## 1. Overview

Founded in 2013, ManoMano is an online DIY marketplace that connects people directly to home improvement and gardening merchants. The business has 1.9 million customers across Europe and has 1.2 million products listed on its platform. It sells everything from sheds to cleaning tools.

**ManoMano Integration for WooCommerce** developed by CedCommerce provides you with the complete integration solution that offers an opportunity of selling your woocommerce store products on the ManoMano marketplace.

This solution enables you to synchronize the inventory, price, and other product details between the woocommerce store and the ManoMano marketplace. It helps you to smoothly create the ManoMano attributes on the woocommerce store. Hence, it enables you to establish a mapping of the desired product attributes on the woocommerce store for the submission of the selected product to the same attributes on the ManoMano marketplace.

This extension provides you with the facility to send the woocommerce Product Breadcrumbs to the ManoMano marketplace to assign it to the desired category of the ManoMano.

It enables the woocommerce store owner to manage the ManoMano orders in the woocommerce stores without making any significant changes in the operational functionalities.

### *Key Features are as follows:*

- **Bulk Products Upload:** Admin has a facility to upload any number of products on ManoMano using the bulk product upload feature.
- **Synchronized Inventory and Profile Based Pricing:** Inventory Synchronization at regular intervals. product Listing is established between Woocommerce and ManoMano. Profile-based price increase or decrease.
- **Product Category Mapping:** Follow many to one category mapping. Admin can map many categories of Woocommerce store to a single category of ManoMano.

## 2. ManoMano Configuration Settings

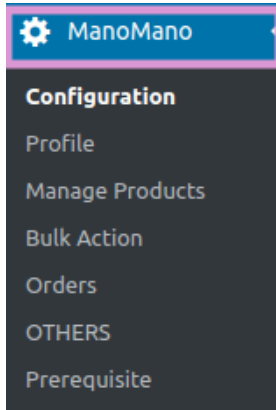

Once the extension is successfully installed in the woocommerce store, the **MANOMANO INTEGRATION** menu appears on the left navigation bar of the Admin Panel. The merchant has to first create a seller account in the ManoMano seller panel.

To create a seller account, the store owner (admin) has to send an introductory email to the email id with respect to the seller company. After assessment of the seller request and the possibility of a partnership, ManoMano proceeds further for the next step.

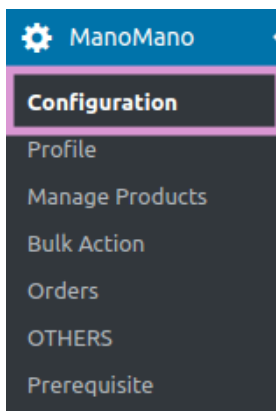

Once the seller account is created and is approved by ManoMano, they provide the username and password of the seller account to the admin. The woocommerce store owner can use the **ManoMano Username** and **Password** while setting up the ManoMano Configuration settings in the WooCommerce admin panel.

### *To set up the configuration settings in the WooCommerce Admin panel*
