1. Overview

VidaXL is a rapidly growing international online retailer. It has created an effective online retail network that enables all customers in Europe. The success of vidaXL is based on their belief that things can always be better and cheaper: 'Expect more'. Because nobody likes to pay too much cost to products, vidaXL makes surprising products at competitive prices available to as many customers as possible.

VidaXL offers customers the most varied range of products that are hard to find or much more expensive at other suppliers.

The VidaXL Prestashop Integration extension integrates the synchronized product listing between Prestashop and vidaXL. Once the seller has installed the extension, it becomes easy to create the vidaXL Categories and map the dependent attributes on the Prestashop store.

VidaXL Prestashop Integration is a fabulous API integration that helps the Prestashop store owners to synchronize inventory, price, and other product details for the product creation and its management between the Prestashop store and the vidaXL marketplace.

The vidaXL Prestashop Integration extension integrates the synchronized product listing between Prestashop and vidaXL. Once the seller has installed the extension, it becomes easy to create the VidaXL Profiles and map the dependent attributes on the Prestashop store.

This ahead of the curve extension empowers the sellers to configure the desired product category into Prestashop for automatic submission of the selected product to the same Category on VidaXL.

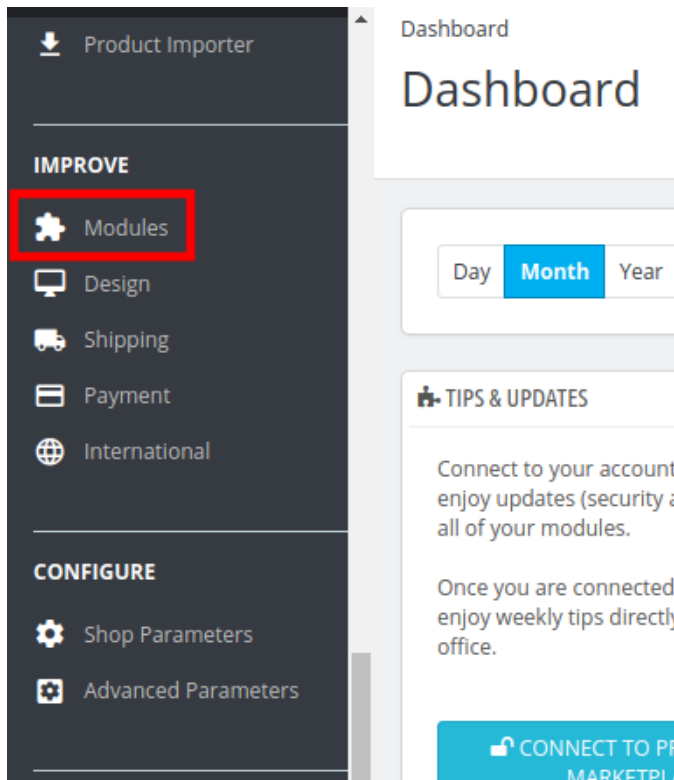

Key Features of Catch Integration Extension by CedCommerce:

- **Profile Based Product Upload:** Admin can create a profile and map the category and attributes to Prestashop store category and attributes. Then, after assigning the product to the profile can easily upload the product to VidaXL.
- **Product Category Mapping:** Follows many-to-one category mapping philosophy. Enables the admin to map many categories of the Prestashop stores to the single category of VidaXL.
- **Synchronized Inventory and Profile Based Pricing:** Auto synchronization of the inventory at regular intervals and product listings along with all the details is established between Prestashop store and VidaXL. Profile-based price increase or decrease.
- **Easy Order Import:** Easy import of orders from VidaXL marketplace to Prestashop panel.
- **New Order Notifications:** Whenever a new order is fetched from VidaXL, the admin receives a notification.
- **Creation of Prestashop Orders:** Newly placed orders on VidaXL.com are automatically created in the Prestashop store as well with all the required details as on VidaXL.
- **Rejected products notification:** If any product containing some invalid details is rejected, then its information is fetched from the auto synchronization request along with the error due to which it is rejected.
- **Easy Debug:** Easy debug process for hassle-free products upload on the VidaXL website.
- **Crons:** Cron job automates the process for Inventory, Price, and Order management.

2. VidaXL PrestaShop Extension Installation

5. Manage VidaXL Profiles

Admin can create a new profile and assign the required products to the profile. While creating and editing the profile, admin can map the Prestashop attributes to the VidaXL attributes. These attributes are applicable to all the products that are assigned to the profile.

Admin can do the following tasks:

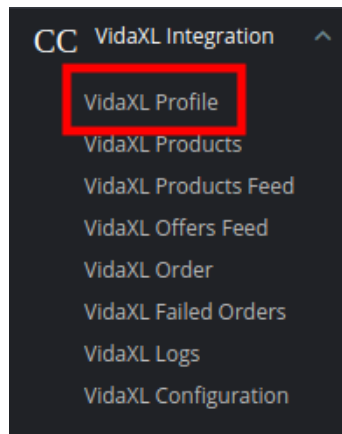

- Add a new profile
- Edit the existing profile
- Delete the profiles

5.1. Add A New Profile

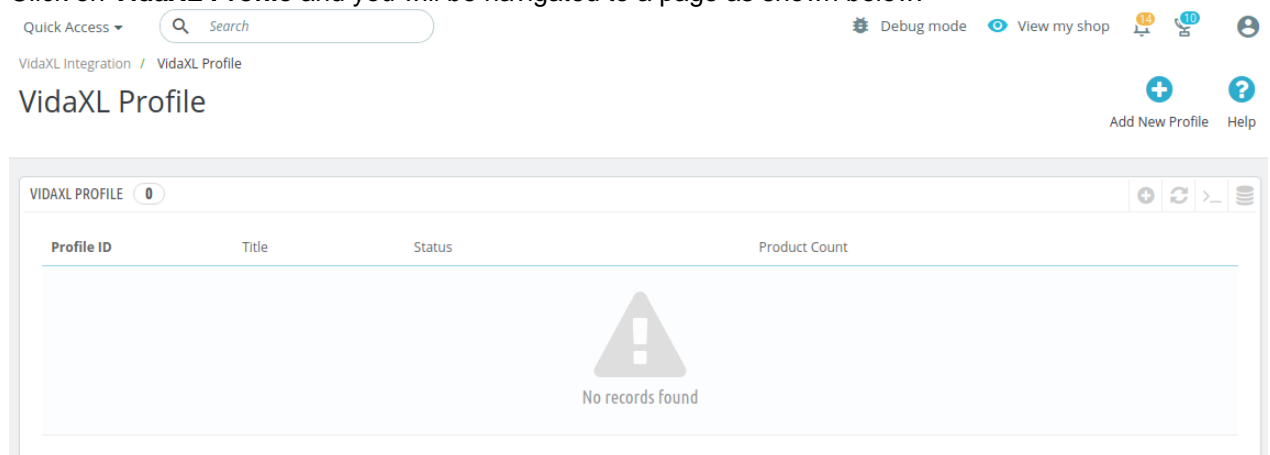

Note: A profile is where you may assign multiple products to be sold on VidaXL from the Prestashop store.

To add a new profile

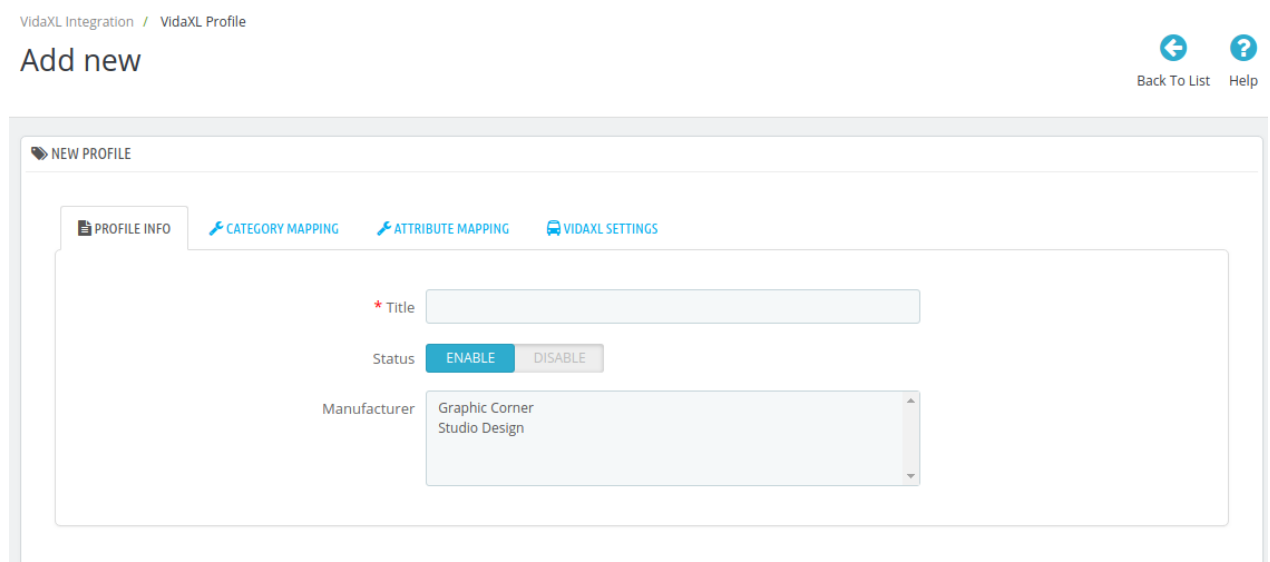

- Go to Prestashop Admin Panel
- On the left navigation bar, place the cursor on VidaXL Integration and you will see it getting expanded as below:

- Click on **VidaXL Profile** and you will be navigated to a page as shown below:

- Click on **Add New Profile**, to add a profile. On clicking, you'll see the page as below:

- In the **Title**, enter the name of your profile. This is for your own identification.
- Select **Enable** as the status to enable the profile.
- Choose the desired **Manufacturer** for the profile.

Now move to **category mapping** and the section expands as:

- In this section
 - You have to map your PrestaShop category with **suitable VidaXL leaf category**.
 - The PrestaShop categories are mentioned on the left & VidaXL Categories on the right.
 - Map **Multiple Prestashop categories** with a single VidaXL leaf category.

Now Click on **Attribute Mapping** adjacent to the **Profile Info** tab, and you'll come across a section as below:

- In the **Offer State** enter the current state of the products ie. new or refurbished.
- In **Product Reference Type** select the desired product identifier. This establishes a reference connection between product upload and offer.
- In **Logistic Class**, select the type of weight class the item belongs.
- If you want to allow free delivery or you are a part of vidaXL club then select Yes in vidaXL **Club Eligible**.
- If you wish to receive an alert when the stock runs below a specific number, then enter the threshold value in **Min Quantity Alert**.
- Enter **Offer Description** and **Offer External Description** in the columns below.
- In the Price Variant type you have the options to select the pricing to be reflected on vidaXL for your products, as shown below:
 - **Increase by Fixed Amount:** If you select this option, a bar gets opened as shown in the image below:
Now suppose if your product price on Prestashop is 100 and you enter 50 in this tab, the price of the product that will be reflected on vidaXL will be 150 now. It is because you have selected Increase By Fixed Amount and entered 50 in the corresponding field. Suppose, your product is available on Prestashop for 100 and you enter 50 in the corresponding box, then the 50% of your product's Prestashop price will be added to it and it will be reflected on vidaXL. So now your product will be available on VidaXL for 150. (As 50% of 100=50.)
 - **Increase by Fixed Percentage:** If you select this option, you may increase the product price by a fixed percentage.
 - **Decrease by Fixed Amount:** It works in the same manner as Increase by Fixed Amount works, **but** it decreases the price of the Prestashop product on VidaXL marketplace by a fixed amount.

- **Decrease by Fixed Percentage:** It works in the same manner as Increase by Fixed Percentage works, **but** it decreases the price of the Prestashop product on VidaXL marketplace by a fixed percentage.
- Click on save button to save the profile

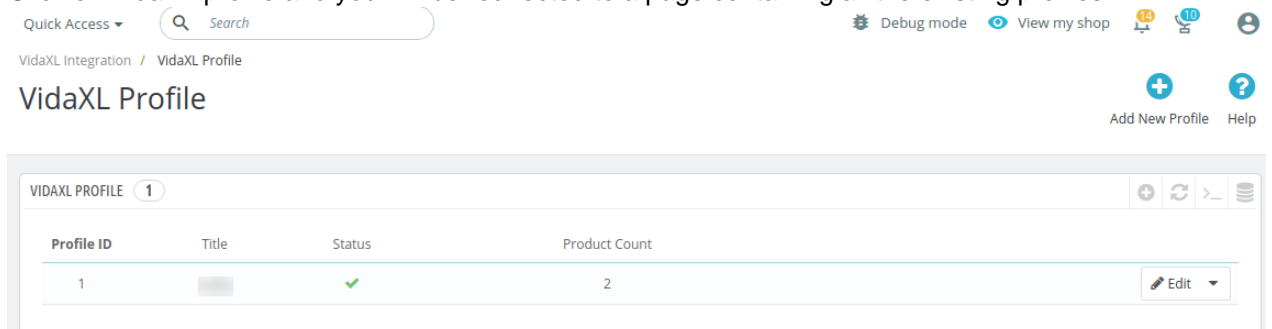

5.2. Edit the Existing Profile

To edit an existing profile:

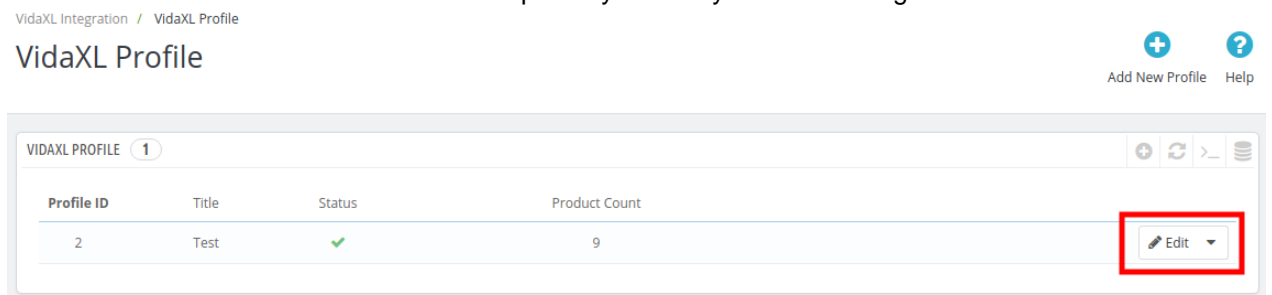

- Go to Prestashop Admin Panel
- On the left navigation bar, place the cursor on **VidaXL** Integration and you will see it getting expanded as below:
