1. Overview of Lazada

As e-commerce continues to grow in Thailand, the Lazada marketplace offers the opportunities to both the new and the experienced sellers not only to reach the new markets but also benefit from the Lazada support in advertising their goods and monitor critical data on how their store is performing.

With more than 4.5 million daily visits to its sites and close to 100 per cent geographical distribution coverage, Lazada has become the clear choice for sellers throughout Southeast Asia.

Lazada Integration For WooCommerce (Multi-account) offers API Integration extension solution that allows the WooCommerce owners or sellers to make a connection between their online shops and Lazada.com.

Essentially, it is an establishment of a real-time channel to feed product critical data directly to Lazada.com through API communication.

It feeds all the product assortment and data in one-go directly at Lazada.com. It has centralized Status Update machinery that sends dynamic alerts and compliance reports for the entire product fulfillment cycle.

This plug-in provides the facility to integrate the multiple Lazada accounts to a single WooCommerce store and automates the ordering process, establishes synchronization of products, orders, and refunds with the help of Lazada API.

With the help of this plug-in, the merchant can configure the desired product category into WooCommerce for automatic submission of the selected product to the same Category on Lazada.

Key Features are as follows:

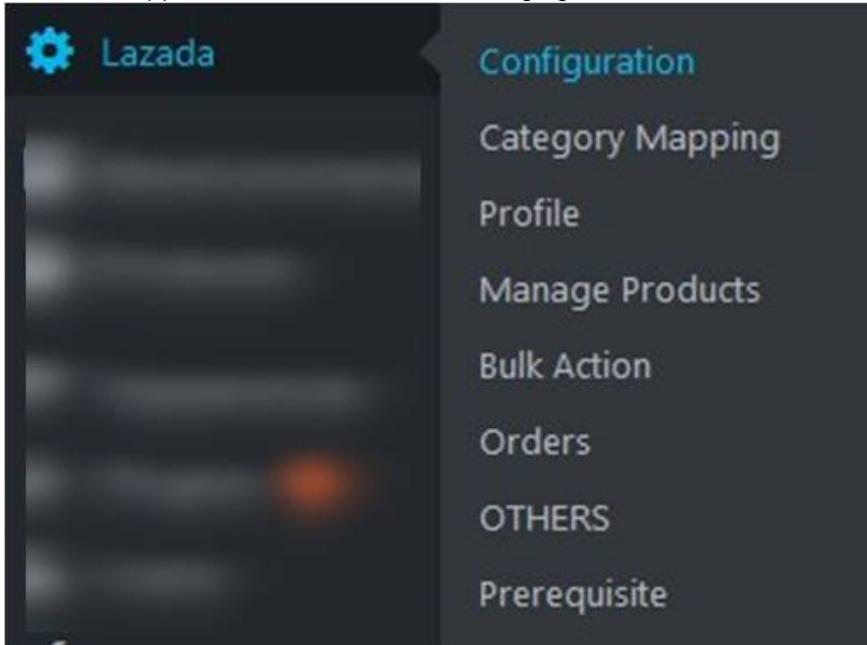

- **Profile-based Product Upload:** Enables the admin to create the Profiles and assign it to the products to automate the product upload.
- **Creation of WooCommerce Orders:** The newly placed orders on the Lazada Web site are automatically created in the WooCommerce store with all the required details as it is on the Lazada Web site.
- **Error Notification:** If an error occurs while products uploading, then it gets listed on the page.
- **Status Notification:** It updates the store owners about the current status of the product on the Lazada website, such as whether it is **UNDER REVIEW** or **LIVE**.
- **Synchronized Product Editing:** Besides adding the products, any product information changes made on the WooCommerce store reflects on the Lazada.
- **Bulk Upload System:** The merchant has the flexibility to upload any number of products on the Lazada Web site using bulk product upload feature.
- **Product Category Mapping:** Follows many-to-one category mapping philosophy. Admin can map many categories of the WooCommerce store to the single category of Lazada.
- **Synchronized Inventory and Profile Based Pricing:** Inventory Synchronization at regular intervals. A product listing is established between WooCommerce and Lazada. Profile-based price increase or decrease.

2. Configuration Settings On Lazada

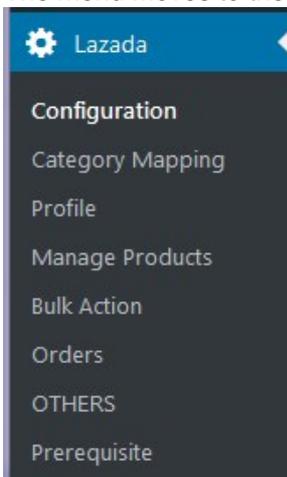

Once the extension is successfully installed in the WooCommerce store, the **Lazada** menu appears on the left navigation bar of its Admin Panel. The merchant has to first create a seller account in the Lazada seller panel. Once the seller account is created and is approved by Lazada, the store owners will receive **Lazada API credentials from Lazada**. Hence, the store owners can use the **Lazada API credentials provided by Lazada** while setting up the Lazada Configuration settings in the **WooCommerce store Admin** panel.

To set up the configuration settings in the WooCommerce Admin Panel:

1. Go to the **WooCommerce Admin** panel.
2. On the left navigation bar, click the **Lazada** menu.
The menu appears as shown in the following figure:

3. Click **Configuration**.
The menu moves to the left navigation bar, below Lazada as shown in the following figure:

The **LAZADA CONFIGURATION** page appears as shown in the following figure:

4. In the **Select, your location** list, select the required location.
 5. In the **Lazada User Id** box, enter the Lazada Seller Account user id.
 6. In the **Lazada API Key** box, enter the key value provided by the Lazada Support.
 7. Click the **SAVE CREDENTIALS** button.
- The credentials are saved.

3. Mapping Categories On Lazada

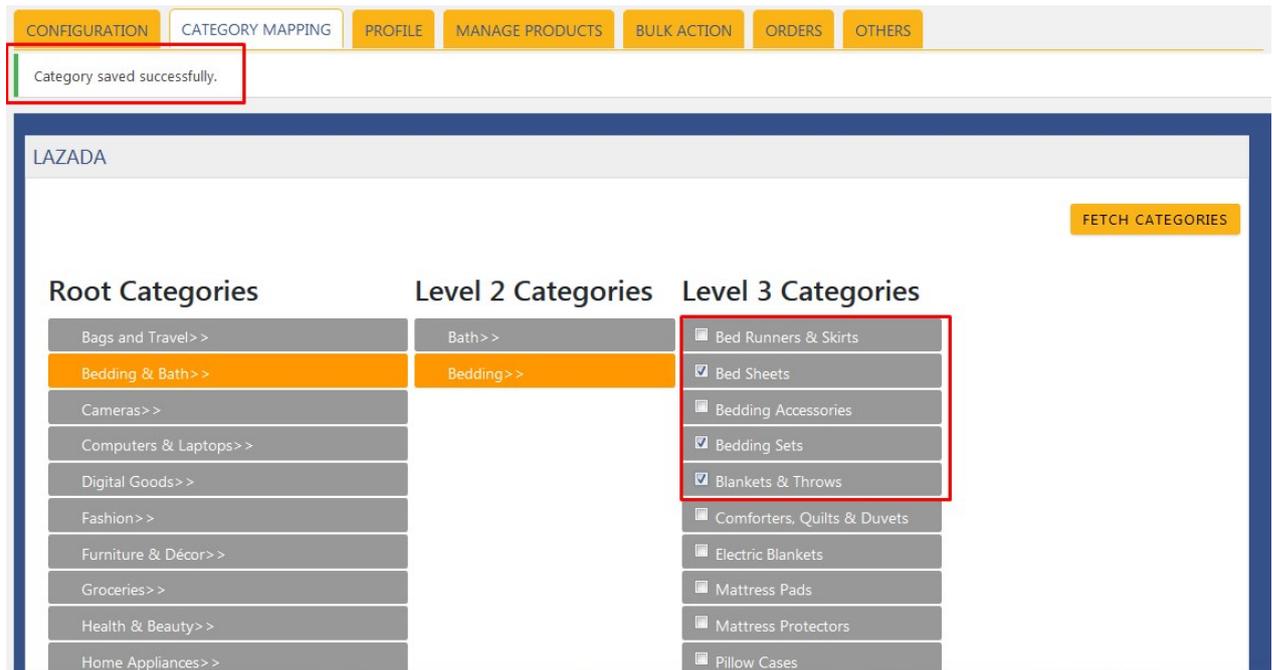

The **CATEGORY MAPPING** page lists all the Lazada categories. Admin has to select the Lazada categories to which the products need to be assigned.

To select the required categories for mapping:

1. Go to the WooCommerce Admin panel.
 2. On the left navigation bar, click the **Lazada** menu.
 3. In the right panel, click the **CATEGORY MAPPING** tab.
- The page appears as shown in the following figure:

4. Click the **FETCH CATEGORIES** button to fetch all the categories from lazada.com.
 5. Under **Root Categories**, click the required category.
Next level categories list appears. Click the required category.
- Note:** Keep clicking every next level required categories until the last level categories list and the

corresponding check boxes appear as shown in the following figure:

6. Select the checkboxes associated with the required categories.
The selected categories are saved and a success message appears on the page as highlighted in the figure.

4. Profile Management On Lazada

Profile-based product uploading provides the admin a facility to create a group of the required products those have common meta-keys, and then upload those products at one go through uploading that profile (created group). In other words, admin can create a new profile and assign it to the group of those products, and then upload the profile on Lazada. It saves the time of making the same changes in each meta-keys of each and every product.

It means, rather than making the changes in the common meta-keys of each and every product, admin can create a profile and assign it to all the products having common meta-keys, and thus make the changes in the meta-keys available on the profile page.

While creating and editing the profile, admin can select the product and the corresponding meta-keys. These meta-keys are applicable to all the products that are assigned to the profile.

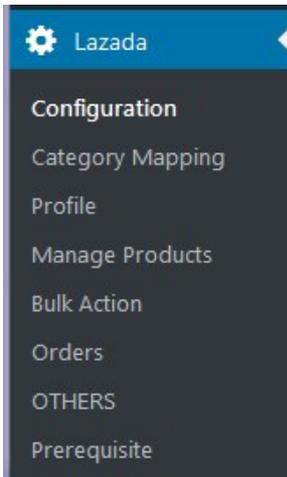

Admin can perform the following tasks

- Add new profile(<https://docs.cedcommerce.com/woocommerce/lazada-integration-woocommerce-multiaccount-manual/?section=adding-new-profile-on-lazada>)
- Edit the existing profile(<https://docs.cedcommerce.com/woocommerce/lazada-integration-woocommerce-multiaccount-manual/?section=editing-your-existing-profile-on-lazada>)
- Delete the profiles(<https://docs.cedcommerce.com/woocommerce/lazada-integration-woocommerce-multiaccount-manual/?section=deleting-the-profiles-on-lazada>)

4.1. Adding New Profile On Lazada

To add a new profile:

1. Go to the **WooCommerce Admin** panel.
2. On the left navigation bar, click the **Lazada** menu.
A Submenu appears below the Lazada menu as shown in the following figure:

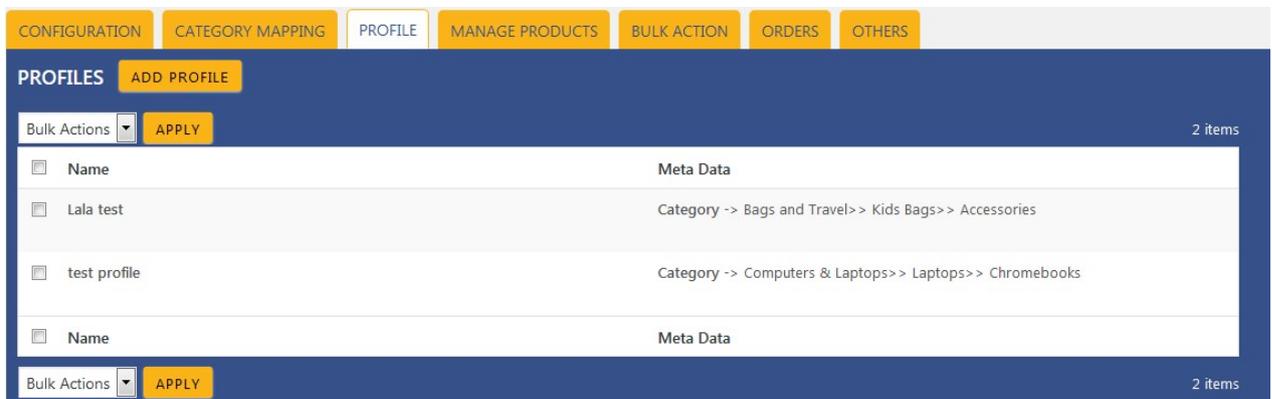

3. Click **Profile**.

OR

In the right panel, click the **PROFILE** tab.

The **PROFILES** page appears as shown in the following figure:

4. Click the **ADD PROFILE** button.

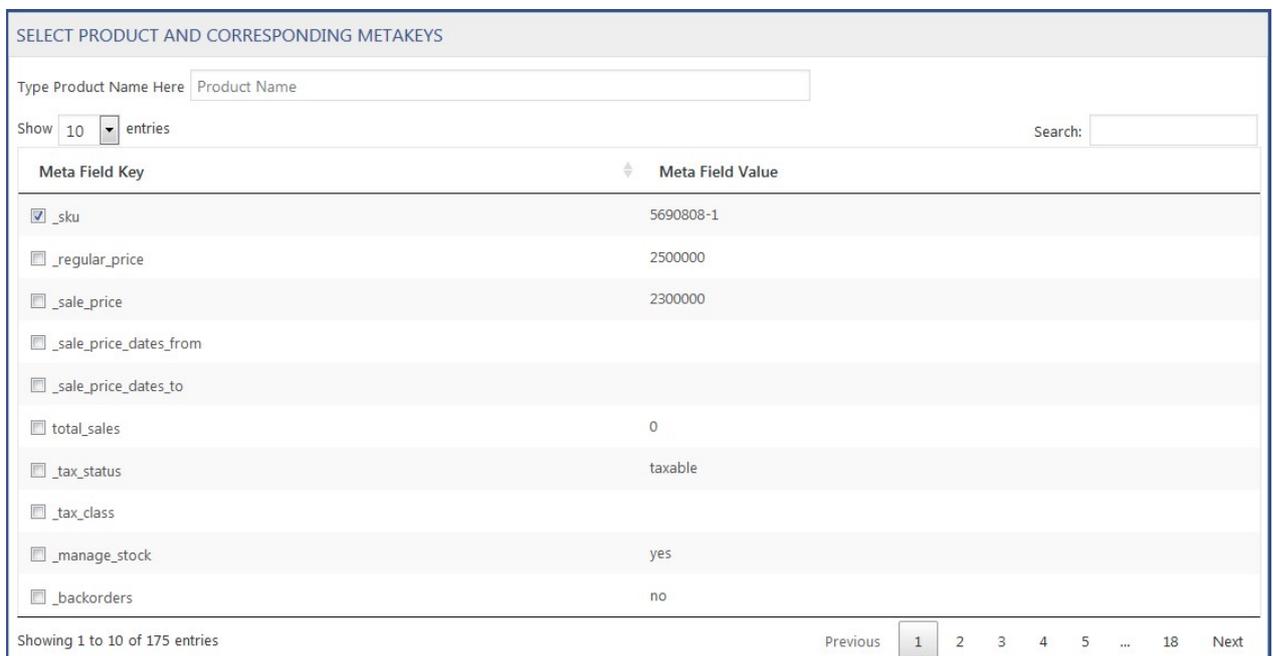

The page appears as shown in the following figure:

Note: Click the **INSTRUCTION TO USE** tab, to view the instruction.

5. Click the **SELECT PRODUCT AND CORRESPONDING META KEYS** tab.

The section appears as shown in the following figure:

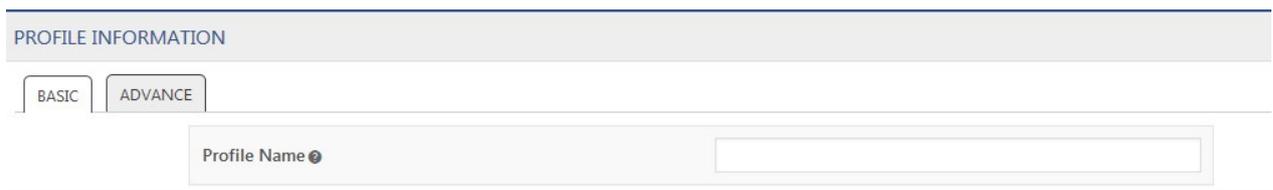

6. In the **Type Product Name Here** box, enter the required product name to get the attributes of the entered product name.

Note: Enter the initials of the product and a list appears. Select the required one from the list.

7. In the **Meta Field Key** column, select the checkboxes associated with the required meta-keys.

8. Scroll down to the **PROFILE INFORMATION** tab, and then click the tab.

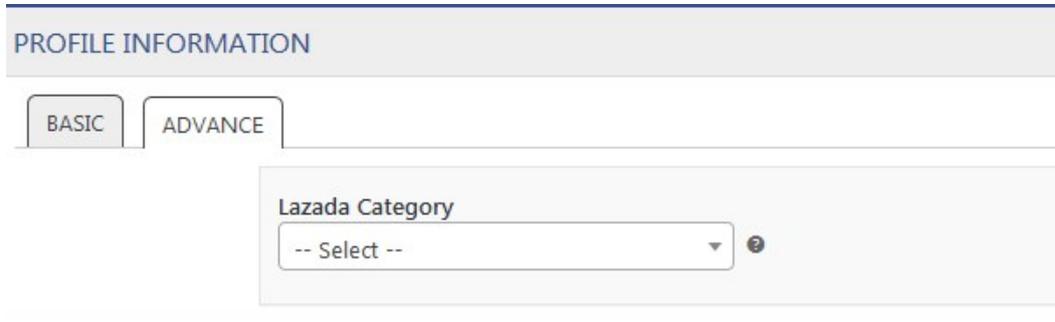

The section appears as shown in the following figure:

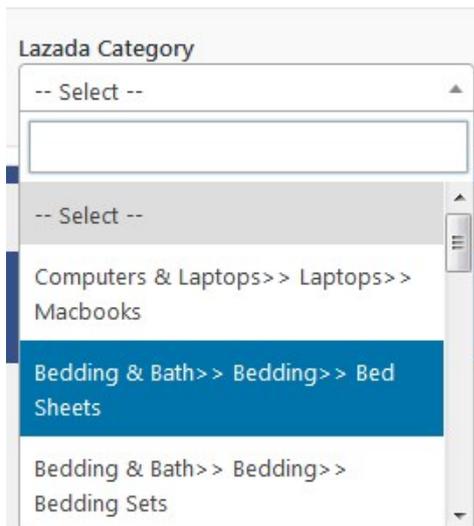

Following two tabs appear:

- BASIC
- ADVANCE

9. Under **BASIC**, do the following steps:
 - In the **Profile Name** box, enter the name of the profile.
10. Click the **ADVANCE** tab.
The page appears as shown in the following figure:

11. In the **Lazada Category** list, click to select the required category.
A list appears as shown in the following figure:

12. Select the required category from the list.
The selected category appears in the Lazada Category list.

13. Scroll down to the **LAZADA** tab, and then click the tab.
The section appears as shown in the following figure:

14. The meta-keys selected under the **Select Product And Corresponding MetaKeys** section are listed in the select list field that appears next to the text boxes as shown in the following figure:
- In the **Brand** list, select the required value.
 - In the select list associated with the **Model** box, select the required meta key.
- OR**
- In the **Model** box, enter the required value.
- Note:** The value entered in the box is applicable to all the products assigned to the profile. Whereas, selecting the meta key from the list selects the individual value of the individual product
- Similarly, enter the values in the other mandatory fields and other fields if required.
15. Click **SAVE PROFILE** button.
The created profile is saved.

4.2. Editing Your Existing Profile On Lazada

To edit an existing profile:

- Go to the **WooCommerce Admin** panel.
- On the left navigation bar, click the **Lazada** menu.
A Submenu appears below the Lazada menu as shown in the following figure:

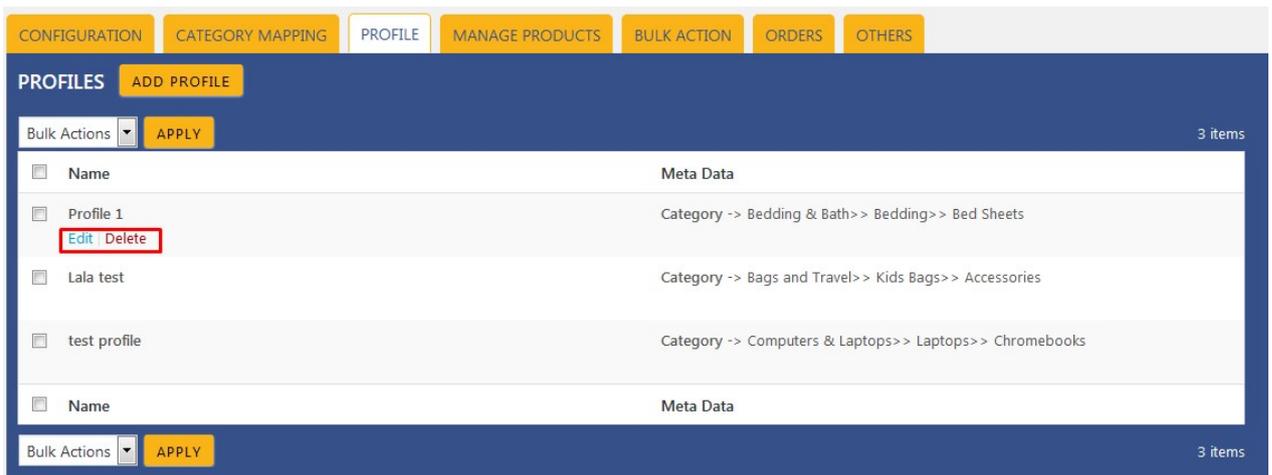

3. Click **Profile**.

OR

In the right panel, click the **PROFILE** tab.

The page appears as shown in the following figure:

4. Move the cursor over the required profile to edit.

The Edit and the Delete links appear as shown in the figure.

5. Click the **Edit** link.

The page appears as shown in the following figure:

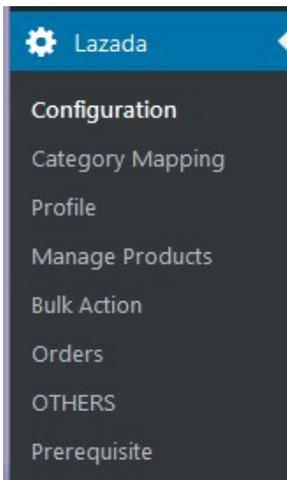

6. Click the **SELECT PRODUCT AND CORRESPONDING META KEYS** tab, the **PROFILE INFORMATION** tab, and/ or the **LAZADA** tab as per the requirement.
7. Make the changes in the required section, and then click the **SAVE PROFILE** button.

4.3. Deleting The Profiles On Lazada

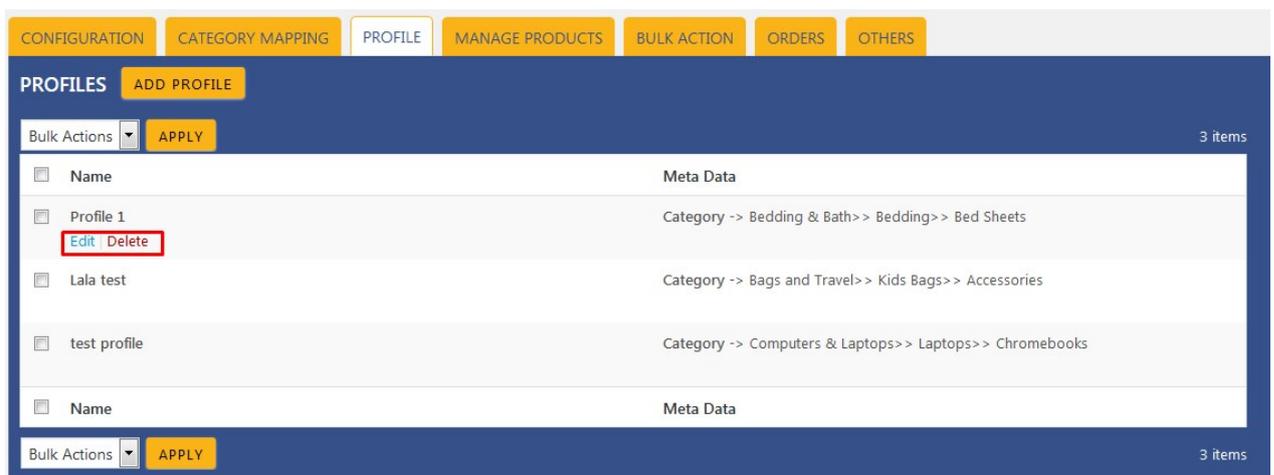

To Delete Profiles On Lazada

1. Go to the **WooCommerce Admin** panel.
2. On the left navigation bar, click the **Lazada** menu.
A Submenu appears below the Lazada menu as shown in the following figure:

3. Click **Profile**.
OR

In the right panel, click the **PROFILE** tab.
The page appears as shown in the following figure:

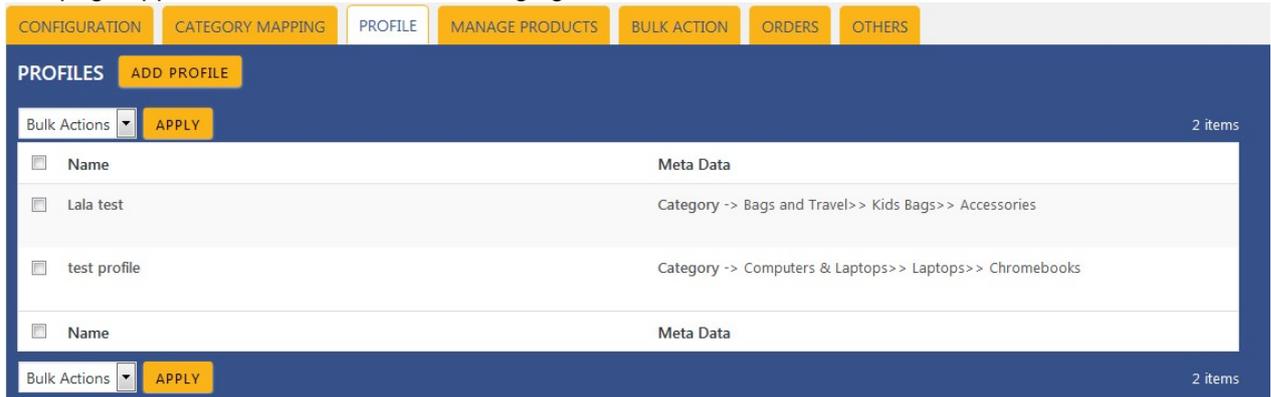

4. Move the cursor over the profile that is no more required and needs to be deleted.
The Edit and the Delete links appear as shown in the figure.

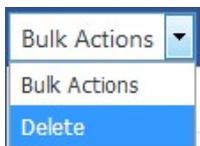

- Click the **Delete** link.
The profile is deleted.
Admin can also delete more than one profiles in bulk through the **Bulk Action**.

To delete the selected profiles in bulk

- Go to the WooCommerce Admin panel.
- On the left navigation bar, click the **Lazada** menu.
- In the right panel, click the **PROFILE** tab.
The page appears as shown in the following figure:

- Select the checkboxes associated with the required profiles.
- In the **Bulk Actions** list, select **Delete**.

- Click the **Apply** button.
A confirmation dialog box appears.
- Click the **OK** button.
The selected profiles are deleted.

5. Managing Products On Lazada

Admin can view all the products details such as the assigned profile name, product selling price, and the product inventory.

Admin can edit the product meta-keys and assign the profile to the products. Also, admin can upload the selected products to the Lazada marketplace.

Thus, admin can perform following tasks:

- Upload the selected products(<https://docs.cedcommerce.com/woocommerce/lazada-integration-woocommerce-multiaccount-manual/?section=uploading-the-selected-products-on-lazada-2>)
- Assign the pr(<https://docs.cedcommerce.com/woocommerce/lazada-integration-woocommerce->

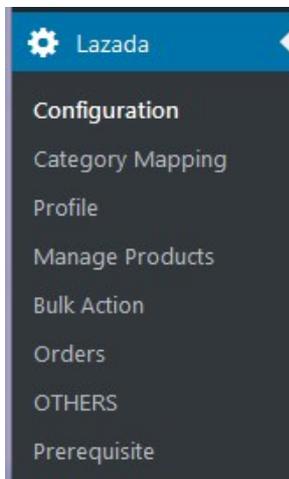

multiaccount-manual/?section=assigning-the-profile-to-the-product-on-lazada)
ofile to the product(<https://docs.cedcommerce.com/woocommerce/lazada-integration-woocommerce-multiaccount-manual/?section=assigning-the-profile-to-the-product-on-lazada>)

- Remove the assignment of the profile(<https://docs.cedcommerce.com/woocommerce/lazada-integration-woocommerce-multiaccount-manual/?section=removing-the-assignment-of-profiles-on-lazada>)

5.1. Uploading The Selected Products On Lazada

To Upload The Selected Products On Lazada

1. Go to the **WooCommerce Admin** panel.
2. On the left navigation bar, click the **Lazada** menu.
A Submenu appears below the Lazada menu as shown in the following figure:

3. Click **Manage Products**.
OR
In the right panel, click the **MANAGE PRODUCTS** tab.
The **MANAGE PRODUCTS** page appears as shown in the following figure:

The screenshot shows the 'MANAGE PRODUCTS' interface. At the top, there are tabs for CONFIGURATION, CATEGORY MAPPING, PROFILE, MANAGE PRODUCTS (selected), BULK ACTION, ORDERS, and OTHERS. Below the tabs, there are filters for Product Status, Product Category, and Product Type, along with a FILTER button and a SEARCH PRODUCTS button. A 'Bulk Actions' dropdown menu is open, showing 'Upload' as the selected option. The 'APPLY' button is visible next to the dropdown. The table below has the following data:

	Name	Profile	Selling Price	Inventory	Lazada Status	Add To Upload Queue
<input checked="" type="checkbox"/>	Lazada Test API Product (Copy)	test profile ✗	£2,300,000.00	0	Not Uploaded	<input type="checkbox"/>
<input checked="" type="checkbox"/>	Lazada Test API Product	Lala test ✗	£2,300,000.00	10	Not Uploaded	<input checked="" type="checkbox"/>
<input type="checkbox"/>	Apple macbook	Not Assigned	£1,400.00	10	Uploaded	<input type="checkbox"/>
<input type="checkbox"/>	Woo Single #2	Not Assigned	£2.00	0	Uploaded	<input type="checkbox"/>

- Select the checkboxes associated with the required products to upload.
- Click the **Arrow** button next to the **Bulk Actions** field, click **Upload**, and then click the **Apply** button. The selected products are uploaded and a success message appears on the page.
Note: In the **Add to Upload Queue** column, select the checkboxes associated with the required products to queue up the product to upload them again if required.

5.2. Assigning The Profile To The Product On Lazada

Assignment Of Profile To Products On Lazada:

- Go to the **WooCommerce Admin** panel.
- On the left navigation bar, click the **Lazada** menu.
A Submenu appears below the Lazada menu as shown in the following figure:
