 for **Decrease** by fixed price, so the price entered would be subtracted from the price for which product is available on OpenCart).
- **Increase Fix Percentage-** You may use this option if you want the price of your OpenCart product to be increased on Fruugo by a certain percent.
 - By choosing this option, you may enter in the **Price Variant Amount** box the percentage amount by which you want your product price to be increased on Lazada as compared to your OpenCart store. Suppose if you enter 20 in this field and your product is for 100 on your OpenCart store, then the amount that your product will be available for on Lazada would be 120 (as 20% of 100 is 20 which gets added to 100).
- **Decrease By Fix Percent-** You may use this option if you want the price of your OpenCart product to be decreased on Lazada by a certain percent.
 - By choosing this option, you may enter in the **Price Variant Amount** box the percentage amount by which you want your product price to be decreased on Lazada as compared to your OpenCart store. Suppose if you enter 20 in this field and your product is for 100 on your OpenCart store, then the amount that your product will be available for on Lazada would be 80 (as 20% of 100 is 20 which gets subtracted from 100).
- In **Variant Color**, Select the particular OpenCart attribute through which you want to map the Variant color.
- In **Variant Size**, Select the particular OpenCart attribute through which you want to map the Variant Size.

In Lazada Order Settings.

The Lazada Order Settings section expands as:

<u>Lazada Order Settings</u>	
Lazada Order ID Prefix	<input type="text" value="Lazada Order ID Prefix"/>
Order Notification Email	<input type="text" value="Order Notification Email"/>
Enable Default Customer	<input type="text" value="No"/>

- In Lazada Order ID Prefix, Enter the prefix code to recognize the Lazada order.
- In Order Notification Email, enter the email Id on which you want the notification during the creation of new order.
- In Enable Default Customer,

- Select Yes to enable it.
- Select No to disable it.

In Lazada Cron Settings.

The Lazada Cron Section appears as:

Lazada Cron Settings

Order Cron	<code>wget -q -O /dev/nullhttp://192.168.0.110/test_fruugo_module/upload/index.php?route=cedlazada/order/fetchOrder> /dev/null 2>&1</code>
Inventory/Price Cron	<code>wget -q -O /dev/nullhttp://192.168.0.110/test_fruugo_module/upload/index.php?route=cedlazada/product/updateStock> /dev/null 2>&1</code>
Add New Product Cron	<code>wget -q -O /dev/nullhttp://192.168.0.110/test_fruugo_module/upload/index.php?route=cedlazada/product/addNewProduct> /dev/null 2>&1</code>

- All the running crons are mentioned here including the Order Cron, Price/Inventory Cron, and New Product Cron.
- Once all the necessary details have been filled or selected, click on the Save button on the top right side of the page, as shown below:

Lazada Integration By Cedcommerce [Home](#) / [Extension](#) / [Lazada Integration By Cedcommerce](#)

- The configuration will be saved and a success message will appear as:

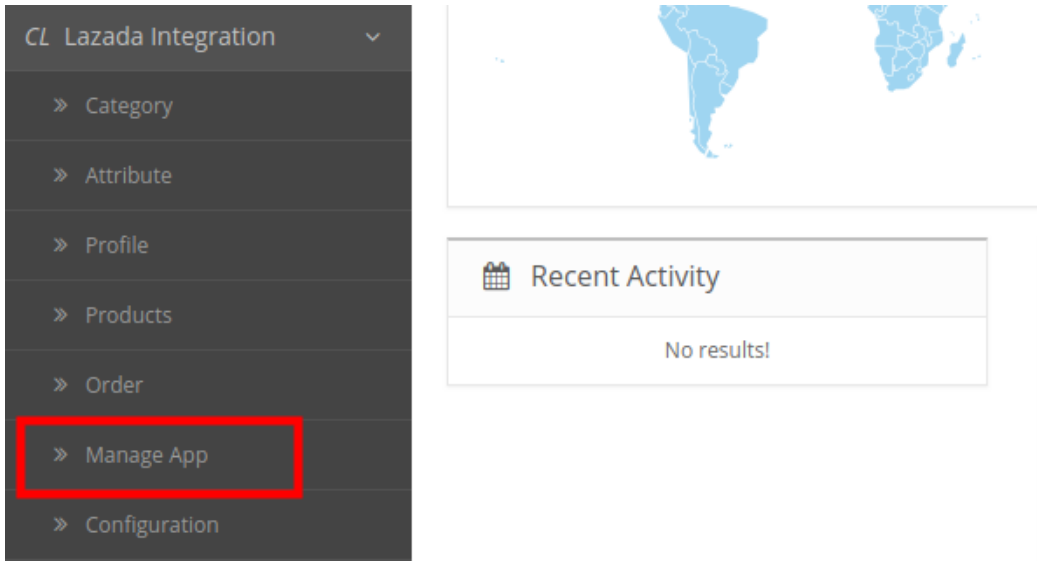

Success: You have modified CED Fruugo module!

3. Manage App

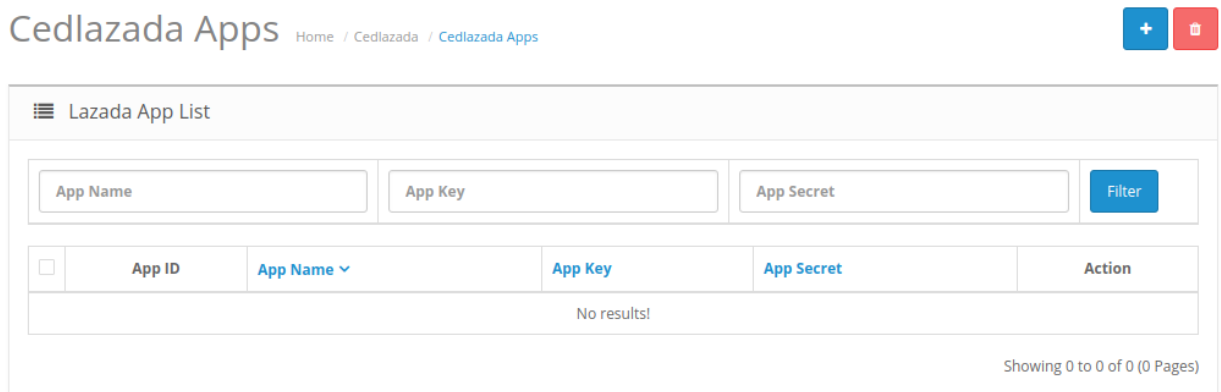

Once the module has been successfully configured, the merchant can manage the multiple apps.

To manage the apps,

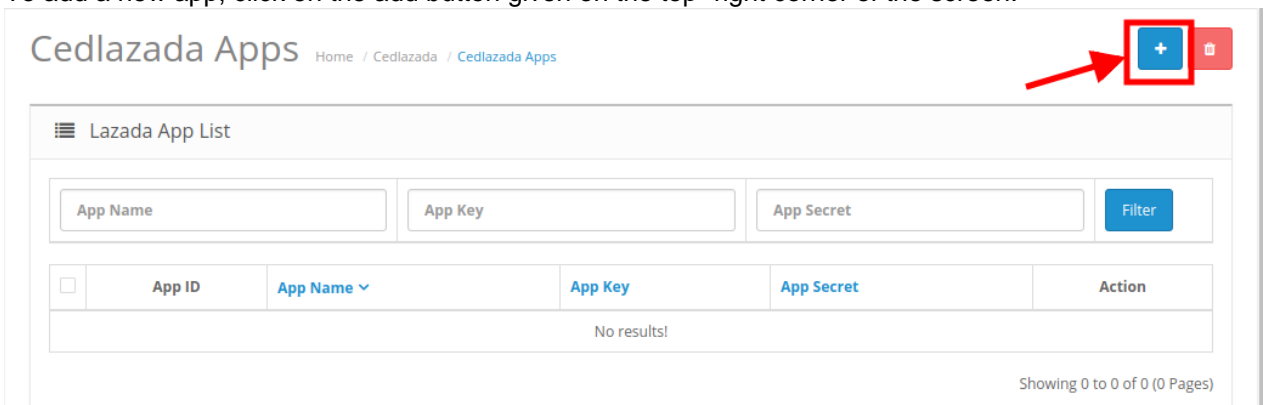

- Go to your OpenCart admin panel.
- Place the cursor on **CL** which is on the left navigation bar, as shown in the figure below.
- From the menu that appears as shown in the image below, click on **Manage Apps**.

- On clicking Configuration, you will be navigated to the Configuration page as shown below:

- To add a new app, click on the add button given on the top- right corner of the screen.

- After clicking on the add (+) button, this page will appear.

 Add App

App Information

Redirect Uri

App Name

App Key

App Secret

App Installation

By Code

[Get Code](#)

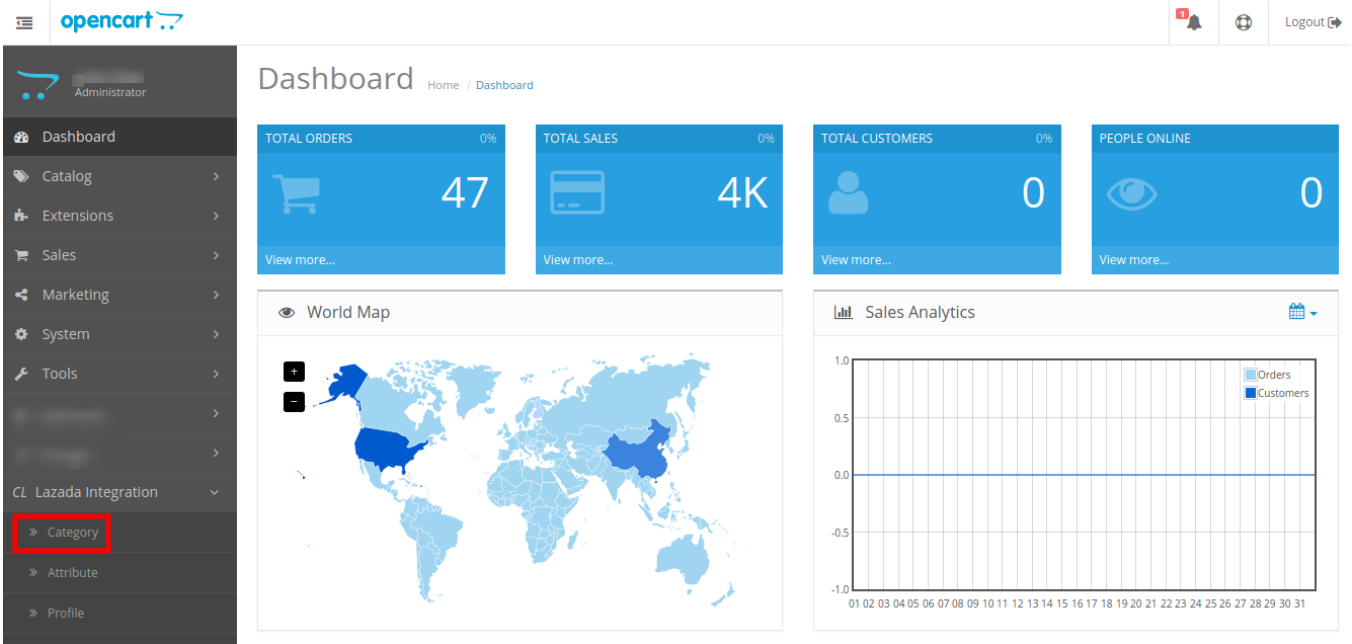

- Enter the **App Name**, **App key**, **App Secret** in the respective attributes.
- In **By Code**, this attribute will be auto-filled after clicking on the **Get Code** button.
- Click on the **Get Code** button to verify.

4. Lazada Categories

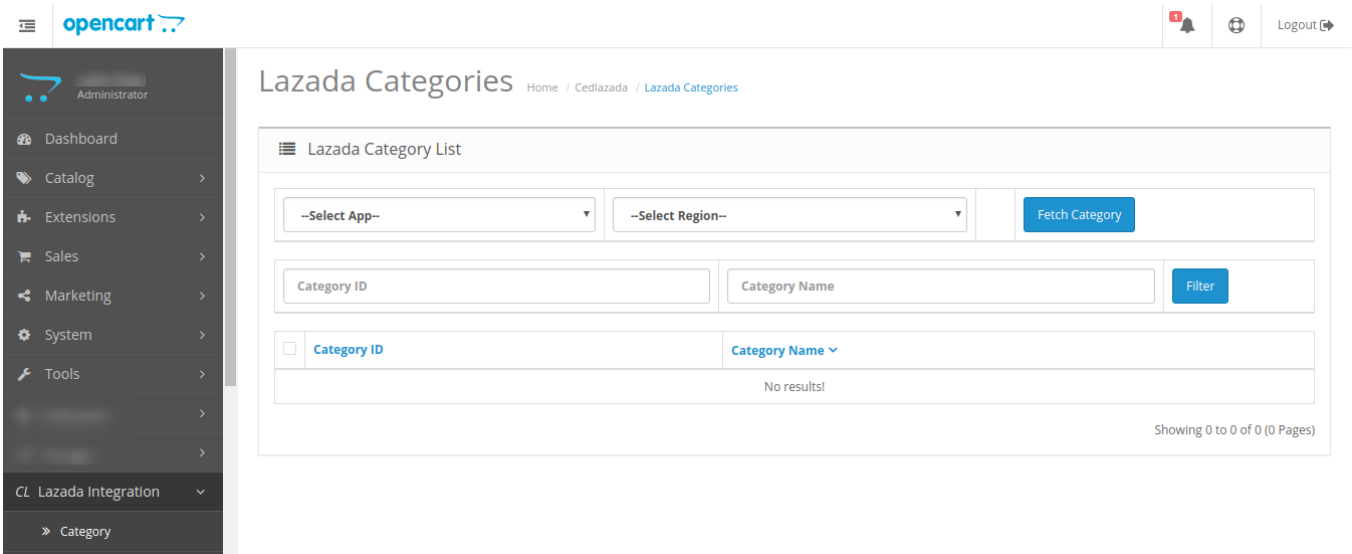

Once the Configuration is completed and saved, Lazada categories will appear in the admin panel in the Categories section.

To see the categories.

- Place the cursor on **CL** on the left navigation bar of the admin panel as shown below, and then click on **Categories**.

- On clicking **Categories**, you will be navigated to a page as shown below:

- Here, you can see all the Lazada categories.
- Click on the **Select App** drop- down to select the App
- In **Select Region** drop-down, select the country in which you are selling.
- Click on the Fetch Category button to fetch the categories.

The screenshot shows the 'Lazada Categories' page in the OpenCart admin panel. The left sidebar has a menu with 'CL Lazada Integration' expanded to show 'Category'. The main content area displays a 'Lazada Category List' with a search bar set to 'Malaysia' and a 'Fetch Category' button. Below the search bar is a table with columns 'Category ID' and 'Category Name'. The table lists several categories such as '2-in-1s', '3-D Puzzles', '360 Cameras', '3D Glasses', '3D Printer Parts', '3D Printers', '3D Printing Materials', 'ABS', and 'Access Points'.

- As you can see the category has been fetched.

5. Profile Management

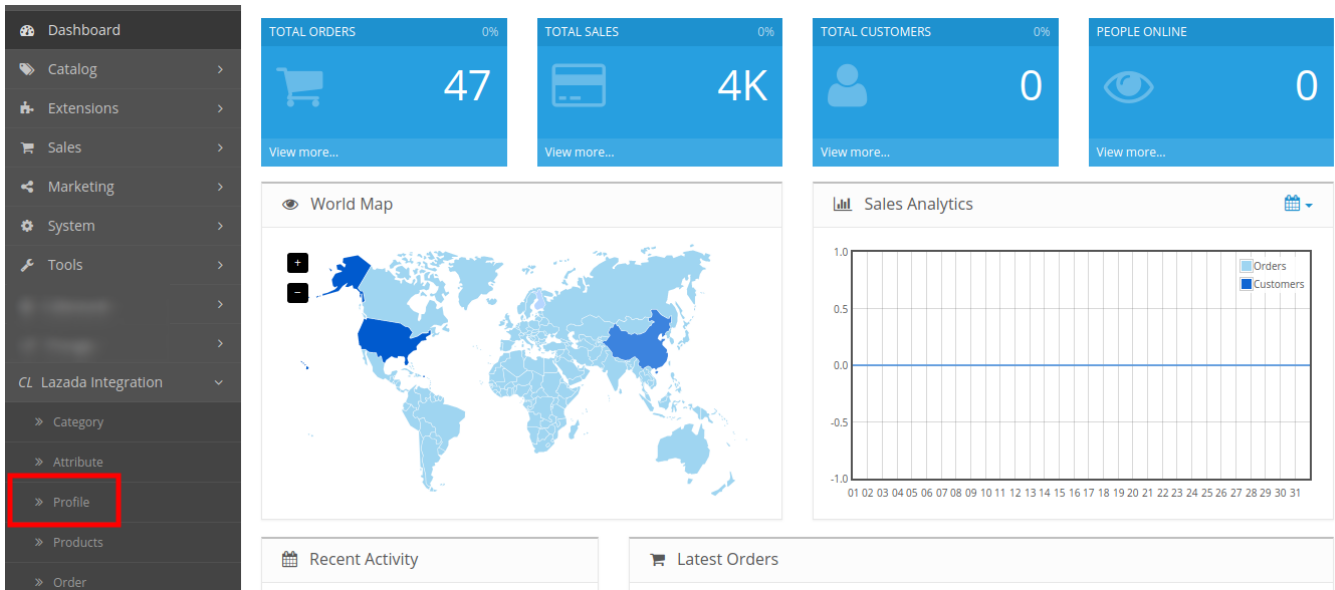

While integrating the OpenCart store with Lazada, under the Profile section, a seller/admin has the liberty to perform the below-mentioned actions:

- Adding a Profile(<https://docs.cedcommerce.com/wp-admin/post.php?post=19481&action=edit>)
- Editing a Profile
- Deleting a Profile

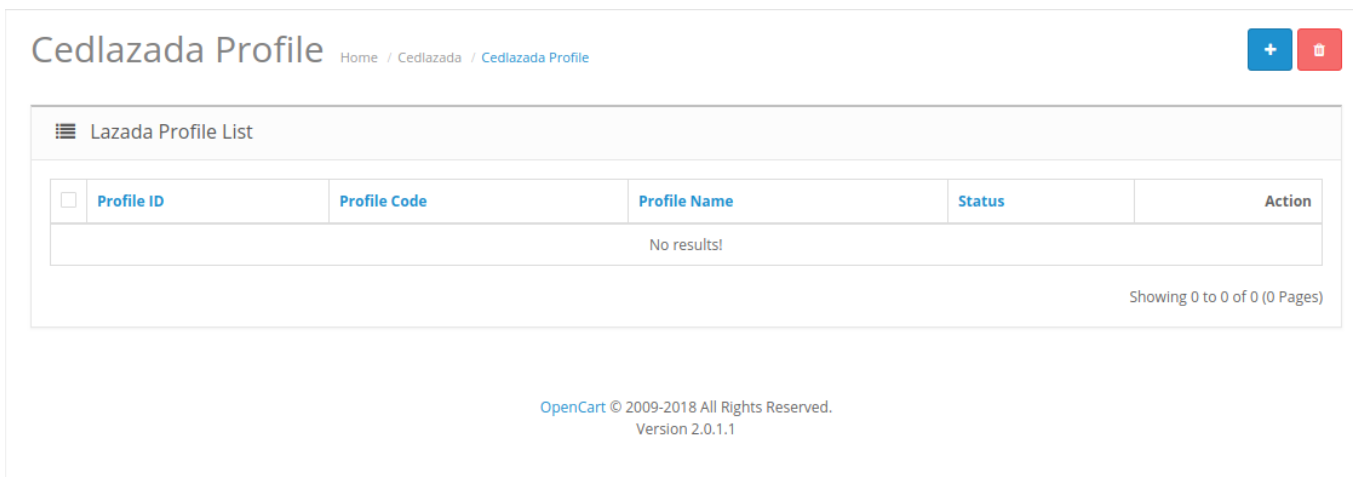

5.1. Add a New Profile

To Add a New Profile,

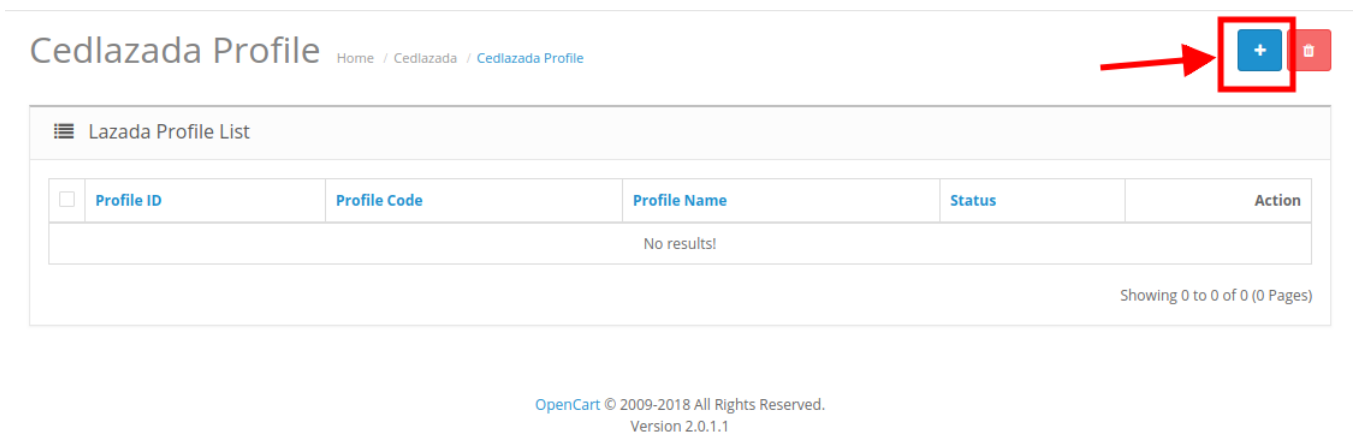

- On your OpenCart admin panel, place the cursor on **CL** and click on **Profile** when the menu appears as shown below:

- On clicking Profile, you will be navigated to the page as below:

- Click on the button on the top right of the page with **'+' Sign** to add a new profile, as shown in the image below:

- On clicking it, you will be navigated to the page as shown below:

Cedlazada Profile [Home](#) / [Cedlazada](#) / [Cedlazada Profile](#)  

 Add Profile

General Information Profile Mappings Lazada Category & Attribute

Enable Profile:

Profile Code * 

Profile Name * 

General Information

- In **Enable Profile**
 - Select **Enable** option to activate the profile.
 - Select **Disable** option to deactivate the profile.
- In **Profile Code**, Enter the profile code to recognize the profile.
- In the **Profile Name**, Enter the name of the profile to display.

Once you've added the details in this section, move on to the next section from the upper section as shown below:

General Information Profile Mappings Lazada Category & Attribute

Attribute

- On clicking the **Profile Mappings**, the section will appear to you as:

Cedlazada Profile [Home](#) / [Cedlazada](#) / [Cedlazada Profile](#)

Add Profile

General Information **Profile Mappings** Lazada Category & Attribute

Profile App * --Select App--

Profile Regions * --Select Region--

Store Category

Baby Care > Care & Safety
 Baby Care > Baby Bath

- In the **Profile App**, Select the App which you have created to upload the products.
- In the **Profile Regions**, Select the region where you are selling your products.
- In the **Store Category**, select the category which you want to map.
 - The selected attributes will be displayed in the snippet provided below the store category attribute as shown in the above figure.

Now move on to the next section.

Lazada Category and Attributes

Cedlazada Profile [Home](#) / [Cedlazada](#) / [Cedlazada Profile](#)

Edit Profile

General Information Profile Mappings **Lazada Category & Attribute**

Lazada Category * Accessories

Lazada Attributes	Default Value	Store Attributes
* tax_class		Tax class id
		Select Mapping
* package_height		Height
		Select Mapping

- Select the Category of Lazada in **Lazada Category** Attribute.

- The attributes related to the category will be displayed below.
- Map the Lazada attributes with store attributes
- If you want to map any **Lazada attribute** with some default value, you can assign it here.

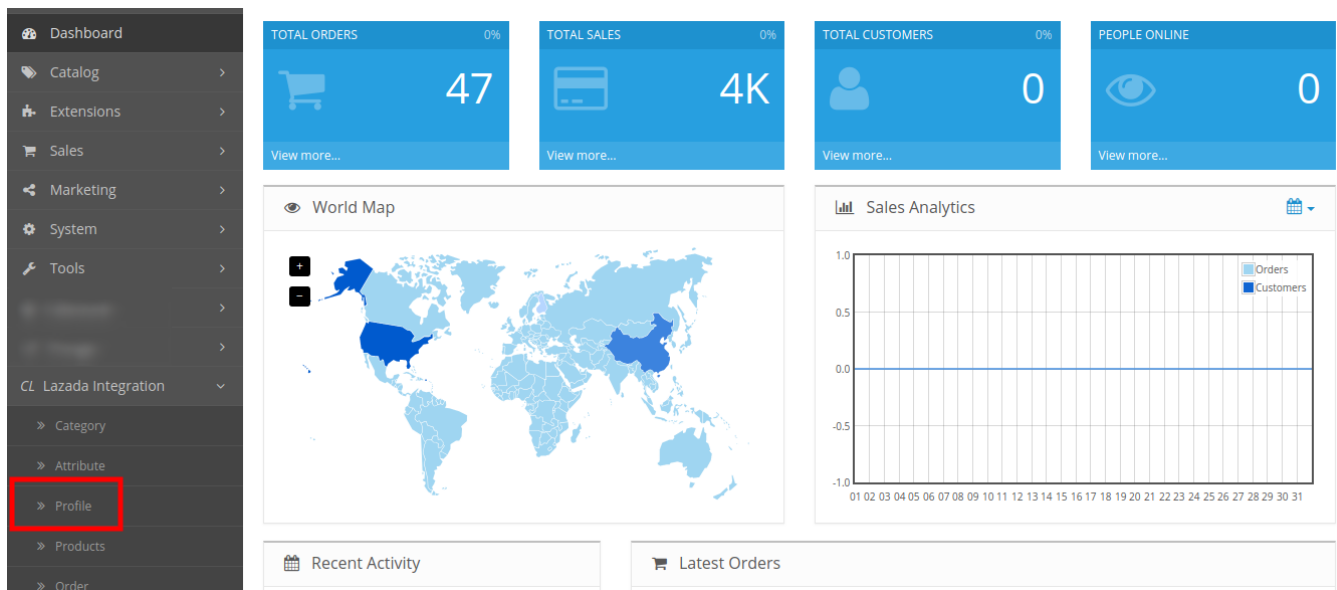

Once all the details have been filled and selected in all the sections, click on the **Save** button on the top right side of the page. The profile will be created and you will be navigated to the profile page where you may see the success message as shown in the image below:

5.2. Edit the existing profile

To Edit the existing Profile,

- On your OpenCart admin panel, place the cursor on **CL**, when the menu appears to click on **Profile**.

- On clicking it, you will be navigated to the profile page as shown below. On this page, you may click on the edit button as highlighted in the image below:

Cedlazada Profile [Home](#) / [Cedlazada](#) / [Cedlazada Profile](#)

Lazada Profile List

<input type="checkbox"/>	Profile ID	Profile Code	Profile Name	Status	Action
<input type="checkbox"/>	1	123	Test Profile	Enabled	
<input type="checkbox"/>	2	ada	adsa	Enabled	

Showing 1 to 2 of 2 (1 Pages)

- On clicking it, you will see the sections as:

Cedlazada Profile [Home](#) / [Cedlazada](#) / [Cedlazada Profile](#)

Edit Profile

General Information | Profile Mappings | Lazada Category & Attribute

Enable Profile:

Profile Code *

Profile Name *

- On this page, you may make the changes as you want.
- You may click on the different section from the upper menu and make the changes required.
- Once the changes have been made, click on the **Save** button on the upper right side of the page.
- The changes you have made will be saved.

5.3. Deleting a Profile

To Delete a Profile,

- On your OpenCart admin panel, place the cursor on the **CL** in the left navigation bar.
- The menu appears and you need to click on **Profile**.

- On clicking it, you will be navigated to the following page:

<input type="checkbox"/>	Profile ID	Profile Code	Profile Name	Status	Action
<input checked="" type="checkbox"/>	1	123	Profile1	Enabled	

Showing 1 to 1 of 1 (1 Pages)

- Now select the profile you want to delete and click on the **Delete** button as shown in the above image.
- A box will appear asking you to confirm your action. Click **OK** and the profile will be deleted.

6. Manage Products

From the Product section of the Admin Panel, an admin can take multiple actions for its products such as:

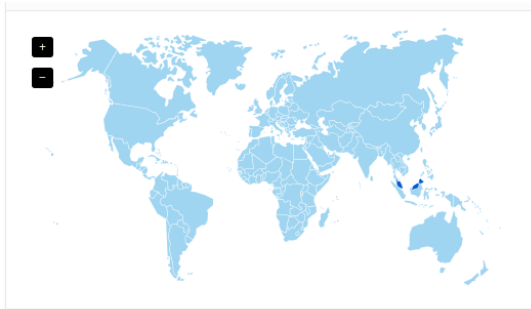

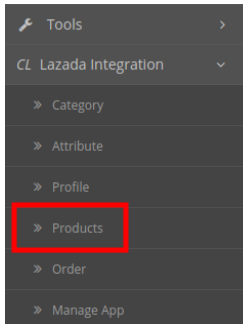

- Upload All Product
- Upload Multiple Products in Bulk
- Disable Selected Products in Bulk
- Enable Selected Products in Bulk
- Sync Product Inventory
- Fetch Product Status
- Edit Product Details

Upload All Products on Lazada:

To upload all your products to Lazada,

- Go to OpenCart admin panel.

- Place cursor on CL in the left navigation bar.
- When the menu appears, click on Products.

- On clicking Product, you will be navigated to the page as shown below:

Lazada Products [Home](#) / [Cedlazada](#) / [Lazada Products](#)

Upload All Upload Update Stock Delete Update Product

Product List

<input type="checkbox"/>	Image	Product Name	Model	Price	Quantity	Profile Name	Status	Lazada Status	Action
<input type="checkbox"/>		Apple Cinema 30	Product 15	400.0000 90.0000	0	Profile1	Enabled	Not Uploaded	<input type="checkbox"/>
<input type="checkbox"/>		Canon EOS 5D	Product 3	400.0000 80.0000	7	Profile1	Enabled	Not Uploaded	<input type="checkbox"/>
<input type="checkbox"/>		HP LP3065	Product 21	100.0000	1000	Profile1	Enabled	Not Uploaded	<input type="checkbox"/>

- Now click on the **Upload All** button which is the first button amongst the buttons on the top right side of the page.

Lazada Products [Home](#) / [Cedlazada](#) / [Lazada Products](#)

Upload All Upload Update Stock Delete Update Product

To upload selected products in bulk/upload selected products

- On the same page as shown above, where all your products are listed, select the products you want to upload on Lazada.
- Click on the **Upload** button.

Lazada Products [Home](#) / [Cedlazada](#) / [Lazada Products](#)

To Update the stock of the products on Lazada,

- Select the products for which you want the stock to be updated
- Click on the **Update Stock** button which is amongst the buttons on the top right of the page.

Lazada Products [Home](#) / [Cedlazada](#) / [Lazada Products](#)

To Delete the products on Lazada,

- Select the products for which you want to delete.
- Click on **Delete** button which is amongst the buttons on the top right of the page.

Lazada Products [Home](#) / [Cedlazada](#) / [Lazada Products](#)

To Update the product inventory on Lazada for selected products,

- Select the products for which you want the inventory to be updated.
- Click on **Update Products** button which is amongst the buttons on the top right of the page.

Lazada Products [Home](#) / [Cedlazada](#) / [Lazada Products](#)

To Edit a Product,

- Click on the **Edit** button as highlighted in the image below, adjacent to the product, in the last column:

Product List									
<input type="checkbox"/>	Image	Product Name ▼	Model	Price	Quantity	Profile Name	Status	Lazada Status	Action
		<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	--S€ ▼	▼	▼	<input type="button" value="Filter"/>
<input type="checkbox"/>		Apple Cinema 30	Product 15	100.0000 90.0000	0	Profile1	Enabled	Not Uploaded	<input type="button" value="Edit"/> <input type="button" value="Warning"/>
<input type="checkbox"/>		Canon EOS 5D	Product 3	100.0000 80.0000	7	Profile1	Enabled	Not Uploaded	<input type="button" value="Edit"/> <input type="button" value="Check"/>

- On clicking it, the page that you will be navigated to will appear as:

 Edit Product 42

Color	Size	Auto Generated Sku	Action
Yellow ▼	Large ▼	42-4248	<input type="button" value="Warning"/>
Yellow ▼	Medium ▼	42-4247	<input type="button" value="Warning"/>

Red ▼	Large ▼	42-3948	<input type="button" value="Warning"/>
Red ▼	Medium ▼	42-3947	<input type="button" value="Warning"/>
Red ▼	Small ▼	42-3946	<input type="button" value="Warning"/>
Blue ▼	Large ▼	42-4048	<input type="button" value="Warning"/>

- On this page, you may make the changes as per your needs in sections that can be seen in the image above.
- Once the changes have been made, click on **Save** button on the top right side of the page in blue color.
- The changes will be made and the product will be edited.

7. Order Management

Admin can do the following tasks while managing the Lazada orders:

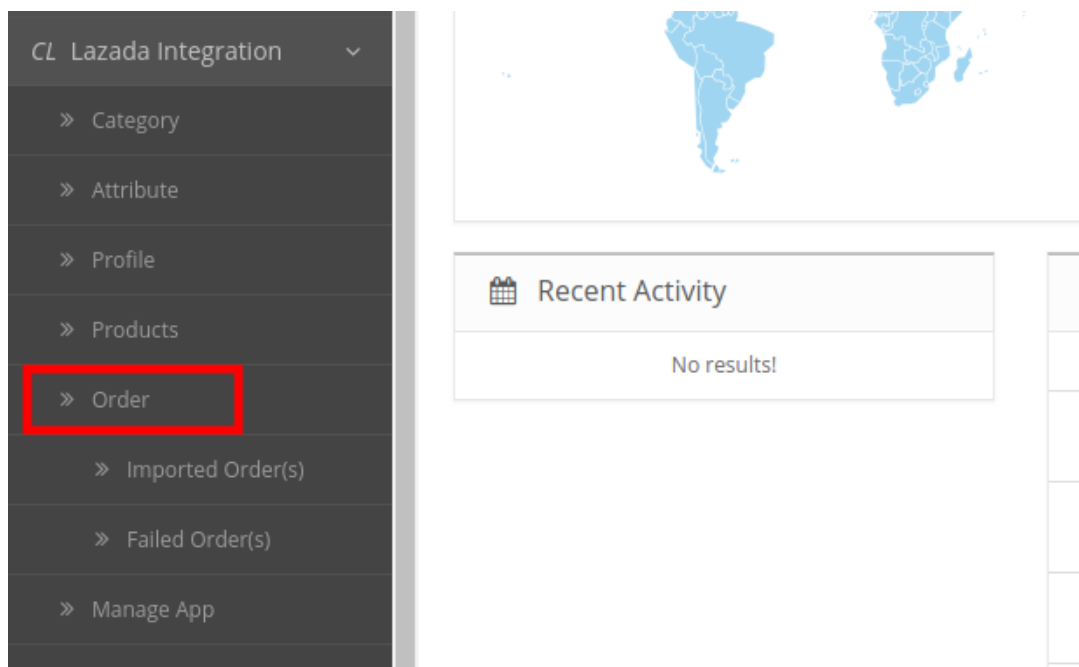

- Fetch, View, Ship, and delete the Lazada Orders
- View and delete the Failed Orders

7.1. Import Orders

Once a seller has started selling on Lazada using the Lazada OpenCart Integration Extension, the orders that have been placed for the seller's products can be managed from the admin panel itself.

To go to the order's page,

- Place cursor on CL in the left navigation bar on your OpenCart admin panel.
- When the menu appears, click on **Orders**.

- On clicking it, you will be navigated to the orders page as shown below:

Lazada Order(s) [Home](#) / [Cedlazada](#) / [Lazada Order\(s\)](#)

7.2. Failed Order

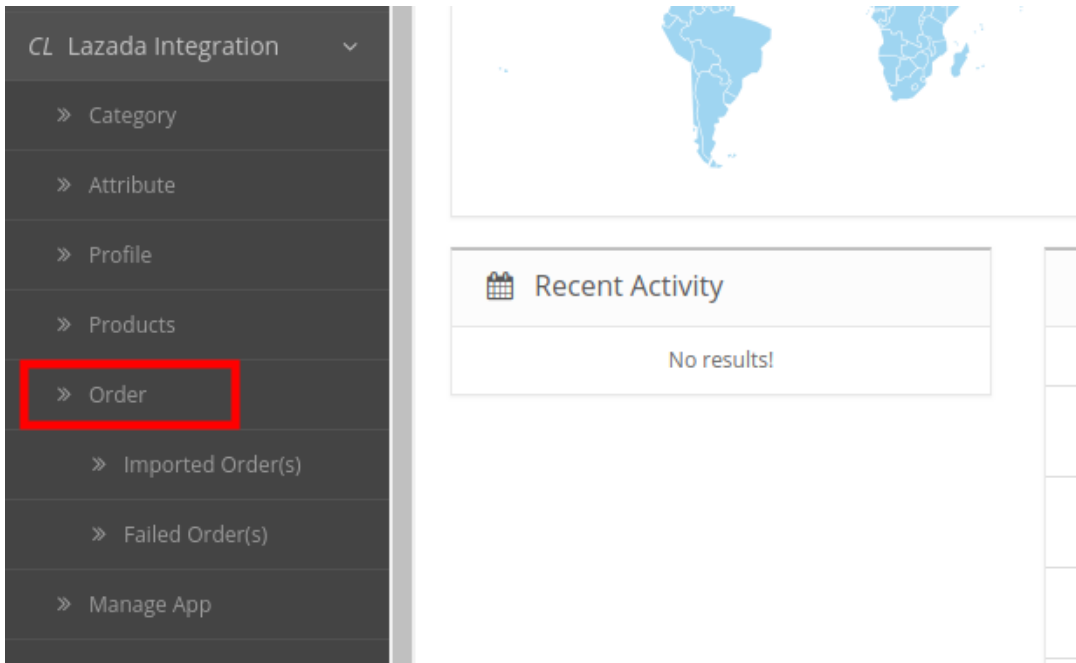

The users can view the list of failed Lazada orders on the Lazada Failed Orders page.

Before that, read the points below and understand that in the following conditions, orders are not imported from Lazada:

- If any product in the Lazada Order is Out of Stock in the OpenCart store.
- If any product in the Lazada Order is disabled in the OpenCart store.
- If any Product does not exist in OpenCart store or is deleted from the OpenCart store after uploading on Lazada.
- If the selected Payment Method in Lazada System Configuration Setting is not available in the OpenCart store.

To view, Lazada failed orders

- On your OpenCart admin panel, place cursor on CL on the left navigation bar.
- Click on **Failed Order** when the menu appears.

- On clicking it, you will be navigated to the page as:
