## 1. Overview

Inline Product Grid Editor for Magento 2 is an extension that helps the Magento store owners to edit the product information directly from the grid instead of navigating to the individual product page. This extension saves ample time for the store owners and enables them to edit the product details in bulk from the product grid.

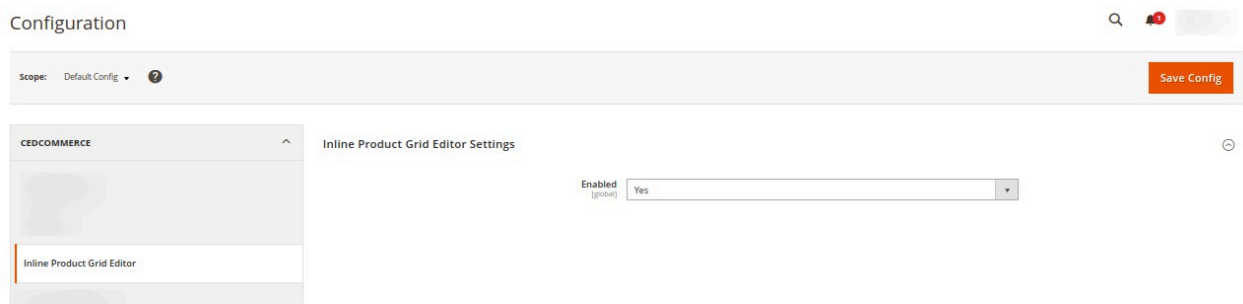

## 2. Configuration Settings

To enable the configuration settings,

1. Go to the **Magento Admin Panel**.
2. On the left navigation bar, click on **Inline Product Grid Editor**.  
The menu appears as shown below:

3. On clicking it you will be navigated to the **Configuration** page.  
In the left panel click on **Inline Product Grid Editor**. The sections open as shown below:

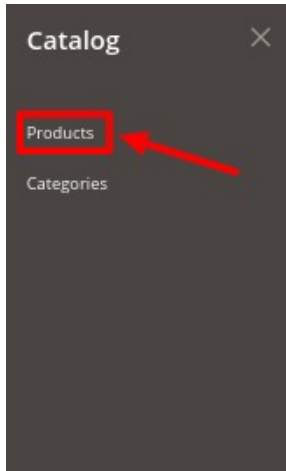

4. Under the settings in **Enable** option select **Yes** to enable the extension settings.
5. Click on the **Save Config** button to save the settings.

## 3. To Edit Product Details

**To edit product details,**

1. Go to the **Magento Admin Panel**.
2. On the left navigation bar, click on **Catalog** and then on **Products**.

3. The Products page appears as shown below:
