1. Overview

Dropshipping simply means when your customer makes a purchase from your site, you order the item from your Chinese supplier and they ship the item to your customer. **Dropshipping** from **AliExpress** requires you to first set up a store or have a place to sell your goods, like Amazon or eBay.

Aliexpress is the number one online retailer in Russia. It is the retail branch of the Alibaba umbrella. It is one of the top 10 websites that the Russians access.

Aliexpress Dropshipping WooCommerce by CedCommerce connects your WooCommerce Store to one of the world's biggest wholesale suppliers AliExpress and set off for your Dropshipping. With this WooCommerce Dropship Extension, now import products you want on your WooCommerce store, list them the way you want, and sell them to your buyers, the easy way.

Key Features are as follows:

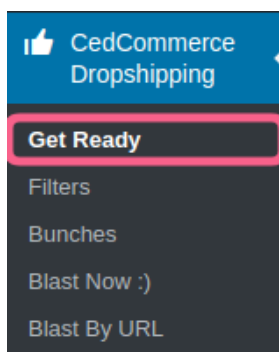

- Import products from AliExpress to your WooCommerce store.
- Set the Mark-up price you want for the products on your WooCommerce store.
- Import as many as 1000 products from AliExpress with a single click.
- Set up the Crons for updating the Price and Inventory in-sync with AliExpress, automatically.

2. Get Ready

This section **GET READY** is same as settings required or configuration. So, in this section, you have to provide some credentials to start your dropshipping.

To set up the get ready in the WooCommerce Admin panel

1. Go to the **WooCommerce Admin** panel.
2. On the left navigation bar, click the **CedCommerce Dropshipping** menu.
The menu appears as shown in the following figure:

3. Click **GET READY**.
The **CedCommerce Dropshipping** Configuration page appears as shown in the following figure:

These credentials are as required as Oxygen for life

APP Key

Tracking Id

4. Here, you have to provide credentials such as:
 - a) API key.
 - b) Tracking key.
5. After providing these credentials, click on **PUSH DETAILS** your details will be saved.

3. Filters

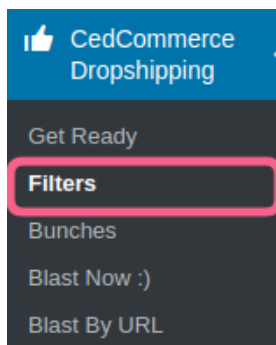

In this, you can create, edit or delete the filters which will require field name, keywords and to select a category.

- Add Filters.(<https://docs.cedcommerce.com/woocommerce/woocommerce-aliexpress-dropshipping-guide/?section=add-filters>)
- Edit Filters.(<https://docs.cedcommerce.com/woocommerce/woocommerce-aliexpress-dropshipping-guide/?section=edit-filters>)
